

Building Foundations For Life

Dear Kindergarten Families,

Welcome to Asbury Elementary! We are very excited to share in your child's educational experience! This year, we are thrilled to provide each incoming kindergarten student with a Kindergarten Readiness Bag!

As an educational institution committed to fostering early childhood development, we recognize the critical importance of equipping children with foundational skills as they enter kindergarten. With the financial support of the Millcreek Education Foundation, we were able to provide each incoming kindergartener with a bag filled with essential literacy, math, and social-emotional resources to ensure they are well-prepared for the challenges and opportunities that lie ahead.

Each bag includes an age-appropriate book, flashcards, an alphabet arc, and writing materials designed to foster phonemic awareness, vocabulary development, and early literacy skills. The bags also contain math manipulatives, counting cards, and dominoes to introduce basic mathematical concepts such as counting, shapes, patterns, and spatial awareness. Each activity has a QR code that links to a video to explain the directions and demonstrate how to use the material with your child.

Additionally, we will provide informational materials and resources for parents throughout the year to support your child's learning at home, including tips for reading aloud, interactive activities, and guidance on incorporating math concepts into everyday routines.

We hope you enjoy these activities with your child! Please reach out to us if you have any questions!

Sincerely,

Mrs. Katie Lackey
Principal

Mrs. Carol Elliott
Assistant Principal

Ms. Josette Fiorenza
Student Intervention Specialist
