Remember to save 1) before exiting GEM$, and/or 2) before the system times out (after 60 minutes). Monitor 'Session Timeout' in the upper right corner for your remaining time before saving.

SECTION 3: SET AMBITIOUS THREE-YEAR TARGETS FOR IMPROVING STUDENT ACHIEVEMENT

In this section, you will:

- **Commit to adopting the three-year improvement target established by DESE with the option to develop additional three-year accelerated improvement targets.** DESE has established a three-year improvement target for each district to include in their SOA plans that focuses on rapidly improving the performance of the "Lowest Performing Students" group. This group, by definition, includes the students who currently have the lowest academic performance, and therefore need the most significant levels of support to reduce the disparities between their performance and that of their peers.

- This target will provide one streamlined measure to show districts' progress in improving performance across several priority student groups at the same time and will be tracked each year as part of districts' annual SOA progress updates. However, districts focusing on improving performance for a single student group may set an additional target for that student group aligned to DESE's accountability targets. *The composition of your district's "Lowest Performing Students" group can be accessed via the security portal.*

☑ *** Please confirm that your district will use DESE's three-year targets for increasing performance for the "Lowest Performing Students" group in ELA and math.**

If applicable, propose additional three-year targets for addressing persistent disparities in achievement for one or more student groups by subject matter and grade level.

Yes. We will adopt the three-year improvement targets established by DESE for the "Lowest Performing Students" groups as our district's SOA plan improvement targets.
