Honorable President and
Members of the Board of Education
East Brunswick School District
County of Middlesex, New Jersey

Dear Board Members:

The comprehensive annual financial report for the East Brunswick School District (District) for the fiscal year ended June 30, 2011 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the independent auditor's report, management's discussion and analysis, the basic financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations," and the State Treasury Circular Letter 04-04 OMB, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES: East Brunswick School District is an independent reporting entity within the criteria adopted by the GASB as established by NCGA Statement No. 3. All funds and account groups are included in this report. The East Brunswick School District and all its schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 12. These include regular and vocational education, as well as special education for handicapped youngsters. The District completed the 2010 - 2011 fiscal year with an average daily enrollment of 8,496 students, or 213 students less than the previous year's enrollment. The following details the changes in the District's student enrollment over the last five years.

<i>Average Daily Enrollment</i>		
<u>Fiscal Year</u>	<u>Student Enrollment</u>	<u>Percent Change</u>
2010-2011	8,496.0	(2.45%)
2009-2010	8,709.0	(1.15%)
2008-2009	8,810.0	0.32%
2007-2008	8,782.0	(2.12%)
2006-2007	8,972.0	(3.00%)

2. ECONOMIC CONDITION AND OUTLOOK: The Township of East Brunswick's total labor force decreased 1.53% from 26,452 in 2009 to 26,048 in 2010, as reported by the U.S. Department of Labor, Bureau of Labor Statistics. The employment rate for 2010 was 92.9% as compared with 92.4% in 2009, and the unemployment rate for 2010 decreased to 7.1% from 7.6% in 2009.

Economic data provided by the Township of East Brunswick indicates that the construction value of building permits issued for new units, additions and remodeling as of February 28, 2011 totaled \$5,033,069.00 and the total number of permits issued totaled 354 for the same period. The construction value and permits issued for the entire 2010 calendar year respectively totaled \$37,435,294.00 and 2,470 as compared to \$30,241,699.00 and 2,733 for the 2009 calendar year. This represents a decrease of 263 permits and an increase in construction value of \$7,193,595.00.

Certificates of occupancy (COs) issued for new residential units were reported to be at 2, or 15% during the first two months of 2011 as compared with the calendar

year 2010. While the demand for new housing is low, re-sale housing in East Brunswick continues to be reflective of the ongoing desire of individuals to establish their residency where the excellent public schools are the primary factor in that decision. Moreover, the nearly 24% increase in construction value indicates that property owners' are committed to invest in East Brunswick properties. Low home mortgage rates have been beneficial to the home buyer, yet, conversely, the more stringent mortgage qualification requirements have made home purchases more difficult.

Although the unemployment rate has seen a slight decrease, it should not be construed to minimize the general economic conditions experienced both nationally and in New Jersey and East Brunswick, in particular. Unemployment continues to remain at high levels, and the State and national economic forecasts do not support any substantive improvement in the near future. This singly important issue must be underscored as it affects general economic viability locally, state-wide and nationally.

State legislation has established caps on local property tax increases, which are intended to limit property tax growth. The caps and limited State aid funds have resulted in deep cuts in services to students and the community. New Jersey continues to have a need for property tax reform. The District is conscious of this and will continue to act prudently in its fiscal decisions. However, this issue must be addressed. We again urge New Jersey residents to express the expectations they have of their elected State officials with regard to property tax reform.

While reported in last year's audit transmittal letter, New Jersey's State budget impact upon the East Brunswick Public Schools and other schools and local governments throughout the state bear repeating. The development of the 2010-2011 budget reflected the direst economic realities experienced in recent history. The school district budget suffered a 32.44% reduction in state aid equating to more than \$6.6 million. In addition, a new assessment of nearly \$424,000 was mandated by the State to support the New Jersey School Development Authority's mismanagement of funds. And, finally, the New Jersey Department of Education approved a new charter school in East Brunswick that would draw over \$1.3 million in funds and resources from the public school district. While charter schools may address an educational need in communities where the public schools fall short, East Brunswick Public Schools outperform most public schools. In total, these issues noted above have drained 2010-2011 school district revenues by nearly \$8.4 million. While part of this shortfall was proposed to be bridged by a tax increase, the voters defeated the budget at the polls leading the Township to

substantially reduce the tax levy. The end result was an across-the-board staff reduction affecting administrative, support, and classroom staff by nearly 100 positions.

3. MAJOR INITIATIVES: On July 10, 2008, Memorial Elementary School suffered a devastating fire, which destroyed a series of classrooms and rendered the entire school facility unusable beginning with the 2008-2009 school year. The District was immediately forced into crisis mode having to determine the best solution to temporarily housing the nearly 400 students displaced by the fire. Within a month of the fire, the District was able to secure a lease for the Corpus Christi school facility in neighboring South River with students receiving instruction at the facility beginning in September 2008. Since then, the District has been in “recovery mode.” A bond referendum to replace the fire-damaged Memorial Elementary School building was approved by the voters on September 29, 2009. Since then, the District has been working with its building professionals to prepare plans for a new school. Currently, the project continues to move forward with a planned September 2012 occupancy.

The District has been aggressive in pursuing the maximum level of State grant funds for all qualifying projects since State’s school facilities grants were reinstated in 2008. To date, East Brunswick has been successful in receiving grant approvals on all qualifying projects and for the maximum qualifying amount. The grant funds have benefitted East Brunswick taxpayers by reducing the local financial obligation for the projects.

While limited funds have been available for needed capital improvements, the District has planned for projects funded through short-term lease-purchase financing having a payback period of no more than five years and federal ARRA funds. In addition, the District has received Safety Grants from the New Jersey School Boards Insurance Group. Those grants focus on District safety and security through physical improvements. The projects undertaken and in-process or completed during the past year include security systems upgrades at Churchill Junior High School and East Brunswick High School; the roof replacement at Chittick Elementary School; art room renovations at East Brunswick High School; various classroom floor replacements at Bowne-Munro, Chittick, Frost, Irwin, and Warnsdorfer Elementary Schools and Churchill Junior High School; multi-purpose room floor replacements at Frost and Warnsdorfer Elementary Schools; the replacement and/or resurfacing of playgrounds at Bowne-Munro, Chittick, Irwin, and Warnsdorfer Elementary Schools; the rehabilitation of the Lawrence Brook Elementary School playground; demolition of the Memorial Elementary School

building on Innes Road; installation of auditorium roof-top units at East Brunswick High School; and, rehabilitation of the child development room at East Brunswick High School.

Finally, technology has a significant role in instruction and is integrated throughout the District's operations. In fact, it is important to recognize that technology is not a frill. Rather, it is a necessity since it is infused in nearly every aspect of every day life. In addition, technology is not stagnant; it is ever emerging with advancements released nearly every day. Budget constraints have significantly affected the level of support for the District's investment in technology. This District will continue to be challenged by this issue and in finding ways to appropriately fund this area and provide appropriate hands-on technology to students who are expected to be productive contributors to society in the 21st century.

4. INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by District management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to federal and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets

are adopted for the general fund, the special revenue fund, and the debt service fund. Project-length budgets are accounted for in the capital projects fund when applicable. The final budget amount, as amended for the fiscal year, is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as reported as reservations of fund balance at June 30, 2011.

6. ACCOUNTING SYSTEM AND REPORTS: The District's accounting records reflect generally accepted accounting principles, as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note 2B.

7. CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Financial Statements," Note 3. The District deposits public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

8. RISK MANAGEMENT: The Board carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

9. OTHER INFORMATION:

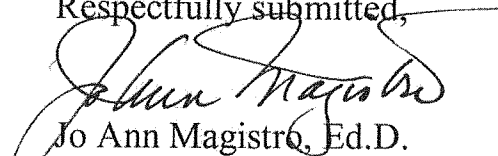

A) Independent Audit - State statute 18A:23-1 requires an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of DAK CPA was appointed by the Board of Education. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984 and the related OMB Circular A-133 and State Treasury Circular OMB 04-04. The auditor's report on the general-purpose financial statements and combining and individual fund statements and schedules is included in the financial section of this

report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

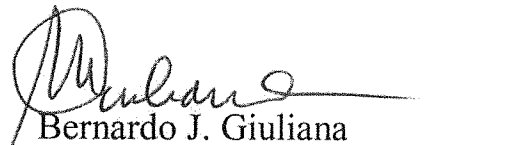

B) Continued Excellence in Academics, Athletics and the Arts - During the 2010-2011 school year, the District continued to advance its reputation for excellence through a variety of accomplishments and achievements. See the accomplishments and achievements section for a number of those successes.

10. ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the East Brunswick Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school District and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the dedicated services of our financial and accounting staff.

Respectfully submitted,

Jo Ann Magistro, Ed.D.

ACCOMPLISHMENTS AND ACHIEVEMENTS

The District is proud to report the many successes and accomplishments that our students have achieved. The 2010-2011 school year achievements are listed below.

For Excellence in Academics...

- Robert Frost Elementary School received the prestigious designation of 2010 Blue Ribbon Lighthouse School from Blue Ribbon Schools of Excellence, Inc. The award was officially presented to Principal Beth Warren at the Blue Ribbon Schools Blueprint for Excellence National Conference in December 2010.
- Central Elementary School received the prestigious designation of 2011 Blue Ribbon Lighthouse School from Blue Ribbon Schools of Excellence, Inc. The award will be officially presented to Principal Nicole Tibbetts at the Blue Ribbon Schools Blueprint for Excellence National Conference in December 2011.
- East Brunswick is the only district in the state having ten schools with Blue Ribbon status. In addition to Frost and Central, the schools are: Bowne-Munro, Chittick, Irwin, Lawrence Brook and Warnsdorfer Elementary Schools, Hammarskjold Middle School, Churchill Junior High School and East Brunswick High School.
- “EBHS is without a doubt one of the finest schools in the nation. It is a school that has a very strong academic program, supported by ample financial resources, and guided by excellent leadership.” Quote taken from the Middle States Association of Colleges and Schools Accreditation for Growth Validation Team.
- Twenty-one EBHS students were named Semi-finalists in the 2011 National Merit Scholarship Program. According to an article in The Home News Tribune, “Considerably more East Brunswick High School students achieved this honor than in neighboring high schools.” This is a tribute to all of our staff for the instruction given to our students from Kindergarten to Grade 12. Of the 21 Semi-finalists, 20 were named Finalists in the 2011 National Merit Scholarship Program.
- Thirty-seven EBHS students were named Commended Students in the 2011 National Merit Scholarship Program.
- Two hundred and thirty-two (232) EBHS seniors were named Presidential Scholars.
- At the State conference in November, the EBHS Family Career and Community Leaders of America Club (FCCLA) achieved the following:
 - A Gold Medal in the Banner Competition.
 - A Bronze Medal in the area of Lessons in Leadership.
 - 2 Silver Medals in the Passion for Fashion category.
 - In the Apple Bake Off, one student received a Gold Medal, First Place in the State and a \$1,000 scholarship to the Culinary Institute of America. Another student received a Silver Medal.
 - A Gold Medal and First Place in the State for the Tune into FCCLA video.
 - In Regional Science Olympiad competition teams from all three secondary schools qualified for the State competition. Both the HMS and the CJHS teams placed third overall. The EBHS team, tied for third, lost the tiebreaker and placed fourth.

For Excellence in Academics - Continued

- The EBHS Advanced Placement IPLE Class (26 students) placed first in the New Jersey We the People: The Citizen and the Constitution Competition earning them the honor of representing New Jersey at the national competition in Washington DC. This is the 23rd time out of a possible 24 that our IPLE students will represent the State of New Jersey at this competition.
- The 26 students in the EBHS Advanced Placement IPLE Class went on to place third at the National We the People: the Citizen and the Constitution Competition where they vied with more than 1,200 students representing all fifty states and the District of Columbia.
- Ninety-seven (97) EBHS juniors and seniors were inducted into the National Honor Society, the nation's premier organization for recognizing outstanding students. They maintained at least a 3.6 GPA and excelled above and beyond in the areas of leadership, service to their community and character. (100 members of the Class of 2011 are NHS members.)
- One hundred and thirty-four (134) EBHS students in the International Studies program participated and received recognition for their superior performance at the Rutgers Model UN, the Philadelphia Model UN and/or the National High School Model UN.
- Fifty-two (52) EBHS students attending the Rutgers Model Congress were recognized for exemplary written work and oral presentation and were named the Outstanding Large Delegation.
- At the NJ Junior Engineering Technical Society (JETS) competition two EB teams (grades 9/10 and grades 11/12) placed first. The grade 9-10 team placed second in the nation out of a total of 312 teams.
- In State level competition the CJHS Science Olympiad Team placed first in the Awesome Aquifers category.
- In state level competition the EBHS Science Olympiad Team placed first in the Ecology category in the high school division.
- Seven EBHS first year Chemistry students placed first in the State in the Chemistry I category in the New Jersey Science League, a competition that consists of four 50 minute written exams in seven content areas.
- Twenty-one (21) EBHS students enrolled in the Waxman Scholars program had their research on a new organism named *Wolffia Australiana* published in the National Center for Biotechnology Information (NCBI) database that disseminates biomedical information for the better understanding of molecular processes affecting human health and disease.
- Five EBHS students who participated in the 61st annual Merck State Science Day placed first in the Integrated Science category consisting of 115 questions on different areas of science; one member of the team finished first in the State individually on the Integrated Science test.
- The EBHS Robotics Team won the title of Tournament Champion at the 2011 VEX Round Up New Jersey State Championship.
- Three EBHS juniors were selected to attend the prestigious Governor's School in the Sciences.

For Excellence in Academics-Continued

- One CJHS eighth grader was named a New Jersey Geographic Bee Semi-finalist by the National Geographic Society.
- One CJHS student won Second Prize in the 2011 Hunt for History Contest.
- Students from the EBHS Future Business Leaders of America (FBLA) won the Middlesex County Consumer Bowl sponsored by the New Jersey Office of Attorney General Division of Consumer Affairs with a score of 125 to 85.
- At the Family Career and Community Leaders of America (FCCLA) State Leadership Conference the EBHS FCCLA Club received three gold, two silver and two bronze medals. In addition to a gold medal in the category of cake decorating, one student received an \$1800 scholarship to The Restaurant School at Walnut Hill College.
- The graduation rate for the EBHS Class of 2011 was 99.5%. The post graduate plans for the 775 graduates include: 76% to attend four year colleges/universities, 20% to attend two year colleges, 2% to other higher education and 2% to armed forces or the work force.
- At EBHS 1,033 Advanced Placement (AP) exams were administered with a 93% success rate of a score of 3 or higher, the score needed for students to receive college credit. Offering AP courses does not cost the district additional money. In fact in addition to paying the exam fee, parents can save in tuition fees (estimated to be as much as \$988,581 for a NJ State institution) and many students fulfill college graduation requirements in less than four years.
- Likewise, EBHS seniors filled 793 seats in college level math, English and business courses at a possible estimated savings in tuition of \$1,110,439.
- The mean GPA of the EBHS Class of 2011 is a 3.3 with 94 members boasting a 4.0 or better GPA.
- Five Elementary TAG students (two Frost, one Irwin and 2 Lawrence Brook) were finalists in the Kid's Science Challenge, a competition for students to design/invent new musical instruments, sporting equipment, or microbial agents.
- A Warnsdorfer fourth grader won the What My State Means to Me essay contest sponsored by Senator Buono.
- A fourth grade student at Memorial Elementary School placed sixth in the nation and first in New Jersey in the InvestWrite National Essay Contest.

Excellence for Service to the Community...

One Hammarsjold seventh grade student (representing Middlesex County) was one of twenty one students from throughout New Jersey to be named a Distinguished Honoree for 2011 by the Wallenberg Foundation of New Jersey. The Wallenberg Foundation recognizes young people whose actions have made their world a more tolerant and accepting place.

- The EBHS Football Team and Powder Puff Players volunteered their time to connect with students at the NJ Institute for Disabilities' Lakeview School, spending one-on-one time together with the students, sharing recreational activities and leading other games and crafts.
- The EBHS Girls Volleyball team held a Breast Cancer Awareness match. We are grateful to St. Peter's Hospital who assists in the promotion of Breast Cancer education.
- The Frost Garden Club under the direction of advisor Vickie Albert freshened up the landscaping at the administration building with fall plantings. We are grateful to the children, their parents and Vickie for completing this beautification project.
- At the first of two blood drives held each year by the EBHS National Honor Society (advisors Rachel Moran and Liz Finelli) 143 pints of blood were donated.
- As his Boy Scout Eagle Leadership Project, Ian Luxenberg restored the North Courtyard at CJHS.
- Students from the Singing for Musical Theatre classes at EBHS, under the direction of Kathleen Spadafino provided entertainment for the annual Senior Volunteer Luncheon that recognizes community members for their service to the Meals on Wheels program.
- EBHS students in all cooking classes, Chef's Lab, Everyday Foods and Foods Workshop (Paula Cavallaro, Ronnie Goldstein, Bess Greenberg, Rachel Kirson, Kathy Suleski, Natalie Taranto, Joan Winters), created platters of holiday cookies for the East Brunswick Senior Center.
- Due to efforts at each of our twelve buildings and the generosity of our educational community, literally hundreds of children and many entire families had a joyous holiday season with plenty of food and gifts.
- Two (2) EBHS students were honored for their exemplary volunteer service with a state-level Certificate of Excellence from the 2011 Prudential Spirit of Community Awards program.
- At Memorial Elementary School the Student Council collected printer cartridges and cell phones for recycling. They earned a three in one printer and \$90. The Student Council partnered with the Chorus and collected pet food for an animal shelter. They were able to donate several boxes.
- Students and staff throughout the district donated a variety of items, along with cash to cover the mailing, to the troops in the Bravo Company Aviation Unit out of the 10th Mountain Division based in Fort Drum, New York currently stationed at Bagram Airfield in Bagram, Afghanistan. Operation EB Bear was led by Irwin phys. Ed. Teacher Anthony Alexander and the Irwin community as part of their PBSIS Road to Success initiative.
- EBHS students hosted the annual Senior Senior Prom for East Brunswick's senior citizens. The Student Council and teachers Chris Argenziano, Kerri McQuade, Stephanie McQuade and Audrey Nelson coordinated the event. Many clubs and individuals gave time, food and monetary donations to make this event special.
- The Lawrence Brook Student Council sponsored "Helping Hands for Japan" to support victims of Japan's devastating Tsunami/earthquake. Though the Student Council's goal was \$1,000 they proudly sent \$1,786 to the Red Cross for continued relief efforts in Japan.

Excellence for Service to the Community-Continued

- Students in the Community Programs Adult Citizenship and ESL classes joined together in a service project to reach out to members of our military serving in Afghanistan. The students wrote beautiful personal letters and sent some “comforts of home” to show their appreciation and thanks to these brave people who are protecting our freedom. The local VFW graciously agreed to ship the full cartons.
- The Warnsdorfer Student Council collected over \$1,750 to help the victims of Japan’s earthquake/Tsunami.

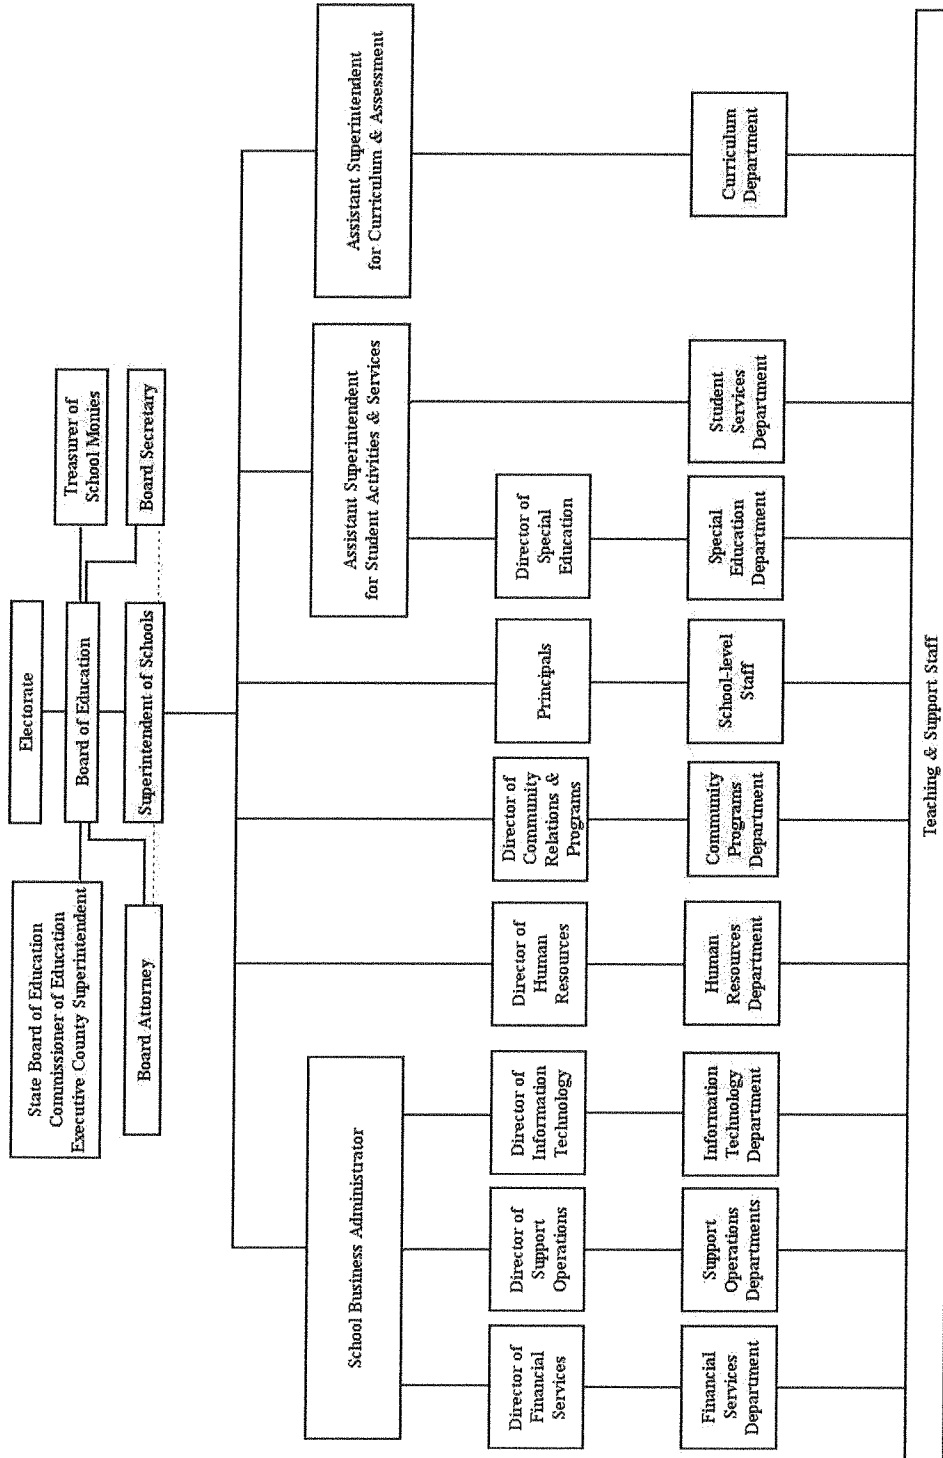

Staff Accomplishments...

- EBHS chemistry teacher Dr. Paul Kimmel received a letter of commendation from MIT recognizing his outstanding teaching abilities.
- EBHS Social Studies Teacher and Boys Winter Track Coach, Kevin McEvoy was named A Teacher Who Makes Magic by WMGQ. Kevin has been a social studies teacher at EBHS since 1977.
- HMS art teacher, Antonia Germanos-Penza, featured in the Lincoln CenterInstitute’s E-News applied for and received a Dana Fellowship from LCI to take a 10-week online course. This experience greatly enhanced teaching and learning in Antonia’s classes at Hammarskjold. Antonia also shared her knowledge and expertise with 30 visual arts and theater specialists as a newly certified Lincoln Center Institute presenter during an East Brunswick Schools professional development day.
- Frost School’s Vickie Albert was among ten women to be honored at the Middlesex County’s “Citizen of the Year” sponsored by the Middlesex Commission on the Status of Women.
- EBHS French teacher Ruth Chang who was selected by the Northeast Conference on the Teaching of Foreign Language (NECTFL) to receive a Mead Fellowship Fellows Program award. Ruth was given a full scholarship to attend the 2011 NECTFL Conference.
- HMS social studies teacher Anthony Ruzala who was selected by Learning Forward (formerly the National Staff Development Council) to participate in the Teacher Leader Community Advisory Board Grant. Anthony will be among an elite team of teachers from across the country to receive extensive professional development in the areas of curriculum leadership, media and advocacy.

The record of achievement keeps the District hopeful that the 2011-2012 school year promises to be as productive as the previous year.

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Township of East Brunswick School District
County of Middlesex
East Brunswick, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business – type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Township of East Brunswick School District (the "District"), in the County of Middlesex, New Jersey, as of and for the fiscal year ended June 30, 2011, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2011 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 21 through 26 and 67 through 80 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The introductory section, combining and individual fund financial statements, and statistical section, are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, respectively and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Management's Discussion and Analysis

EAST BRUNSWICK PUBLIC SCHOOLS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011
UNAUDITED

The discussion and analysis of East Brunswick Public School's (the "District") financial performance provides an overall review of the District's financial performance during the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the School District's financial performance as a whole. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements and notes, which immediately follow this section.

Management's Discussion and Analysis (MD&A) is Required Supplementary Information specified in the Governmental Accounting Standards Board's (GASB) Statement No. 34, *Basic Financial Statements-Management's Discussion and Analysis for Local Governments*.

Financial Highlights

Key financial highlights for 2010-2011 are as follows:

In total, net assets totaled \$108,424,280, which represents a 5.8% increase from 2010. This is due to the positive change in net assets that occurred this year.

Governmental activities general revenues accounted for \$131,707,159 in revenue or 97% of all revenue. Program specific revenue in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$6,557,408 or 3% of total revenue of \$146,284,530.

Among major funds, the General Fund had \$133,711,000 in revenue and \$129,987,812 in expenditures. The General Fund's fund balance is \$11,208,005 as of June 30, 2011, an increase of \$2,042,607 from the June 30, 2010 balance.

Notification was received that the two June 2011 state aid payments to the district in the total amount of \$1,301,222 would be delayed until the next school year. While, the State of New Jersey has taken action to withhold the final June payment each year since 2003, it expanded the withholding to both June payments in FY 2010, in order to avert a budget shortfall at the state level. In addition, significant reductions in General Fund State source revenues occurred during this fiscal year.

Using this Comprehensive Annual Financial Report (CAFR)

The annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand East Brunswick Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Assets and Statement of Activities provide information about the activities of the District, presenting both an aggregate view of the District's finances and longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short term as well as what remains for future spending. The fund financial statements also look at the District's most significant funds with all other non-major funds presented in total in one column. In the case of East Brunswick Public Schools, the General Fund is by far the most significant since it accounts for most of the district's activities.

District-wide Financial Statements

Statement of Net Assets and the Statement of Activities

This document contains all funds used by the District to provide programs and activities, viewing the District as a whole and reports the culmination of all financial transactions. The report answers the question, "How we did financially during fiscal year 2011?" The Statement of Net Assets and the Statement of Activities together provide the summary of District reporting, with includes all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenue and expenditures regardless of when cash is received or paid.

These two statements report the District's net assets and changes in those assets. This change in net assets is important because they report on whether the District's financial position has improved or diminished.

In the Statement of Net Assets and the Statement of Activities, the District is divided into two kinds of activities:

Governmental Activities — All of the District's programs and services are reported here including, instruction, support services, operation and maintenance of plant facilities, pupil transportation, extracurricular activities, construction and facilities improvements, and debt repayment.

Business-Type Activities — These services are provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Child Nutrition, Adult and Community Programs, and Educational Technology Training Center Enterprise Funds are reported as business activities.

Reporting the District's Most Significant Funds

Fund Financial Statement

The analysis of the District's major funds begins on page 31. Fund financial reports provide detailed information about the District's major funds. The District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The District's activities are reported in governmental funds, which focus on how money flows into and out of the funds and balances left at year-end available for spending in the future years. These funds are reported using a modified accrual accounting method, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The Enterprise Fund uses the accrual basis of accounting, which is also used by business-type activities.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the District-wide and fund financial statements.

District-wide Analysis

The Statement of Net Assets provides the financial perspective of the District as a whole.

Table 1 provides a summary of the District's net assets for 2011 and 2010.

Governmental Activities

Property taxes as approved by the voters of the Township of East Brunswick made up 76.5% of total revenue for the fiscal year 2011. Federal, state and local grants and tuition and miscellaneous revenue accounted for the remainder.

The total cost of all programs and services was \$144,793,110. Instruction accounted for 50.8% of total expenditures.

General fund state source revenues realized were significantly less than final budget amounts, due to mid-year state aid reductions.

Business-Type Activities

Revenue for the District's business-type activities was comprised of charges for services and federal and state reimbursements.

Child Nutrition revenue, which included no subsidy from the general fund, was less than expenses by \$23,039. Charges for services which are made up of the amount paid by students and other patrons for daily food service and catering, represent 72% of total revenue.

The Adult and Community Programs revenues exceeded expenses by \$307,516. A \$400,000 transfer to the General Fund brought the net decrease in net assets to \$ 92,484.

The ETTC Program revenues exceeded expenses by \$125,327.

Governmental Activities

The Comparative Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services.

Instruction expenses include activities directly associated with the teaching of pupils and the interactions between teacher and student, including extracurricular activities. In the 2010-11 school year the District administered 1,033 Advanced Placement (AP) exams with a 93% success rate.

Extracurricular activities include expenses for co-curricular and athletic programs offered by the District. In addition to providing students with opportunities to participate in clubs, activities and athletics, these programs help motivate, improve skills, instill school spirit, and foster leadership among our students. Over half of the student population participated in extracurricular activities during the 2010-2011 school year.

Pupils and instructional staff include the services provided to special needs students such as occupational therapy, nursing, speech therapy, and evaluation services. Activities involved with assisting staff with the content and process of teaching students, including curriculum and staff development, is also included.

General administration, school administration and business operations include expenses associated with administrative and financial supervision of the District.

Operation and maintenance of facilities activities include costs associated with keeping the school grounds, buildings and equipment in an effective working condition.

Pupil transportation includes costs related to the transportation of students to and from school, to school curricular and athletic activities and field trips as provided by state law.

The School District's Funds

Information about the District's major funds begins on page 28. The modified accrual basis of accounting is used to account for these funds. All governmental funds had total revenue of \$147,601,400 and expenditures of \$150,034,369. The change in fund balance for the year was most significant in the Capital Projects Fund, which reflects an decrease of \$4,199,789 due mainly to capital expenditures related to the Memorial School. The General Fund had a net change in fund balance of \$2,042,607.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a comparative summary of the revenue of the governmental funds for the fiscal years ended June 30, 2011 and 2010, as well as the amount and percentage of increase or decrease in relation to prior year revenue.

Comparative Summary of Revenues

Revenue	2010-2011		2009-2010		Increase/ (Decrease) from 2009-2010 to 2010-2011
	Amount	Percent of Total	Amount	Percent of Total	
Local Sources	\$ 119,148,456	80.72%	\$ 115,748,157	75.84%	\$ 3,400,299
State Sources	24,595,645	16.66%	31,138,147	20.40%	(6,542,502)
Federal Sources	3,857,299	2.61%	5,745,052	3.76%	(1,887,753)
Total	\$ 147,601,400	100.00%	\$ 145,238,812	100.00%	\$ 2,362,588

State source revenue decreased by \$6,542,502 due to a reduction in state aid.

The following schedule presents a summary of governmental fund expenditures for the fiscal years ended June 30, 2011 and 2010, along with percentage changes.

Comparative Summary of Expenditures

Expenditures	2010-2011		2009-2010		Increase/ (Decrease) from 2009-2010 to 2010-2011
	Amount	Percent of Total	Amount	Percent of Total

Debt Service	8,983,659	5.99%	8,420,057	6.06%	563,602
Total	\$ 150,034,369	100.00%	\$ 157,089,465	100.00%	\$ (7,055,097)

The decreases in Current Expense – Instruction, Undistributed Expenditures and Capital Outlay are attributed budgetary constraints stemming from reductions in state aid.

The increase in Charter School is attributed to the inception year of the Charter School being 2010-2011.

The decrease in Capital Outlay is the result of the completion of one major construction projects during the prior year.

General Fund Budgetary Highlights

The District’s budget is prepared according to New Jersey law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2011, the District amended its General Fund budget as needed. The District uses program-based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management. The School Business Administrator, Superintendent of Schools, and Board of Education, must approve transfers from one program to another. Transfers were required due to:

- Staffing changes based on student needs.
- Accounting changes in maintenance and operations, such as transfers to Capital Projects.
- Changes in appropriations to prevent budget overruns, as well as to effect account coding corrections.

While the District’s final budget for the General Fund anticipated that revenue and expenditures would roughly equal, the actual results for the year shows an increase in surplus of \$2,042,607 which was generated in large part by rigorous budgetary expenditure oversight.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2011, the District had \$229,496,153 invested in governmental activities funds land, buildings, furniture and equipment and vehicles. Table 4 shows fiscal 2011 balances compared to 2010.

Table 4 - Capital Assets at June 30

	<u>2011</u>	<u>2010</u>
Non-Depreciable Assets:		
Land/Sites	\$ 1,019,208	\$ 1,019,208
Construction in Progress	7,200,013	8,347,939
Depreciable Assets:		
Buildings and Improvements	214,189,296	207,660,996
Machinery and Equipment	<u>7,087,636</u>	<u>13,233,747</u>
Totals	<u>\$ 229,496,153</u>	<u>\$ 230,261,890</u>

Overall capital assets decreased \$765,737 from fiscal year 2010 to fiscal year 2011 due to the write off of fully depreciated assets.

Overall capital assets decreased \$765,737 from fiscal year 2010 to fiscal year 2011 due to the write off of fully depreciated assets.

The District also had \$409,419 invested in Proprietary Capital Assets, not included above, consisting of Machinery, Equipment and Building Improvements. Write offs of fully depreciated assets occurred in the Proprietary Capital Assets category as well.

Debt Administration

At the end of fiscal year 2011, the District had \$94,636,000 in outstanding bond issues.

During fiscal year 2011, the District's long-term liabilities decreased by \$4,871,515. The decrease is a result of debt retirements of \$6,730,532 being more than debt issuance of \$ 1,859,017.

Additional information can be found in Note 6 to the financial statements.

For the Future

The East Brunswick Public School District is in excellent financial position. It has maintained a legally acceptable fund balance position. However, it is unfortunate that the District's history of prudent budget management was used by the State of New Jersey as a means to reduce its financial obligation to East Brunswick. In 2010, the State of New Jersey "confiscated" fund balance that would have otherwise offset taxes in a subsequent school district budget. The confiscation occurred through a reduction in state aid. This action completely disregarded any local plan to stabilize property taxes. For the near term, it will be difficult for the District to limit growth in future tax levies when its efforts are overridden by the State's random actions.

The NJ Department of Education's actions affecting the 2010-2011 school district budget resulted in across-the-board reductions in staff for a total loss of nearly 100 positions. While the District's major focus has been to maintain programs and services, it has become increasingly difficult to do so. In fact, the staff reductions directly impacted classrooms, as well as administrative and support areas. In addition, additional staff reductions were necessary in order to arrive at a final 2011-2012 school district budget. The State's ability to fund its state aid obligation continues to be of concern. The District's "look ahead" is that the State's financial condition, and the general economic outlook, will continue to have an adverse affect upon local school budgets.

While East Brunswick residents have been supportive of their schools and appreciate the quality education that is provided to students, the town continues to experience the impact of successfully appealed property assessments by the commercial community. In spite of a legislated cap on property tax increases, the impact is the reduction in the tax base, which has resulted in an increased tax burden upon the remaining property owners.

Notes to Financial Statements

EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2011

1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The East Brunswick School District (the "District") is a Type II district located in the County of Middlesex, State of New Jersey. As a Type II district, the District functions independently through a Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. The purpose of the District is to educate students in grades K-12. The District had an average daily enrollment for the 2010-11 fiscal year of 8,792 students.

A reporting entity is comprised of the primary government, component units and other organizations that are included to insure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the District, this includes general operations, food service and student related activities of the District.

The District has no component units required to be included within the reporting entity, as set forth in GASB Section 2100.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District also applies Financial Accounting Standards Board (FASB) Statements and Interpretations issued on or before November 30, 1989, to its governmental activities provided they do not conflict with or contradict GASB pronouncements. The most significant of the District's accounting policies are described below.

A. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements that provide a more detailed level of financial information.

1. District-Wide Financial Statements

The statement of net assets and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED JUNE 30, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Basis of Presentation (Continued)

1. District-Wide Financial Statements (Continued)

The statement of net assets presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

2. Fund Financial Statements

During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance.

Fund financial statements are designed to present financial information of the District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column.

B. Fund Accounting

The District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

1. Governmental Funds

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds:

General Fund – The General Fund is the general operating fund of the District. It is used to account for and report all financial resources not accounted for and reported in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment that are classified in the Capital Outlay subfund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Fund Accounting (Continued)

1. Governmental Funds (Continued)

General Fund (Continued)

As required by the New Jersey State Department of Education, the District includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America (GAAP) as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, district taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

Special Revenue Fund – The Special Revenue Fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Capital Projects Fund – The Capital Projects Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays including the acquisition or construction of capital facilities and other capital assets. Capital project funds exclude those types of capital-related outflows financed by proprietary funds or assets that will be held in trust for individuals, private organizations or other governments.

Debt Service Fund – The Debt Service Fund is used to account for and report financial resources that are restricted, committed and assigned to expenditure for principal and interest.

Permanent Fund – The Permanent Fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal may be used for purposes that support the reporting government's programs – that is for the benefit of the government or its citizenry. This fund is not applicable in this fiscal year.

2. Proprietary Fund Type

The focus of Proprietary Fund measurement is upon determination of net income, financial position and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the District:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED JUNE 30, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Fund Accounting (Continued)

2. Proprietary Fund Type (Continued)

Enterprise Fund – The Enterprise Fund is utilized to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the District is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the District has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The District's Enterprise Fund is comprised of three programs, the Food Service Fund, the Educational Technology Training Center ("ETTC") Program, and the Adult and Community Program. All are considered major enterprise fund programs.

All proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets and all liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (net total assets) is segregated into contributed capital and unreserved net assets, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives of the equipment used in the operations of the Enterprise Funds are approximately 10 years.

3. Fiduciary Funds

Trust and Agency Funds – The Trust and Agency Funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds.

Expendable Trust Fund – An Expendable Trust Fund is accounted for in essentially the same manner as the governmental fund types, using the same measurement focus and basis of accounting. Expendable Trust Funds account for assets where both the principal and interest may be spent. The Expendable Trust Fund includes the Unemployment Compensation Insurance Fund and the Scholarship Account.

Agency Funds – Agency Funds are used to account for the assets that the District holds on behalf of others as their agent. Agency Funds are custodial in nature and do not involve measurement of results of operations. Agency Funds include payroll and student activities funds.

C. Measurement Focus

1. District-Wide Financial Statements

The District-Wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the District are included on the Statement on Net Assets.

2. Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

All proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is segregated into contributed capital and net assets components. Proprietary fund-type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets.

Fiduciary funds are reported using the economic resources measurement focus.

D. Basis of Accounting

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State equalization monies are recognized as revenue during the period in which they are appropriated. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED JUNE 30, 2011

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basis of Accounting (Continued)

Ad Valorem (Property) Taxes are susceptible to accrual and under New Jersey State Statute a municipality is required to remit to its school district the entire balance of taxes in the amount voted upon or certified, prior to the end of the school year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

In its accounting and financial reporting, the District follows the pronouncements of the Governmental Accounting Standards Board (GASB) and the pronouncements of the Financial Accounting Standards Board (FASB) and its predecessor organizations issued on or before November 30, 1989, unless they conflict with or contradict GASB pronouncements. The District's proprietary funds have elected not to apply the standards issued by FASB after November 30, 1989.

The accrual basis of accounting is used for measuring financial position and operating results of proprietary fund types and nonexpendable trust funds. Under this method, revenues are recognized in the accounting period in which they are earned and expenses are recognized when they are incurred.

E. Budgets/Budgetary Control

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. The budgets are submitted to the county office for approval and are voted upon at the annual school election on the third Tuesday in April. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year subject to the limitations of N.J.A.C. 6A:23A-2.3 (et. seq.). The Board of Education made no supplemental budgetary appropriations during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America (GAAP) with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only and the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Encumbrances

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the District has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

G. Assets, Liabilities and Equity

1. Cash, Cash Equivalents and Investments

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the District has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities and Equity (continued)

2. Inventories

Inventories and prepaid expenses, which benefit future periods, other than those recorded in the enterprise fund are recorded as an expenditure during the year of purchase.

Inventories in the Proprietary Funds are valued at cost, which approximates market, using the first-in-first-out (FIFO) method.

3. Tuition Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

4. Tuition Payable

Tuition charges for the fiscal years 2010-11 and 2009-10 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

5. Short-Term Interfund Receivables/Payables

Short-term interfund receivables/payables represent amounts that are owed, other than charges for goods or services rendered to/from a particular fund in the District and that are due within one year.

6. Capital Assets

Capital assets, which include property, plant, equipment and construction in progress, result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of \$2,000.00. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except for land are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

Buildings and Improvements	20 - 50 years
Furniture and Equipment	7 - 20 years
Vehicles	8 years

EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities and Equity (continued)

7. Compensated Absences

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The liability for vested compensated absences of the District is recorded in the government-wide financial statements, under the "vesting method".

For governmental fund financial statements, the current portion of unpaid compensated absences is in the amount expected to be paid using expendable available resources. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated unpaid leave are paid. The noncurrent portion of the liability is not reported.

In proprietary and similar trust funds, compensated absences are recorded as an expense and liability of the fund that will pay for them.

8. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the governmental funds. However, the noncurrent portion of capital leases, compensated absences and loans payable that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable, available financial resources.

9. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any long-term debt used for the acquisition, construction or improvement of those assets. Net assets are reported, in the Government-Wide financial statements, as restricted when there are limitations imposed on their use either through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

See Note 5 for additional information relating to capital assets.

10. Deferred Revenue

Deferred revenue in the special revenue fund represents cash that has been received but not yet earned.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities and Equity (continued)

11. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for a specific purpose. Designated fund balances represent plans for future use of financial resources that are subject to change.

12. Non-Monetary Transactions

Commodities received under the Federal Food Distribution Program are received by the District and are recorded as nonoperating revenue when received in the food service enterprise fund at market value. The use of the commodities is included in cost of sales.

13. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents includes petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

Investments are stated at fair value. The District classifies certificates of deposit that have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments, and are stated at cost.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey that are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund and the New Jersey Arbitrage Rebate Management Fund. FDIC covers deposits up to \$250,000.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEAR ENDED JUNE 30, 2011

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Deposits (Continued)

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

As of June 30, 2011, cash and cash equivalents (Deposits) of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking Accounts and Money Market Accounts:	
Governmental Funds (Includes held by escrow agent)	\$ 25,402,156
Proprietary Funds	473,847
Fiduciary Funds	<u>1,456,202</u>
	<u>\$ 27,332,205</u>

Investments

New Jersey statutes permit the District to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.
- Government money market mutual funds.
- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.
- Bonds or other obligations of the school district or local unit of which the school district is a part.
- Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments, New Jersey State Department of Treasury.
- MBIA CLASS.
- New Jersey Cash Management Fund.
- Repurchase agreements of fully collateralized securities, subject to special conditions.

3. CASH AND CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

Investments (Continued)

There were no investments as defined above on hand at June 30, 2011.

Concentration of Credit Risk:

Obligations of the U.S. Government or obligations explicitly guaranteed by the U.S. Government are not considered to have concentration of credit risk. The District places no limit on the amount that it may invest in any one issuer or depository.

4. CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the Board by inclusion of \$410,363 in the 96-97 capital outlay budget for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6A:26-9.1(d)1*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the period July 1, 2010 to June 30, 2011 fiscal year is as follows:

Beginning balance, July 1, 2010	\$	2,577,136
Increase:		
Interest earnings		4,122
Board approved transfer resolution of June 30, 2011		5,000,000
		7,581,258
Decrease:		
Board approved withdrawal - July 23, 2010		5,000
Board approved withdrawal - June 10, 2011		698,398
		6,877,858
Ending balance, June 30, 2011	\$	6,877,858

The June 30, 2011 LRFP balance of local support costs of uncompleted capital projects at June 30, 2011 exceeded the June 30, 2011 capital reserve balance. The withdrawals from the capital reserve were for uses in DOE approved facilities projects, consistent with the district's Long Range Facilities Plan.

A. Bonds Payable

Bonds are authorized in accordance with State law or by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the District are general obligation bonds.

2001 Issue

On May 16, 2001 the District issued \$16,100,000 School Bonds. The remaining outstanding Bonds matured in a final annual installment in 2011 in of \$720,000. The Bonds maturing from May 1, 2012 through May 1, 2022 were advance refunded.

The advance refunding closed on March 15, 2007. Refunding bond proceeds were placed in an irrevocable escrow fund held by the District's trustee, and along with interest earnings on these proceeds will be sufficient to pay the interest until the call date, and the \$10,545,000 principal amount of the bonds on the call date, May 1, 2011. The advance refunding was accomplished to achieve net present value interest savings.

2005 Issue

On March 8, 2005 the District issued \$81,386,000 School Bonds. The remaining outstanding Bonds mature annually from 2011 to 2034 in amounts ranging from \$2,175,000 to \$3,620,000. The Bonds bear interest rates ranging from 4.25% to 4.625%.

The proceeds of the Bonds were utilized to finance renovations and improvements to the Hammarskjold Middle School, Central Elementary School and Lawrence Brook Elementary School.

The Bonds maturing prior to November 1, 2016 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after November 1, 2016 are redeemable at the option of the Board in whole or in part, on any date on or after November 1, 2015 at par, plus unpaid accrued interest to the date fixed for redemption.

1996 Agreement

In June 1996, the Board of Education (the Lessee) entered into a lease purchase agreement with the Township of East Brunswick (the Lessor) to finance the construction of additions and renovations of the existing East Brunswick School District buildings. The approval was obtained from the Commissioner of Education of the State of New Jersey and the New Jersey Local Finance Board in the Department of Community Affairs on May 6, 1996. The building is located on land owned by the Board of Education that has been leased to the Township of East Brunswick, pursuant to a ground lease agreement dated June 1, 1996. Certificates of Participation (the "Certificates") in the par amount of \$9,000,000 were issued and the net proceeds of \$8,841,945 were budgeted as follows:

Project Construction Fund	<u>\$ 8,841,945</u>
---------------------------	---------------------

Proceeds from the sales of the Certificates were used to finance additions, renovations and/or facility improvements at Bowne Munro, Central, Chittick, Frost, Irwin, Lawrence Brook, Memorial, Warnsdorfer, Churchill and Hammarskjold Schools, including site work and acquisition and installation of furnishings and equipment, in order to alleviate overcrowding, and to accommodate technology.

Under the lease, the Board is required to pay Basic Rent due on each October 1, which commenced October 1, 1997. Basic Rent is composed of an interest component and a principal component. The Certificates carry an interest rate of 4.359421360%; and the Certificates mature on October 1, 2016.

7. PENSION PLANS

Description of Plans – Substantially all of the Board's employees participate in either Public Employees' Retirement System or the Teachers' Pension and Annuity Fund that have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) - The Teachers' Pension and Annuity Fund was established in January, 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post retirement health care to substantially all full time public school employees in the State. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post retirement health care to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/55th of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

7. PENSION PLANS (CONTINUED)

Significant Legislation - During the year ended June 30, 1997, legislation was enacted (Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997) changed the asset valuation method from market related value to full-market value. This legislation also contained a provision to reduce the employee contribution rate by 1/2 of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Contribution Requirements - The contribution policy is set by New Jersey Statutes, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 5.5% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute, the District is a non-contributing employer of the TPAF.

The Board's actuarially determined contribution to PERS for the years ended June 30, 2011, 2010 and 2009 were \$1,663,034, \$1,139,483, and \$1,034,653, respectively, for each of the three years equal to the required contributions for each year.

During the fiscal year ended June 30, 2011, the State of New Jersey contributed \$186,402 to the TPAF for normal benefits and \$3,959,177 for post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$4,274,200 during the year ended June 30, 2011 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries. This amount has been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as a revenue and expenditure in accordance with GASB 27.

8. POST-RETIREMENT BENEFITS

P.L. 1987, c. 384 and P.L. 1990, c.6 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those state employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c. 103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2010, there were 87,288 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the state in accordance with P.L. 1994, c.62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in Fiscal Year 1994.

The State is also responsible for the cost attributable to P.L. 1992 c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$126.3 million toward Chapter 126 benefits for 14,050 eligible retired members in Fiscal Year 2010.

9. COMPENSATED ABSENCES

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policies. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for unused sick leave in accordance with the District's agreements with the various employee unions.

9. COMPENSATED ABSENCES (CONTINUED)

In the District-Wide *Statement of Net Assets*, the liabilities whose average maturities are greater than one year should be reported in two components – the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2011 a liability existed for compensated absences in the proprietary fund types of \$140,150.

10. DEFERRED COMPENSATION

The District offers its employees a choice of various deferred compensation plans created in accordance with Internal Revenue Code Sections 401(a) 403(b) and 457(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

- A.I.G.
- Met Life Investment
- Franklin Templeton Group
- American Fund (Capital Guardian)
- Equitable
- ING

11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance: The District maintains commercial insurance coverage for property, liability and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Comprehensive Annual Financial Report.

New Jersey Unemployment Compensation Insurance: The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's trust fund for the current and previous two years:

12. INTERFUND RECEIVABLES AND PAYABLES

The total interfund accounts receivable and payable for the District at June 30, 2011 is as follows:

Fund	Interfund Receivable	Interfund Payable
General Fund		\$ 615,500
Special Revenue Fund	\$ 615,500	
	<u>\$ 615,500</u>	<u>\$ 615,500</u>

The General Fund and Special Revenue Fund interfund balance is a result of transfers between the funds and it is anticipated the interfund will be liquidated in the subsequent year.

13. INVENTORY

Inventory in the Enterprise Fund at June 30, 2011 of \$72,100 stated at the lower of cost or market value.

The value of Federal donated commodities as reflected on Exhibit K-3 (required by the Single Audit Act of 1984) is the difference between market value and cost of the commodities at the date of purchase and has been included as an item of nonoperating revenue in the financial statements.

14. FUND BALANCES

General Fund - Of the \$11,208,005 General Fund fund balance at June 30, 2011, \$1,267,721 is assigned for encumbrances; \$6,877,858 has been restricted for the Capital Reserve Account; \$1,157,115 has been assigned and included as anticipated revenue for the year ending June 30, 2012; \$125,027 is restricted for excess surplus in accordance with N.J.S.A. 18A:7F-7 (\$54,541 of the total restricted for excess surplus has been appropriated and included as revenue for the year ending June 30, 2012); and \$1,780,284 is unassigned.

Debt Service Fund - Of the \$108,444 Debt Service fund balance at June 30, 2011, \$20,670 is assigned in accordance with NJSA 7F-41c(2) and is anticipated revenue for the year ending June 30, 2012 and \$87,774 is restricted fund balance.

Capital Projects Fund - All of the \$16,639,816 capital projects fund balance at June 30, 2011, is assigned for encumbrances. The School District has purchase orders outstanding with vendors in this amount and expects vendors to deliver the goods and services in the upcoming year.

Special Revenue Fund - All of the \$338,644 special revenue fund balance at June 30, 2011, is assigned as designated for subsequent years expenditures.

15. CALCULATION OF EXCESS SURPLUS

The designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to N.J.S.A. 18A:7F-7, as amended. New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess surplus fund balance at June 30, 2011 is \$70,486. The excess surplus at June 30, 2010 was \$54,541. Pursuant to provisions of Executive Order No.14, None of that amount was approved by the Commissioner of the Department of Education for withdrawal to address any budget shortfall in the general fund due to the 10-11 withholding of state aid.

16. CONTINGENT LIABILITIES

- A. Pending Litigation** - As of the date of this report, in the opinion of the Board Attorney and management, there was no litigation pending which, in the event of an adverse or unfavorable outcome, would materially impair the financial position of the District.
- B. Grant Programs** - The school district participates in federally and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

17. DEFERRED BENEFIT TRUST

On June 29, 2006, the Board authorized that a Board-directed Reserve for Deferred Benefits in Trust be established in the Trust and Agency Fund. Funds in the Trust are to be utilized solely to provide allowable deferred compensation contributions for those employees who have funds available within the Trust.

18. RECENTLY ENACTED REGULATIONS

The provisions of GASB Statement 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pension", become required based on a phased in time frame similar to that which was used to phase in GASB Statement 34. For "phase 1" entity's; those with revenues greater than \$100 million, which the Board is classified as, the fiscal year ending June 30, 2008 marked the first year the Board was subject to the requirements of GASB 45. The Board has never offered postemployment benefits other than pensions to its employees and accordingly has determined GASB Statement 45 will not have any impact on the financial position or results of operations of the Board.

The provisions of GASB Statement 54, "Fund Balance Reporting and Governmental Fund Type Definitions", has been implemented during this fiscal year.

19. ECONOMIC DEPENDENCY

The District receives its support from federal and state governments. A significant reduction in the level of support, if this were to occur, would have an effect on the District's programs and activities.

20. OTHER MATTERS – EXTRAORDINARY ITEMS

On July 10, 2008, Memorial Elementary School suffered a devastating fire, which rendered the entire school facility unusable through the date of this report. A school facility in a neighboring community has been leased to house the displaced Memorial students and faculty. Expenditures related to this fire and relocation have been recorded as Extraordinary Items in the General Fund.

21. TRANSFERS TO CAPITAL OUTLAY

During the year ending June 30, 2011, the District transferred \$38,200 to the capital outlay accounts. The transfer was made from the capital reserve account to supplement a capital project previously approved by the voters in the budget certified for taxes pursuant to N.J.A.C. 6A:23A-8.4.

22. SUBSEQUENT EVENTS

For purposes of this Note, events occurring through the date of the independent auditor's report, September 19, 2011 were considered.

The District entered into a \$120,500 capital lease for school buses, in August, 2011. The lease has a five year term ending in 2015 and bears interest at 3.725% per annum.

Note: NJSA 18A:7F-5d limits the amount that the district can submit for a general fund tax levy. The levy when added to other components of the district's net budget may not exceed the prebudget year net budget by more than the spending growth limitation calculation.

a The district's basic tax rate is calculated from the A4F form which is submitted with the budget and the Net valuation taxable.

b Rates for debt service are based on each year's requirements.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of East Brunswick. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

a For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

Single Audit Section

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Honorable President and Members
of the Board of Education
Township of East Brunswick School District
County of Middlesex
East Brunswick, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Township of East Brunswick School District (the "District"), in the County of Middlesex, New Jersey, as of and for the fiscal year ended June 30, 2011, which collectively comprise the District's basic financial statements and have issued our report thereon dated September 19, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

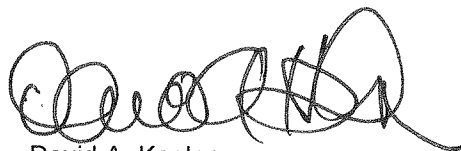

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONTINUED)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards* and audit requirements prescribed by the Division of Finance, Department of Education, State of New Jersey.

We noted certain matters that we reported to management of the District in a separate report dated September 19, 2011.

This report is intended solely for the information and use of the audit committee, management, the Township of East Brunswick Board of Education, the New Jersey Department of Education and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT
COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB
CIRCULAR A-133 AND NJ OMB CIRCULAR 04-04**

Honorable President and Members
of the Board of Education
Township of East Brunswick School District
County of Middlesex
East Brunswick, New Jersey

Compliance

We have audited the Board of Education of the Township of East Brunswick School District, in the County Middlesex, State of New Jersey (the "District") compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* and the *New Jersey State Grant Compliance Supplement*, that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2011. The District's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal and state programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid Payments*. Those standards, OMB Circular A-133 and New Jersey OMB's Circular 04-04, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the District's compliance with those requirements.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH FEDERAL OMB CIRCULAR A-133
AND STATE OF NEW JERSEY OMB CIRCULAR 04-04 (CONTINUED)**

Compliance - Continued

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the fiscal year ended June 30, 2011.

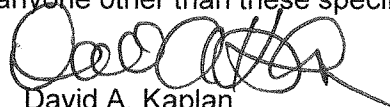

Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal and state programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, the Township of East Brunswick Board of Education, the New Jersey State Department of Education, and other state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL
AWARDS AND STATE FINANCIAL ASSISTANCE
YEAR ENDED JUNE 30, 2011

1. **GENERAL**

The accompanying schedules of federal awards and state financial assistance include federal and state award activity of the Board of Education, Township of East Brunswick School District. The Board of Education is defined in Note 1 to the District's basic financial statements. All federal awards and state financial assistance received directly from federal and state agencies, as well as federal and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

2. **BASIS OF ACCOUNTING**

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the District's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations* and New Jersey OMB 04-04. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of, the basic financial statements.

3. **RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedules agree with amounts reported in the District's basic financial statements. The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payments in the current budget year, which is mandated pursuant to NJSA 18A:22-44.2. For GAAP purposes that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year basis does not.

TOWNSHIP OF EAST BRUNSWICK SCHOOL DISTRICT
NOTES TO SCHEDULES OF EXPENDITURES OF FEDERAL
AWARDS AND STATE FINANCIAL ASSISTANCE
YEAR ENDED JUNE 30, 2011

3. **RELATIONSHIP TO BASIC FINANCIAL STATEMENTS – CONTINUED**

The special revenue fund and capital projects fund are presented in the accompanying schedules on the grant accounting basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with NJSA 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$708,722 for the general fund and \$359,053 for the special revenue fund. See Note 2 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented as follows:
