

Arrival Procedures:

- Student drop off is located in the back drive.
- Students may exit vehicles starting at 7:05.
- Please allow students to exit from the passenger side door(s).
- Pull all the way to the staff member to allow the maximum number of students to exit vehicles at the same time.
- Staff members will be on duty to greet students, but they will not open doors to keep arrival running efficiently. Please have students practice opening and closing doors.
- The tardy bell rings at 7:30, so please allow yourself plenty of time to come through the line and for your child(ren) to exit the vehicle, walk inside, and walk to class.
- **If your child is tardy, park in the front of the school, walk your child to the front office and sign them in.**

Arrival on the Side:

- The side drive is used for employees, buses, Pre-K, and special programs **ONLY**.
- The side drive is **not** open for public this year.

Thank you for your cooperation and patience with morning arrival.
