Once again, welcome to Barnwell Middle School! I am excited to embark on this journey with you and your child.

Sincerely,
Erin Thurston

Arrival / Dismissal Procedures

Arrival

If you drop-off your student before school, please do so on the lower level around 8:00 AM, no drop off before 7:45 AM. If your child rides their bike or walks to school, please talk with them about not arriving before 7:45 AM. For cars, follow the directions of staff on the lower lot as you enter and have your child exit the right hand side of your vehicle. This will allow them to safely avoid other vehicles while emptying more than one vehicle at the same time – remember, if the teacher communicates that it's okay to exit, please follow their instructions. It is unsafe for students to walk through bus traffic in order to enter the building. Thank you for your help and cooperation with these procedures.

Dismissal

For pick-up at the end of the day, please pull into a parking space on the lower parking lot. If our lot is full, you will be directed to the Becky-David bus lot up the hill to wait until spaces have opened up, or you can have your child walk to you in that lot. Parent pick-up students will be released from class to meet their rides when the bell rings at 3:15. Once you have your child, you are free to leave the parking lot. Please use the Becky-David parking lot exit near the fire station. As always, please be cautious when driving on the lot. If you are unable to make it to school prior to 3:15 PM on the lower lot, we would respectfully ask that you wait to come pick up your child until after 3:25 PM so that the lot has been adequately cleared, buses are off and the lot is clear of walkers and bike riders.

Lunch and Lunch Visitor Procedures

The school lunch is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. A variety of menu choices exist for the students. Students may pay daily or put money into their own lunch account. Students are asked to put money in their account by handing it to a cashier. There is also online access to lunch accounts and payments may be made using the school dining online system. Families that qualify for free and reduced lunch need to complete the appropriate paperwork each year. This is available in the cafeteria, guidance and main offices. Students are expected to follow the "4 Be's" in the cafeteria. Detailed expectations for the cafeteria behavior are presented by administrators and teachers. Due to safety concerns, there will be no outside lunch deliveries for individuals or groups.

Cell Phone/Earphone Accessories

Although the use of smartphones/earphones is useful in many cases, they are extremely disruptive and detrimental to an orderly, safe and student-centered environment at school. After the bell rings for the start of the day, **phones should be silenced and put in a bookbag or secured locker**. Smartphones/earphones should not be seen or heard during school hours in these locations (but are not limited to): hallways, gym, restrooms, cafeteria, classrooms, indoor and outdoor activities and any other location not permitted at the sole

discretion of teaching faculty or staff supervising the class, lesson, activity or student gathering. Students are permitted to have cell phones at school and able to use them **ONLY at the discretion of their classroom teachers and other staff while school is in session (between 8:15 and 3:15)**. If students violate this technology policy, the school will follow the following progressive action:

- **1st Offense** - Warning
- **2nd and Subsequent Offenses** - Office retains smartphone until the end of the day
- **4th-5th Offense** - Detention, Office retains smartphone until the end of the day
- **6th Offense and beyond** - Administrator/Parent/Student Conference Scheduled

Counseling Office

The role of the counselor is to enhance learning in the classroom and to help students develop positive self-concepts and career plans. To meet these needs, the counselors provide whole class lessons as well as meet with individuals and small groups throughout the year. When additional assistance is needed, an Education Support Counselor (ESC) may become involved with students. The ESC can offer direct assistance as well as referrals to agencies for students and families in need of support.

- Ms. Kimberly Jackson - 6th Grade
- Mrs. Shannon Orzel - 7th Grade
- Mrs. Rebecca Maher - 8th Grade
- Mrs. Stacey Werts, MSW, LCSW - Educational Support Counselor

Your guidance counselor is interested in you when you are happy, worried, successful, or in trouble. They are here for you to share your feelings and experiences; they will listen and help you.

Grading Scale

All classes use the same grading scale as follows:

- 90%-100% - A
- 80%-90% - B
- 70%-79% - C
- 60%-79% - D
- Below 60% - F

Honor Roll

To be placed on the quarterly honor roll, students must have an average of at least a B (3.000)

Lockers and Book Bags

Lockers with combination locks are assigned to all students at the beginning of the year. Your locker should be kept locked at all times. Students should not share their combinations with each other or they cannot expect their property to remain safe. Each student is responsible for keeping his/her assigned locker clean both inside and outside. Damages caused by misuse of tape, glue, etc...will be charged to the student responsible. Any locker malfunction should be reported to the office. Students are cautioned not to keep money or other valuables in their lockers. The school is not responsible for any lost or stolen items. Student lockers at Barnwell are the property of the Francis Howell School District and remain at all times under the control of the school. School authorities for any reason may conduct periodic general inspections of lockers at any time without notice or without student consent.

Student Valuables

Students are cautioned not to bring large amounts of money, portable music players, or other similar electronic devices to school. Students who wear glasses, watches or jewelry must keep track of the items at all times. Students, not the school, are responsible for their personal property. If it is necessary to bring more money than needed to pay for lunch, leave it at the office for safe-keeping. Do not leave valuables in your locker. The school is not responsible for any lost or stolen items.

Textbooks

Normal depreciation of student issued textbooks is expected; however, damaged books due to mistreatment or neglect are the responsibility of the student and fines may be assessed for such damage.

Transportation

Please call the FHSD Transportation Department at 636-851-6220 with any questions.

Asbestos

The U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) under the Federal Code of Regulations 40 CFR 763.93g(4) requires that building occupants be notified annually of the presence of asbestos in the building and the availability of the Asbestos Management Plan.

A copy of the management plan and inspection reports are available for review at the Facilities and Operations Building located at 828 O'Fallon Rd. in St. Charles, MO 63304, as well as each school site office. Questions regarding asbestos or the management plan may be directed to the Director of Facilities and Operations by calling 636-851-6100.

District Policies & Conduct

Attendance Policy

Board Policy and Regulation 2310 cover student attendance. All students will be required to follow the policy and will be subject to enforcement of its procedures and applications.

Research clearly indicates that students who attend school regularly have more success both academically and socially. If your child's attendance falls below 90%, the District will employ a variety of attendance interventions. The level of interventions the school uses will increase as student's attendance decreases, so we can help ensure that your child and family have the appropriate support.

Interventions may include: letters, student goal setting, phone calls home, lessons on attendance, home visits, meetings with your student's teacher, principal, counselor and/or nurse, development of a support plan, possible referral to the Juvenile Office of St. Charles County, or possible referral to the Missouri Children's Division. These interventions will become more intensive if your child shows a decrease in attendance. Our hope is that your child's attendance will increase as the year progresses with the continued support of home and school.

Bullying

FHSD is committed to maintaining a learning and working environment free of any form of bullying or intimidation by students toward District personnel or students on school grounds, or school time, at a school sponsored activity or in a school related context as stated in Bullying Policy 2655 of the District Board Policy and Regulations document. The safety of students and staff in our schools and community is of primary importance. Policy 2655 states the following:

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, on school-time, at a school sponsored activity or in a school-related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any

student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyber bullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyber bullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyber bullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline.

Bullying, as defined in this Policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their principal/designee. District employees are required to report any instance of bullying which the employee has witnessed within two (2) school-days of the occurrence. Employees shall report the occurrence to the principal/designee, who is the person the District designates to receive reports of incidents of bullying. A principal/designee who receives a report of an incident of bullying shall initiate an investigation into the allegations, as soon as possible but within two (2) school-days of receipt of the report. The principal/designee may assign other employees to assist in the investigation, or request that the superintendent/designee assign an outside investigator. The investigation shall be completed within ten school-days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this Policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Possible consequences for a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parent

contact, conference with teacher/principal/designee, in-school suspension, out-of-school suspension, expulsion and law enforcement contacted.

The District shall give annual notice of the policy to students, parents/guardians and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's website (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding this policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this Policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

If you suspect that a student is being bullied please contact your school's principal. [Visit the District website for Bullying Resources.](#)

Buses

The Francis Howell School District assigns each student living within the district's boundary a bus which will be available to transport the student to and from school each academic day. This assignment is based on the student's primary address listed in Infinite Campus. If a parent requires their student to be transported to and/or from a secondary or alternate address the parent/guardian must contact the school and speak with the administrative assistant who handles transportation. Students purchasing a parking permit are choosing

to opt out of ridership. Allow forty-eight (48) hours for processing any change requests in transportation. The Francis Howell School District does not allow students to ride a friend's bus.

Cell Phone/Smart Watches

Cell Phones and smart watches can create problems at school and we highly discourage students from bringing cell phones/smart watches to school for fear of them being lost or misused. If your child does need to bring a phone or smart watch to school, it will need to be stored in a backpack and turned off upon entering the building and during school hours. Phones and smart watches that are out during the day will be confiscated and the parent will need to pick the phone or watch up from the office.

Student Discipline

The District has the authority to investigate and discipline for student conduct which is prejudicial to good order and discipline in the schools as provided by state and federal law. District staff may interview students, search students and their property, as well as seize any inappropriate items, upon reasonable suspicion of a code of student conduct violation, without parental notification. School officials are authorized to hold students accountable for misconduct in school, on school property, and during school-sponsored activities. Students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline up to and including expulsion. However, no student will be confined in an unattended locked space except for emergency situations while awaiting the arrival of law enforcement officials.

Students forfeit their right to a public school education by engaging in conduct prohibited in Regulation 2610, the "[Code of Student Conduct](#)", and/or state or federal law. Disciplinary consequences include, but are not limited to, withdrawal of school privileges (athletics, intramurals, student clubs and activities and school social events), the reassignment of the student to another school, removal for up to ten (10) school days by the principal(s)/designee(s), extension of suspensions for a total of one hundred eighty (180) days by the superintendent/designee, and longer term suspension and expulsion from school by the Board of Education. See Policy 2610 and the "[Code of Student Conduct](#)."

Computer and Related Technology Use by Students

Students will be expected to use all technologies in a proper and correct manner. Such technologies include, but are not limited to, school/district computers, Chromebooks,

iPads, software, internet use, peripheral hardware, file servers, email, Google Suite (Gmail, Docs, Drive, etc.), and audio-visual equipment.

Students who improperly utilize or damage technologies will be subject to the loss of technological privileges and/or other disciplinary actions. If any parent does not wish the school to allow his/her son or daughter to have technology-based privileges (i.e., use of computers, access to the internet, etc.), the parent should contact the student's assistant principal each school year. The administrator will inform the student's teachers. Parents should also inform their student that they are not to utilize specific technologies.

Dress Code

We take pride in the appearance of our students. Student dress reflects the quality of the school, student conduct and student school work. All students are expected to dress and groom themselves neatly in clothes that are suitable for school activities.

Clothing that is inappropriate for school activities and/or disruptive to the educational process including, but not limited to, sagging/revealing clothing, exposure of undergarments, wearing of spikes and/or chains, or inappropriate print on garments/masks (e.g. sexual connotations, drugs, intoxicating beverages, firearms, illegal activities, etc.) will not be permitted. Principals may ask students to have parents bring up an appropriate change of clothing. If after a student has been asked to change into clothing that meets the dress code a student is later found to be in violation of the dress code again, additional discipline may be imposed. Student dress for after-school performances and activities should be in accordance with the above guidelines.

Emergency Drills/Procedures

Fire drills

Fire drills are held each year. It is important that students and staff know procedures in case of a real emergency. During fire drills, students and staff evacuate the building through the nearest doorways to the outside areas and move away from the building as far as possible.

Tornado drills

Tornado drills are also held to instruct the children of the procedures in place in case of a real tornado. If a tornado “warning” is in effect at the close of school, buses will wait until the “all clear” before departure. This procedure does not apply when there is a tornado or severe weather “watch.” Parents should use their own judgment concerning picking up their children under these circumstances. Children and teachers at school will follow tornado emergency procedures.

During severe weather, school personnel will be alert for dangerous conditions. Each school is equipped with radios for scanning the National Weather Service .It is important to have a family plan in the event that a tornado warning is issued before school. All schools conduct tornado drills with students twice a year to ensure they are aware of procedures.

Tornado Alerts/Tornado Watch

- Tornado Watch: During a tornado watch, or other threatening weather, school officials are alert for developing and dangerous conditions, and actions deemed necessary for safety will be taken per building procedures. Phones will be in operation for emergency calls and for preparedness. Outside calls may not get through during a weather event.
- Tornado Warning: During a tornado warning, when sirens have sounded, seek shelter. Do not attempt to pick up students at schools. Disaster experts advise that automobiles are among the most dangerous places to be in a storm. If you are in the parent pickup line, please go to the school to seek shelter. Communication will be limited during the tornado due to the supervision of students and limitations the weather may present.
- All Clear: FHSD consults the weather channel for the tornado warning expiration and all clear notice. The siren silencing does not mean the warning has ended. After the all clear is given, students may be picked up by parents. Depending on the time of day the all-clear is announced, buses may run later than normal. Any special announcements to parents will be made via the School Messenger notification system and District website.

Before School

- Keep children at home or in a safe location until tornado warning is lifted. We want to ensure students are not waiting at bus stops during this critical time.
- School buses will be held at the bus garage. The start of school days will be delayed until the tornado warning is lifted and the all clear is given.

- If buses are en route, they will proceed to the nearest school or other predetermined location, and remain there until the warning has been lifted and the all clear is given.

During School Hours

- Students and staff will move to designated safe places and proceed into the precautionary duck and cover position.
- Please refrain from coming to school to pick up your child during a tornado warning.
- Parents who arrive at school during a warning will be asked to wait inside until the warning is lifted and personnel are available to assist parents.

At Dismissal

- Students will not be dismissed from school while the area is under a tornado warning.
- Students will be held at school and buses will not be allowed to transport students until the tornado warning has been lifted and the all clear is given.
- Please refrain from coming to school to pick up your child during a tornado warning.
- Parents who arrive at school during a warning will be asked to wait inside until the warning is lifted and the all clear is given, and personnel are available to assist parents.

Buses en Route

- Buses will proceed to the nearest school or other predetermined location.
- Drivers and students will remain at that location until the warning has been lifted and the all clear is given.

Communication Procedures

- Phones may not be answered during a tornado warning, as students and staff will be in the precautionary duck and cover position. To the extent possible, the outgoing message will be changed to let parents know we are under a tornado warning.
- Parents will be notified via the School Messenger Notification System of any changes in transportation, as well as school delays associated with a tornado warning.
- FHSD will share updates via the District website as soon as information becomes available.

Earthquake

Earthquake drills are held twice a year.

Shelter in place

Shelter in place procedures for safety during hazardous material incidents are reviewed annually.

Intruder

Intruder Drills are also held during the school year. The school will be locked down and all students will be moved to a safe location.

[Visit the District website to view more weather guidelines.](#)

Field Trips

All students planning to take part in a school sponsored field trip must submit a field trip form to the sponsoring teacher three days prior to the field trip. The form must be signed by a parent or guardian. Teachers' signatures indicate they have been informed of the trip and that students have agreed to make up any work missed due to the absence caused by the field trip. **School approved and sponsored field trips do not count as student absences; given this, students must turn in assigned work prior to or immediately following the field trip in all their classes to avoid late penalties. Field Trip Forms should be provided to participating students by the teacher sponsoring the activity. The supervising teacher will collect all completed forms before students will be allowed to take part in the trip.

Health/Nurse/Medication Information

Illnesses

Children with any of the following symptoms should be kept home from school: diarrhea or vomiting, unexplained rashes, red or discharging eyes, acute cold, signs of weakness, drowsiness, temperature of 100 degrees or higher, persistent cough or untreated head lice. Please notify the school nurse if your child has a special health condition such as epilepsy, allergies, hemophilia, diabetes, heart condition, HIV positive, hearing or vision problems or physical limitations.

The school nurse will contact you should your child become ill.

PLEASE MAKE ARRANGEMENT FOR TRANSPORTATION TO BE AVAILABLE SHOULD YOUR CHILD NEED TO LEAVE SCHOOL EARLY.

The school cannot transport ill children.

If your child is sent home with a fever of 100 degrees or above, the student should not attend school until he/she has been fever free for 24 hours without the use of Tylenol or ibuprofen.

Please do not send your child back the next day for the protection of your child as well as other students.

Parents are requested to send a note each day that a student is to be excused from outdoor recess stating the reason. If a child is to be excused for more than three consecutive days, a doctor's excuse is required to stay indoors for recess.

Medication Procedures for Prescription and Nonprescription Medicines

Pursuant to Francis Howell School District policy, the giving of prescription and non-prescription medicine by the nurse, principal, or designee, shall be restricted to necessary medication that cannot be given on an alternative schedule. Your physician may fax a medication order to school or you may bring in the order with the medication. Please ask your pharmacist for a "school bottle" with dosages to be given at school.

When medications need to be given at school, they should be brought by the parent to the nurse or by the student directly to the nurse when arriving at school and before going to the classroom.

Prescription medicine

1. Must be accompanied by a label affixed by a pharmacy or physician showing:
 - a. Name of student
 - b. Total daily dosage and schedule of administration
 - c. Date purchased
 - d. Physician's name
 - e. Name of medication
2. MUST have a written physician's order
3. A parent/guardian must request in writing that the District comply with the authorized prescriber's request to give medication. (The District will not administer the initial dose of any new prescription except in an emergency).

4. Any changes to a medication dosage must be accompanied by an updated Rx prescription label. No outdated medication prescription label will be accepted. Each new prescription must have a new label and vial.
5. This authorization is effective for the school year for which it is granted and must be reviewed annually.

Non-prescription medicine

1. Must be in the original container.
2. MUST have a written order, signed by the physician or advance practice nurse, stating the name of the medication, the name of the child, dosage and schedule of administration, and reason for giving the medication. When possible, the prescriber should state potential adverse effects and applicable emergency instructions.
3. A parent/guardian must provide a written request that the district comply with the authorized prescriber's request to give medication.
4. This authorization is effective for the school year for which it is granted and must be renewed annually.

Emergency Medication

Written standing orders will be obtained annually for the administration of emergency medication.

Parent/Guardian Administration

In situations where the parent/guardian chooses, the parent/guardian may come to school to administer the medication to his/her child.

Security

All medication shall be kept in a locked cabinet in the nurse's office or the principal's office.

Medications on Field Trips

1. Medications that must be given during the time a student is off campus (seizure meds, inhalers, and allergy meds) may only be given by a responsible adult employed by the district and trained by the nurse on the "5 R's" of medication

administration or the child's parent. The Right Medication, The Right Patient, The Right Dosage, The Right Time, The Right Route.

2. All medications must be in the prescription bottle or box with the pharmacy label attached. Only inhalers may be self-administered. All other medications must be carried and administered by the delegated, trained adult or the child's parent.
3. Any student found to be carrying his/her medication on his/her person while on a school sponsored trip off campus, without the knowledge of the nurse, may be subject to disciplinary action.
4. If the student has severe allergies an EpiPen auto injector will be carried by a trained staff member and used as needed.
5. If the adult in charge of the off-campus trip refuses to take responsibility for the giving of medications, the parent will be asked to accompany his/her student on the trip. If the parent is unable to accompany the student, the District will provide an appropriately trained person to administer the medication as needed.

A physician's statement regarding the limitations and duration of their use is required before a student is allowed to use crutches on school district property during school hours. Another student will be assigned to assist carrying the student's books. Both students will be dismissed five minutes early to facilitate getting to the bus on time at the end of the day. The school district will not be responsible for any injury that occurs as a result of the use of crutches without a physician's written order on file.

Online Registration Annual Verification (ORAV)

Beginning with the 2024-25 school year, all families enrolling students from early childhood through 12th grade in the Francis Howell School District (FHSD) will be required to complete the Online Registration Annual Verification (ORAV). Previously an optional process, ORAV will now be mandatory for all families.

The registration window is set to open on July 1, providing families with ample time to complete the process. Completing the ORAV typically takes 15-20 minutes, with the option to save applications for later completion. Unfinished applications will display incomplete information in yellow upon reopening.

Failure to complete ORAV will result in students being unenrolled from the District, except for McKinney-Vento and Foster families, who will be granted exceptions. Furthermore, middle and high school students will face restrictions, including the inability to change schedules, participate in activities, or purchase parking passes until ORAV is complete.

The ORAV process will include acknowledgment of annual FERPA notification, alongside other standard acknowledgments such as the COC Handbook. Additionally, families in transition years, including kindergarten, 6th, and 9th grades, must provide proof of residency when completing the ORAV process. To assist families with completing the forms, each school building will host two in-person assistance days in July.

For questions regarding the ORAV process, families are encouraged to visit the FHSD website to locate their child's school and then call that school directly.

Volunteer/Visitor Process

Become an approved volunteer in 3 easy steps:

1. Watch the [Mandatory Training Videos](#) and complete the [FHSD Volunteer Application](#).

Sign and initial the form where indicated (digital signatures are not accepted), then scan and email the completed application to fhsdvolunteer@fhdschools.org or drop off in-person at the District Administration Building (801 Corporate Centre Drive, O'Fallon, Missouri).

Please note:

- a. If you watched the mandatory training in previous years, you will need to create a new username in order to view the videos.
 - b. To ensure a smooth training experience, we recommend watching all three required training videos in one continuous session to avoid potential login issues. Starting and stopping between videos can sometimes result in logging you out of the training platform.
2. Register online with the [Missouri Family Care Safety Registry](#) and pay applicable fees (approximately \$15) to the state. If you previously joined the Registry, you do not need to join again. This is a one-time process. You can check the Registry for your social security number prior to submitting another registration. Please note, the

wait time for the FCSR registration to be processed and for the District to be notified can be up to two weeks. We recommend completing this process as early as possible.

3. Schedule your [Digital Fingerprinting Appointment with MACHS](#). This can be scheduled online through the Missouri Automated Criminal History System (MACHS) or by calling (844) 543-9712. When prompted for a 4-digit code, use 8403 so the Francis Howell School District can view the fingerprint report when it is complete. Please note that 8403 is a code specific to FHSD volunteers and should not be used when requesting fingerprints for other purposes. The cost for fingerprinting is approximately \$40, paid by the applicant; you have the option of paying online or at the fingerprinting facility. Facility locations are subject to change without notice, so please check the list toward the end of the registration process for locations and appointments currently available. Bring your online confirmation page and a photo ID to the facility. Please note: Those who have been fingerprinted previously for past employment or volunteer positions must go through the process again using our school district code (8403). Without this specific code, FHSD cannot see your results and therefore cannot process your volunteer application. Ink fingerprints taken at your local police department are not valid.

After you've completed these three steps, look for email confirmation from the FHSD Human Resources Department that your application has been approved. Confirmation emails received from the Family Care Safety Registry or the MACHS/IdentoGo fingerprinting facility are not sufficient for your volunteer approval with the District. Due to a high volume of volunteer applications, it could take up to six weeks for your application to be approved.

District Notices

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal or appropriate school official a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the school to amend their child's or their education record should write to the school principal or appropriate school official, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor,

medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school or school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request or the disclosure is initiated by the parent or eligible student.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office U.S. Department of Education
400 Maryland Avenue
SW Washington, DC 20202

How to Opt Out

A parent or student refusing to have any or all of the designated directory information disclosed is required to complete [FERPA Student Directory Information & Media Opt-Out Form](#) and designate that you are refusing to disclose directory

information or that disclosure of directory information should be limited to school affiliated organizations and activities as described in Regulation 2600. Return the form to the principal of the school which the student attends. The completed form must be returned by September 1 each year or within 10 days of new student enrollment, whichever is later. Students have a right to participate in MOCAP. Additional information about MOCAP can be found in Policy/Regulation 6190 and on the District's website.

Trauma-Informed School Initiative

When students endure chronic stress or traumatic incidents, it can have both physiological and emotional consequences, often impairing their ability to function effectively in a school setting. The Francis Howell Trauma-Informed School Initiative is dedicated to establishing safe and nurturing educational environments where students can learn and reach their full potential. This initiative achieves this by recognizing the indicators of chronic stress and trauma and implementing effective response strategies. For further information, visit the Missouri Department of Elementary and Secondary Education's website for more information about the Trauma-Informed School Initiative.

The parents/guardians of each student will be advised of:

1. The content of the District's human sexuality instruction to be provided to their student.
