Report View One: How Much is Being Spent on Instruction and Administration?

For traditional school districts, school level data (entries A through D) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the particular charter school only. Entries E through H reflect central expenditures.

Total spending (entry I) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

Report View Two: How are the Local/State and Federal Funds Spent?

Report View Two presents the same expenditures reported in View One, but disaggregates that spending by local/state/federal/other revenue source.

For traditional school districts, school level data (entries J and K) represent the average per pupil school level expenditures for all schools in the district. For charter schools, these entries reflect school level expenditures for the charter school. Entries L and M reflect central expenditures.

Total spending (entry N) represents all non-excluded per pupil expenditures. For traditional school districts, this represents the average per pupil expenditures of all schools in the district. For charter schools, this represents per pupil school level expenditures.

Detailed Spending: How Much is Spent Per Pupil in Selected Program Areas?

Program Area Details in entries O through Z represent subsets of spending in Report View One and Report View Two. Five program areas are broken out. To calculate per pupil expenditures P-12 enrollment is used for pupil services, community schools programs, and BOCES services. Enrollments for the program areas are used for special education, ELL services, and prekindergarten.

Entries O through T represent school level expenditures. For charter schools, data represents per pupil expenditures in each of category in the selected school. For traditional school districts, data under the district column represent the district average of all schools in each of these categories.

Entries U through Z represent central expenditures.

	Program areas are included within the above School Level Expenditures (Row D) and Central Costs (Row H)	

^{*}The district or charter school did not report any enrollment in this category and a per pupil value cannot be calculated. Instead, this item reflects the total reported expenditures, not a per pupil value as is shown elsewhere on the report.

Exclusions: What Other Spending is not Included in the Per Pupil Amounts Shown Above?

The final section represents total expenditures, with the following exclusions that were not included in the per pupil expenditure calculations above: transportation, tuition, debt service, and other.

"Other Exclusions" include expenditures such as tuition for students attending BOCES full-time, services provided to nonpublic or charter schools, prekindergarten payments to community-based organizations, and community services.

Form Due May 13, 2024

2024-2025 Salary Threshold = \$169,000

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2024-2025.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should not reflect the total amounts budgeted to be paid by all participating districts over the school year.

BROOKFIELD CSD - NEW YORK STATE REPORT CARD [2022 - 23]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning standards for all students. Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, ESSA is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

2023-24 ACCOUNTABILITY STATUS AND SUPPORT MODEL BASED ON 2022-23 DATA

Due to COVID-19 and changes to New York State accountability and federal reporting requirements, 2023-24 accountability statuses and support models were determined using a modified methodology. For more information, see Understanding the New York State Accountability System under the Every Student Succeeds Act (ESSA) for 2023-24 Accountability Statuses Based on 2022-23 Results.
