

Banned Substances 2024-2025

It is the student athlete's responsibility to check with the appropriate or designated athletic staff before using any substance.

The NJSIAA bans the following drug classes:

- 1. Stimulants
- 2. Anabolic agents
- 3. Beta-blockers
- 4. Diuretics and other masking agents
- 5. Narcotics
- 6. Cannabinoids
- 7. Peptide hormones, growth factors, related substances and mimetics
- 8. Hormone and metabolic modulators
- 9. Beta-2 agonists

Note: Any substance chemically/pharmacologically related to any of the classes listed above and with no current approval by any governmental regulatory health authority for human therapeutic use (e.g., drugs under pre-clinical or clinical development or discontinued, designer drugs, substances approved only for veterinary use) is also banned. All drugs within the banned-drug class shall be considered to be banned regardless of whether they have been specifically identified. There is no complete list of banned substances.

Substances and Methods Subject to Restrictions:

- 1. Blood and gene doping.
- 2. Local anesthetics (permitted under some conditions).
- 3. Manipulation of urine samples.
- 4. Beta-2 agonists (permitted only by inhalation with prescription).
- 5. Tampering of urine samples.

NJSIAA Nutritional/Dietary Supplements:

Before consuming any nutritional/dietary supplement product, review the product and its label with your school's athletics department staff.

- 1. Many nutritional/dietary supplements are contaminated with banned substances not listed on the label.
- 2. Nutritional/dietary supplements, including vitamins and minerals, are not well regulated and may cause a positive drug test.
- 3. Student-athletes have tested positive and lost their eligibility using nutritional/dietary supplements.
- 4. Any product containing a nutritional/dietary supplement ingredient is taken at your own risk.

Athletics department staff should consider providing information to student-athletes about supplement use and the importance of having nutritional/dietary products evaluated by qualified staff members before consumption. The NJSIAA has identified Drug Free Sport AXIS[™] (AXIS) as the service designated to facilitate student-athletes and schools review of label ingredients in medications and nutritional/dietary supplements. Contact AXIS at 816-474-7321 or <u>axis.drugfreesport.com</u> (password: njsports).
