New Courses at EMS

This year we are excited to add additional classes to our course handbook such as Spanish for Beginners, 6th grade Advanced ELA, 7th and 8th grade Advanced Math.

4 day School Week Training

The teachers at EMS spent August 8th & 9th do a deep dive into our ISAT results, breaking down the scores to the target level. As they did this they analyzed the standards tested and determined where our students are the strongest and weakest. Afterward, they moved on to adjusting their curriculum maps from 5 days to 4 days while keeping in mind the test results and essential standards.
