

Dear Families of Elementary Students,

This year in partnership with Synergy Services, your child's classroom will have social and emotional lessons using the MindUp curriculum. Topics include getting focused, identifying your senses, having a positive outlook, and being kind. As part of the lessons, students will be given a pre/post survey. It **does not** include student information, such as name, age, or other demographic information. The pre/post survey will be given electronically and students may skip any questions they do not wish to answer.

To view lesson summaries and the pre/post survey please visit <https://www.lps53.org/academics/special-programs/childrens-services-fund>.

If you **do not** want your child to participate in the pre/post survey please fill out this form and return to your child's teacher by _____.

Take care,

LPS Department of Special Programs

I **do not** want my student, _____,
(Print Student's Name)

to participate in the pre/post survey.

Parent Name: _____
(Print Parent's/Guardian's Name)

Parent Signature: _____
