

HELLO AND THANK YOU IN ADVANCE FOR CONSIDERING BEING A SPONSOR TO THE INAUGURAL GATEWAY GATOR CLASSIC GOLF TOURNAMENT.

The Gateway Athletic Program Mission Statement is to physically prepare, and academically qualify our athletes for a scholarship to a college or university that fits them. For those scholar-athletes who do not desire playing competitive sports at the next level, participation in our athletic program will give them valuable experience in personal fitness, teamwork, overcoming adversity, and the discipline needed to achieve their personal goals. We view athletics participation as an extension of the classroom. What is taught in our school about character, integrity, concentration, and hard work also applies to sports participation.

Gateway College Preparatory School offers highly competitive athletic programs. This year's fundraising endeavor is structured to benefit the Gator Baseball and Softball Programs with the specific intent to make improvements to the dugouts for both programs including field improvements.

Most of our sports teams have made the UIL/THSLL playoffs, won district titles, and even regional titles. Many of our athletes have competed in the UIL State Championships, and some have gone on to play at the collegiate level.

We are relying on our fundraising endeavor to assist in funding facility improvements this year. If you are interested in being a Gator Classic Sponsor, please contact one of the Coaches listed below. If you are unable to make it to the tournament or would like to donate to this year's fundraiser you can also reach out to one of our coaches below to get more information on how to make your donation.

Thank you,

Paul McCoy, Head Softball Coach
