PRINCIPAL SELECTION POLICY

PREPARATION

When the council learns that the school needs to hire a principal, the council:

- meets with the Superintendent, or designee, (who will serve as chair of the council and have voting rights for the purpose of the hiring process) to review the *Best Practices for Principal Selection* document available on the Kentucky Association of School Councils website. The outgoing principal shall not serve on the council during the principal selection process.
- selects a trainer of their choice to deliver training in recruitment and interviewing techniques the council Chair or Vice-Chair will arrange for this training on a date agreed upon by the council and call a special meeting of the council for this purpose with "Principal Selection Training" on the agenda.
- distributes copies of this policy to all members before the scheduled training and sends a copy to the trainer who will be providing the selection training.
- distributes informational materials regarding Kentucky Open Records and open meetings law and have all members sign a nondisclosure agreement forbidding sharing of information and discussions held in closed session.

SELECTION PROCESS

The council will:

- design and carry out processes to get shareholder input on what traits will make the best leader for this school. Shareholder input will involve, but not be limited to faculty, staff, parents, and students.
- call a special meeting of the council and meet in open session to:
 - discuss the process and timeline for receiving applications, and other steps in the hiring process.
 - develop a set criteria for a strong candidate using the shareholder input plus council members' ideas. These criteria will not discriminate based on race, ethnicity, gender, marriage or family status, religion, political affiliation, disability, or age.
 - use the criteria to write questions that will be asked of all candidates during in-person interviews.
 - decide on other methods to gather information about the candidates. The methods may include, but not limited to: applications and resumes, references, applicant portfolios, open forums, and written responses to hypothetical work-related challenges.
- call a special meeting of the council and meet in closed session to:
 - review all applications and written references and select applicants to interview.
 - determine if information in the written applications and resumes points to any specialized questions that should be asked of a particular applicant and develop those questions if necessary,
- schedule interviews with each applicant.
- conduct each interview in a special called meeting in closed session during which:
 - the same questions will be asked in the same order for every candidate.
 - any specialized or follow-up questions will be asked after the standard questions.
 - a discussion will be held immediately following each interview about how well the applicant meets the criteria.
- after all interviews are completed, hold closed session discussion of the merits of all applicants and work toward consensus on the final selection.
- if the council is not satisfied with any of the candidates, the council should discuss the option of having an interim principal. The interim will be appointed by the superintendent until a suitable applicant is found.
- keep all closed session documents confidential.

SELECTION OF THE NEW PRINCIPAL

After all information is gathered, the council will:

- meet in an open session to vote for the final selection of a new principal. The principal is elected on a majority vote of the council. Record the action in the meetings.
- ask the superintendent to complete the hiring process.
- communicate with shareholders the decision as soon as possible.

POLICY EVALUATION

This policy will be evaluated by the council and revisions recommended as needed.

Approved:_____Chairperson:_____

DEPARTMENT GRADING POLICY

Departments from the core subject areas (English, Math, Science, and Social Studies) will follow a 60/40 weighted grading scale. Summative assignments (tests and quizzes) will account for 60% of the course grade for the semester and formative assignments (homework, bellringers, classwork, exit slips, etc.) will account for 40% of the course grade for the semester.

Departments from elective subject areas (fine arts, physical education, career and technical education, and foreign language) will follow a teacher-determined grading scale within those respective courses. These departments have the flexibility to use a total points system or a weighted points system to account for the course grade for the semester. The grading policy for dual credit classes will vary according to the university/college policies for those courses.

ACADEMIC HONORS POLICY

VALEDICTORIAN & SALUTATORIAN

Students who have earned at least 50% of their high school credits at Mercer County Senior High School and have been enrolled their entire senior year will be eligible for valedictorian and salutatorian. Based on scholastic achievement in the grades nine (9) through twelve (12), students in the senior class with the highest and second highest weighted numerical grade point average shall be designated respectively as valedictorian and salutatorian. Weighted numerical grade point average will be calculated and ranked as defined by SBDM council policy.

HONOR ROLLS

At the high school level, honor rolls will be published each semester.

Students qualifying for the "All A" Honor Roll shall make no grade lower than an A.

To make the "A and B" Honor Roll, students shall achieve a grade average no lower than a B.

CLASS RANK

Based on a weighted numerical grade point average, class rank will be calculated for all students with the exceptions of foreign exchange students and those students receiving an alternate diploma due to severe disabilities.

ACADEMIC LETTERS

Qualifying students in grades nine through twelve (9-12) shall be awarded an academic letter and, in subsequent years, an academic bar based on the following criteria:

1. Students must have attended the high school for at least one (1) full year.
2. Students shall have earned a grade point average of at least 3.50 from the previous academic year.

OTHER AWARDS

Special achievement awards shall be granted to students at the end of the school year.

RESPONSIBILITY

The Superintendent or the Superintendent's designee shall develop procedures to govern identification and announcement of student honors and award recipients.

Students may earn the Latin academic honor of cum laude, magna cum laude and summa cum laude at graduation. These students will be recognized in the graduation program for these different levels of distinction. Students maintaining a 4.0 or higher cumulative weighted grade point average will receive white stoles to wear at graduation. Students with weighted grade point averages of 3.5 - 3.99 will receive gold cords to wear at graduation. The system of recognizing students at graduation is as follows:

Summa Cum Laude 4.0 or higher

Magna Cum Laude 3.8 - 3.99

Cum Laude 3.5 - 3.79

MCSHS LETTER GRADE CONVERSION TABLE

Students that transfer into MCSHS and do not have a numerical grade on their transcript will use the following table to be imported onto their transcript to replace a "Letter Grade".

Grade	Conversion
A+	100
A	95

A-	92
B+	89
B	85
B-	82
C+	79
C	75
C-	72
D+	69
D	65
F	64

VALEDICTORIAN & SALUTATORIAN

The student with the highest weighted numerical grade point average will be the valedictorian and the student with the second highest weighted numerical grade point average will be the salutatorian. Both valedictorian and salutatorian will be recognized during high school graduation. The rank will be averaged to the nearest one hundredth of a point. Ties for the highest rank will be recognized as Co-Valedictorians.

To be honored as valedictorian or salutatorian at Mercer County Senior High School, at least 50% of the student's credits must have been earned at Mercer County Senior High School, including being enrolled during the entire senior year. Weighted grades for transfer students will be weighted in our GPA calculations only if the sending school and receiving school weights that grade. Any course taken outside of the normal school day (6 periods) will not be posted to transcript or used for GPA calculations. Any course taken through the approved online school platform must be taken during the school day (6 periods). AP and honors courses added to the curriculum later will be added to the list of weighted courses for the purpose of determining valedictorian and salutatorian.
