

MySchoolBucks 1 to 1 Device Payment Guide

Parents/Guardians can pay the 1 to 1 Laptop, Chromebook, and iPad (device) insurance fees online using [MySchoolBucks.com](https://myschoolbucks.com). Parents/Guardians will first need to create an account, and then add each of their students to that account. If you experience difficulty creating an account and adding a payment method, please contact MySchoolBucks support at 1-855-832-5226 or email them at parentsupport@myschoolbucks.com.

Once a parent/guardian creates their account and logs in, they will see the Parent Homepage. Any students already added to the account will be listed on this webpage, along with a button to add additional students.

Adding Students

In most cases, PowerSchool will automatically add your students to your MSB account if the email address you use to setup your MSB account matches the email address you used to setup your PowerSchool Parent Portal. If not, you can add students manually using the following steps.

To add a student, click the '+ Add Student' button as seen in the screenshot above.

On the Add Student webpage, select the student's current school. Enter the student's first and last name as it appears in PowerSchool. Enter the student's birthdate or the student's 5 or 6 digit PowerSchool Student ID number (just the number, no S or S0), and then click Find Student.

Making Payment

This school year the district will be introducing MySchoolBucks invoices that will show up directly to the parent portal in PowerSchool. Weekly invoice reminders will be sent out until balances are paid.

Parents, guardians, and caregivers will receive a MySchoolBucks invoice for the laptop insurance premium fee. This invoice will be sent to the email address(es) used to create a PowerSchool Parent Portal account. More information about MySchoolBucks invoicing and payments at

<https://www.lmsd.org/fees>.
