

SCHOOL PROFILE REPORT

**Mercer County Senior High
School**

Academic Year: 2022-2023

Introduction

The annual School Profile Report highlights programs offered in your child's school. It includes how schools address and implement the adopted Kentucky Academic Standards for the programs of Health and Physical Education (Practical Living), Career and Technical Education (Career Studies), Visual and Performing Arts, and World Languages (Foreign Language).

Reporting is in accordance with KRS 158.6453 Section 3 (20) as amended in Senate Bill 1 (2017). An advisory committee made up of certified teachers and specialists from Kentucky's public schools and postsecondary institutions in these subject areas identified the process and method for collecting the information necessary to demonstrate program length and time, courses offered, staffing, resources and facilities for each of the subject areas.

Data is electronically transmitted through the annual School Report Card collection tool to the Kentucky Department of Education. By Oct. 1 of each year, school principals shall complete the school profile report, which shall be signed by the members of the school-based decision making council, or the principal if no school council exists, and the superintendent. The signed original is maintained on file at the local board office and made available to the public upon request. A link to the School Profile Report is made available to the Kentucky Department of Education and is accessible on the department's website through the School Report Card.

Contents of the School Profile Report include

1. [**Visual and Performing Arts**](#)
2. [**Health Education and Physical Education \(Practical Living\)**](#)
3. [**World Languages \(Foreign Language\)**](#)
4. [**Career and Technical Education \(Career Studies\)**](#)
5. [**Signature Page**](#)

Workplace Ethics

Describe your schools Workplace Ethics Program.

MCSHS has developed a program with a set of criteria to identify students whose hard work, attendance, and extracurricular participation involvement set them apart from their peers. Students that demonstrate the skills necessary to be productive employees will receive a work ethics seal.
