Lakes International Language Academy Community Use of School Facilities Handbook

Community Use of Facilities Policy Statement

The Lakes International Language Academy (LILA), District 4116, School Board recognizes the benefits of having the District's school facilities available for educational, cultural, civic, social, and recreational activities of the community. Refer to School Policy #506 for additional information.

District facilities exist primarily to serve the educational needs of youth in the community. No group or organization will be scheduled if requested use interferes with regular school programs or school-sponsored activities. The District will determine the most appropriate and available use of the district's facilities.

Facility Use Operations

Most facilities are available for a variety of activities as guided by District policies. Facilities are available during non-school hours. General hours of operation during the school year are Monday-Friday from 6-10 p.m. and Saturday/Sunday from 8 a.m.-5 p.m. Additional days and times may be available upon request and are dependent upon staffing availability.

The Facility Use Scheduler coordinates all aspects of community use including space rental, school equipment, staffing, and other needs as required. They also assist in coordinating large events such as conferences.

Classifications

Organizations using school facilities are grouped into one of six classifications. School-sponsored activities are not assessed as a rental fee for using school facilities. A rental fee schedule has been established for facility usage for non-district organizations based on the nature and purpose of each agency, organization, or group. All other requirements for use are consistent across user groups. This includes application procedures, standards of conduct, district staffing, supervision, etc.

- **Classification 1:** District curricular, co-curricular, extracurricular activities, and affiliates including LILA PTO, LILA Foundation, and LILA Booster Club.
 - The District reserves the right to assess fees for excessive set-up or cleaning - e.g. hauling in chairs or tables from another building; spills/stains on carpeting.
- **Classification 2:** Tax-supported public agencies conducting public hearings, elections, candidate forums, meetings, etc..
 - Users may not generate revenue from admissions fees, concessions, or other fundraising activities. A registration fee for the activity does not count as revenue.

- **Classification 3:** Non-profit youth service groups such as Scouts, 4H, etc.
 - Eighty percent or more of youth participants must be enrolled at LILA. Users may not generate revenue from admissions fees, concessions, or other fundraising activities. A registration fee for the activity does not count as revenue.
- **Classification 4:** Non-profit youth and adult organizations conducting activities such as meetings, recreation, athletics, or classes; fraternal and service organizations; other special interest groups having a non-profit status.
 - Eighty percent or more must be enrolled at LILA, employed by LILA, or have children currently enrolled at LILA.
 - Users may not generate revenue from admissions fees, concessions, or other fundraising activities. A registration fee for the activity does not count as revenue.
- **Classification 5:** Non-profit groups, including users in Classifications 2, 3, or 4, that are charging admissions fees, selling concessions, conducting fundraising activities, or do not meet the 80% LILA threshold for a lower classification.
 - Includes youth or adult recreation, athletics, classes, or other activities.
 - A registration fee for the activity does not count as revenue.
- **Classification 6:** For-profit users including non-LILA educational institutions and their affiliates, individuals, private agencies, vendors, religious, or other groups or organizations using district facilities for commercial purposes or profit.

Facility Use Prioritization

Lakes International Language Academy (LILA) is committed to the use of facilities by residents of all ages and every effort will be made to ensure reasonable public access to LILA facilities. To achieve maximum extended day and weekend use of District facilities with minimum conflict, access to facilities is prioritized as follows:

- **First Priority:**
 - LILA events and activities, including academics, athletics, fine arts, classes, clubs, after-school and summer activities, and meetings.
 - LILA PTO, Foundation, and Booster meetings and events.
 - Organizations with which LILA has a contractual agreement.
- **Second Priority:**
 - External community-based non-profit youth groups, including arts, Scouts, 4H, YMCA, and recreation/athletic organizations.
- **Third Priority:**
 - Religious organizations, for-profit organizations, or private groups that provide adult or youth educational, civic, recreational, or charitable activities and do not charge admission.
- **Fourth Priority:**

- Individuals, private agencies, companies, and vendors using facilities for commercial purposes or profit.

The Facilities Use Scheduler coordinates all requests for facility use. In the event of conflicting requests for space(s) the scheduler may defer to building or District administration to resolve conflicts. All rentals are contingent upon the availability of building supervisory staff.

Process and Procedures for Scheduling School District Facilities

The application process and all aspects of scheduling District facilities are coordinated by the Facilities Use Scheduler. Community activities are defined as any activity scheduled by an individual, group, or organization for the sole purpose of conducting a non-district activity, meeting, or event. Requests for the use of space may be made up to 12 months before the intended use date, but no community activities will be scheduled until District events and activities have been approved and entered into the scheduling system. Procedure for scheduling community use of facilities:

- 1) A permitting and contract process is utilized to secure the use of District facilities. The first step is to complete the online Facility Use Application. A paper copy of the application is available upon request.
- 2) The Facility Use Application must be completed to provide reservation information for requested facilities and equipment at least 21 business days before expected use. A certificate of liability insurance is required for all events and activities - see the Liability and Insurance section of this document for deadlines and additional details.
- 3) Facility rental fees associated with the use of District facilities, including application fees, deposits, or partial fees where applicable, must be paid on or before the first day of the event or activity, unless otherwise specified in a signed contract.
- 4) Facility use permits and contracts will be issued within seven (7) business days of receipt of the Facility Use Application and certificate of insurance if the requested space is available and the rental is approved. Facilities are not considered reserved until the user group receives a Facility Use Permit.
- 5) The approved request is a contract with the applicant and/or organization, and it may not be sublet or transferred to any other individual, group, or organization.
- 6) The Facility Use Permit must be in the possession of the group leader upon entry to the facility.

Liability and Insurance

Users of District facilities shall agree to hold harmless and indemnify the school district for injury and damage to the school or other property by any person or persons attending an activity.

- 1) All users assume full responsibility for personal injury to any participants or spectators, as well as damage to District equipment, buildings, and grounds.
- 2) Groups issued a permit are required to submit a certificate of insurance for general liability with limits not less than \$1,000,000 per occurrence limit and \$2,000,000 aggregate. Exceptions may be granted, but must be approved by the LILA Executive Director or a designee.

- 3) Required certificates or endorsements must be uploaded to the Facility Rental site or sent to the Facility Use Scheduler a minimum of 21 days before the first date of the event or activity, or the District has the right to cancel.

It is the permit holder's responsibility to communicate and enforce these rules and restrictions with those participating in the event or activity.

- 1) The School Board and/or Executive Director may cancel an approved use effective immediately if, in their judgment, continuation would be potentially harmful and/or dangerous, or that the program and/or participants' actions are not of a moral standard equivalent to that generally accepted in the community.
- 2) The possession or consumption of alcoholic beverages and illicit/illegal drugs is prohibited in District buildings and on District grounds. Any individual under the influence of any substance will be denied use of the facilities.
- 3) The use of tobacco in any form is prohibited in District buildings and on District grounds.
- 4) The possession of firearms is prohibited in District buildings and on District grounds.
- 5) All legal ordinances pertaining to public assemblies must be adhered to and will be enforced.
- 6) Disorderly conduct of any kind is prohibited and will result in ejection from the facility.

The District has the sole authority to determine the repair or replacement cost of any damages that occur.

- 8) All activities must be under competent adult supervision with the individual or organization using the facilities assuming full responsibility. Members of the activity will not be admitted into the facility until a District building supervisor is present.
- 9) Children must be supervised at ALL times. This includes drop-off, pick-up, and hallways, bathrooms, and other spaces being utilized for the activity. Supervisors must be the first to arrive and the last to leave to ensure proper supervision.

- 15) All event signage and advertising must be approved in advance by the District and must be removed immediately following the event. Signage must be confined to the event monitors and score tables, and cannot be placed on any interior walls or facilities utilized by the event unless approved by the District. The District is responsible for any permanent facility signage and advertising, and reserves the right to censor all advertising and signage that may conflict with their mission and intent.
- 16) It is the permit holder and/or group supervisor's responsibility to return their rental space to its original order after the event or activity. All chairs, tables, equipment, and other materials must be cleaned and returned to the exact placement as it was found when entering the rental space. If excessive trash is generated, the user should assist school staff in removal. A \$45 per hour clean-up fee will be assessed for violation of this rule.
- 17) Inclement weather and/or building emergencies may necessitate postponement or cancellation of an activity or event. Check the district website at mylila.org for information regarding buildings or grounds closings. School closings do not always mean that buildings or grounds are closed for community use. In the event of an emergency or severe weather during an event, you must immediately follow the instructions of the building supervisor or other District staff. Failure to do so may result in a loss of use privileges.
- 18) In the case of emergencies or disasters, the School Board and/or Executive Director may authorize the use of school facilities by civil defense, health, or emergency service authorities.
- 19) The School Board and/or Executive Director or their designee are authorized to act in any case not covered by these rules and regulations or to make exceptions to the rules and regulations as deemed necessary.
