

# Afterschool Programs

After school time is a great time to get out and explore the wild! As the season changes, students can expect to spend their afternoons outdoors discovering the wonders of nature at Fernbrook Farms through hands-on, outdoor activities - like fishing, hiking, and playing games outdoors.

Our unique activities are chosen by students each day, so they craft their own adventures.

As they are engaging with different ecosystems, they are sure to find all kinds of natural wonders around the farm.
