Welcome to
LEARNING TECHNOLOGY

FWCS
We Are Your Schools

Hello 2nd Grade Families!

We are excited to have you at FWCS! The FWCS Technology team is committed to supporting your student's learning by providing instructional technology tools and resources. We believe technology can be used to accelerate student learning when used intentionally and we can't wait to see all your student achieves! In this welcome information you will find some key information about supporting your student throughout the year with technology.

Student Devices

All students in K–5 will receive a district issued Chromebook. This device will be assigned to your student and utilized each year.

Chromebooks allow students to easily navigate to resources they will use throughout the day to help them learn.

At certain times in the year, students may bring their devices home. They will carry them in a district issued bag. This could be due to the district calling an eLearning or Remote Learning day.

At home, Chromebooks should be taken out of their bags when students are using them to learn. Always carry the device by two hands and away from food and drink. When not using your device keep them in a safe and secure location. inside the bag.

Student devices are filtered and monitored to ensure student safety at home and at school.

Classroom/Remote Days

Synchronous Learning
learning that takes place in the same space, at the same time, this can happen over zoom!

eLearning

Asynchronous Learning
learning that takes place at the learners pace on the learners time

eLearning

- students are expected to login to Schoology to view instructions & assignments
- required to complete all work assigned
- attendance is based on turning in work by the end of the 3rd day
- teachers will hold office hours for student questions

Remote Learning

- students engage in live, virtual instruction
- students must check in using the Google form for attendance
- Teachers will determine due dates for assigments

Still need help? Contact the FWCS HelpDesk at (260) 467-4357 or visit the SupportED site.

I am a Growing DIGITAL LEARNER
2nd Grade

I am an Empowered Learner

I can use Schoology to access materials my teacher has shared.
I can use a This or That choice board to help me show my learning.
I know how to access my Google Drive and open a new document or slide to create.

I am a Digital Citizen

I can keep my device safe by following my classroom rules.
I will be responsible when I am using my device.
I will be kind when I am working with others online.
I can use my email and password to login. I will keep my information private.

I am a Knowledge Constructor

I can use Thin Slides to help me share key information I learn.
I can look for information on Pebble Go or other online reading tools.

I am a Computational Thinker

I can learn to create a code that will move an Ozobot to different locations.
I can use the Ozobot to show my learning by coding it to complete various tasks.

I am a Creative Communicator

I can collaborate with my classmates to create in Google Slides or Canva.
I can create a mutliple slide presentation that includes text and images to share my learning.

District Resources

Clever
Students first stop to get access to programs and links from their teacher

Parent Square
Get updates and information from teachers and schools

PowerSchool
This is our district program for grades. You will receive information on how to access and log in

Schoology
This is our district Learning Management System (LMS). Teachers use it to share content with students

Seesaw
An online Journal to share and complete work

Pebble Go
An online platform for reading informational text.
