# CAMPUS LEARNING EXPLORATIONS

## About Explorations

Campus Learning Explorations are a learning opportunity! These opportunities bring you beyond your own classrooms and schools to observe learner-centered practices and bright spots in classroom environments, celebrate strengths, and identify teaching and learning trends to inform future support—all in a non-evaluative way.

This new opportunity, organized by the Region 12 Campus Leadership department, encourages campus leaders to visit campuses and classrooms to see learning in action, not only as a best practice, but to build your network of support within the region. **Campus Learning Explorations are open to Leadership Membership districts and participants of the Leadership Series. Each exploration is limited to 20 participants unless otherwise stated.** Each exploration will be scheduled for a half-day experience at the discretion of the host campus.

## Explorations Include

- ✓ A brief overview/introduction to the campus strengths and current growth goals from Campus Leadership
- ✓ Classroom or PLC visits in small groups, and
- ✓ A whole-group debrief to share out celebrations and ask questions to support future plans

### Alta Vista Elementary (Waco)

September 12, 2024  
Session ID #376039

### Foster Elementary (Riesel)

October 10, 2024  
Session ID #376043

### Hico Elementary

November 14, 2024  
Session ID #376044

### Ezra Carroll Elementary (Corsicana)

December 12, 2024  
Session ID #376045

### Hillsboro Junior High

January 9, 2025  
Session ID #376046

### Whitney Middle School

February 13, 2025  
Session ID #377418

### Robinson High School

March 19, 2025  
Session ID #377510

### Robinson Elementary

May 8, 2025  
Session ID #377511
