

Dear York School District One families,

This year all teachers in York School District One in grades 7-12 will be exclusively using Canvas as the online tool to house all grades. This means all grades will be recorded in Canvas instead of PowerSchool. You will not see any grades in PowerSchool until the end of each marking period.

The purpose of making this change is to fully consolidate all your child's academic work, including class content, assignments, quizzes, tests, and projects into one place. Our hope is this consolidation will make it easier for both students and parents/guardians to stay up to date with student progress and class communication.

In order to see your students' grades, you will need to create a Canvas Parent Observer Account. If you have not created an observer account, follow the directions on the handout provided or visit the district website (I am... > A Parent > Grades). Once you create a Canvas Observer Account, this account will stay connected to your child through graduation. You can use the same parent account to connect to multiple children, in the event you have multiple children in York School District One.

If you face any challenges creating your Canvas parent observer, please contact your student's school.

Sincerely,

Elissa Cox, Director of Secondary

Dr. John Tharp- YCHS Principal 803-684-2336

Dr. Lee Green- FDJTC Director 803-684-1910

Ms. Seberina Myles- YMS Principal 803-684-5008
