SHUTTLE PARKING LOCATION AND AFTERNOON QUEUE SYSTEM

Shuttle Van Information

We provide a morning shuttle from the MRT to KIS, departing from the Thailand Cultural Center station, Exit 2. After exiting the station, walk about 150 meters to find a small parking area outside the Noble Revolve condominium where you can board the shuttle.

For the afternoon service, there are two shuttle rounds from the MRT to KIS and thirteen shuttle rounds from KIS to the MRT Thailand Cultural Center station, Exit 2.

You can find the latest timetable and directions to the MRT shuttle bus parking for both the morning and afternoon services at the bottom of this document.

Please note that for the afternoon shuttles from KIS to the MRT, you will need to scan a QR code to book your place in the queue. More information on using the virtual queue system is available at the bottom of this document.

Primary school students who have older siblings in secondary school are permitted to use the shuttle service with their older siblings, no adult supervision is required.

Grade 4 and Grade 5 primary students can ride the morning shuttle alone, but they must have a shuttle pass and a signed parent agreement.

Primary students are not allowed to ride the afternoon shuttle alone due to the dismissal policy, which requires an adult to pick them up from the classroom.

MRT MORNING SHUTTLE PARKING LOCATION

Boarding direction

1. The entrance and exit map of MRT Thailand Cultural Center station. There are 4 exits. When getting off the train, please follow exit 2 sign.

Exit 2

2. When coming out of exit 2, turn left and walk up the street for a few meters.

3. In the morning, you'll find our vans parked along the fence, indicated by an arrow. The afternoon shuttle from MRT to KIS (rounds 13:50 and 14:15) will also be available from this same location.

MRT AFTERNOON PARKING LOCATION (KISTO MRT)

All shuttle vans depart from the school parking lot. After exiting through the flap gate, turn left and walk towards the vans. Please remember to scan the QR code available at the parking bay (on the columns).

MRT SHUTTLE VAN QUEUE SYSTEM TUTORIAL

The system is required to board the afternoon shuttle from KIS to MRT only. This queue system has been designed to eliminate the physical queue in the afternoon shuttle boarding. It is mimicking the physical queue which cannot be implemented effectively by the shuttle service.

We apply dynamic QR code to prevent people from saving the link in order to block the seat in advance. For the time being, the QR code is replaced daily and is posted at the shuttle bay. The system is currently available for the afternoon shuttle booking.

This QR code system does not apply to the morning shuttle or the afternoon shuttle from MRT to KIST, which is on a first come first serve basis. the morning shuttle which is on a first come first serve basis.

Step by step guide

How to make your booking

1. At the MRT parking, look for QR code which is placed on the column
2. On your mobile phone, scan the QR code (students with no mobile phone can register directly with the shuttle driver)
3. Click on the link to receive your ticket queue by
 - Select passenger type. Staff/Student or Parents/Visitor
 - Enter your KIS email address
 - Scroll the page and select the shuttle round
 - Click the button "Book Now"
4. Your queue ticket will appear. This ticket will be in "My Queue" menu
5. Show your ticket to the shuttle driver

How to cancel your booking

Once you received the queue ticket but decided to either change the round or cancel completely.

If you have already closed the booking form, then use your phone to scan the QR code again. Go to "My Queue" menu  Click "Cancel Booking"

If your phone still has the booking form open, you do not need to scan the QR code. Go to "My Queue" menu and click "Cancel Booking"

Your daily queue will be cleared from the system at the end of the day.

Please note:

- You can book up to 3 seats within the same round. This functionality is designed for primary school families or staff with children. It should be used for this purpose only. It should be ok if occasionally, someone may forget their phone and ask someone else to do this for them.
- You cannot book more than one round per afternoon.
- Application design may be updated in the future to prevent people from misuse of the queuing system. If successful, the system will be expanded to offer a queue in the morning shuttle.
