**GRADE LEVEL: 4      COURSE NAME: Math**  
**MEASUREMENT TOPIC: Add and Subtract Multi-Digit Whole Numbers**

<b>4</b>	In addition to Score 3, the student makes in-depth inferences and applications. <ul style="list-style-type: none"><li>• Identify and correct errors in a given strategy for adding or subtracting multi-digit whole numbers</li></ul>
<b>3</b>	<ul style="list-style-type: none"><li>• Use place value strategies to fluently add multi-digit whole numbers and connect strategies to the standard algorithm.</li><li>• Use place value strategies to fluently subtract multi-digit whole numbers and connect strategies to the standard algorithm.</li></ul>
<b>2</b>	<ul style="list-style-type: none"><li>• Use place value strategies and properties of operations to fluently add within 1,000 connect strategies to the standard algorithm.</li><li>• Use place value strategies and properties of operations to fluently subtract within 1,000 and connect strategies to the standard algorithm.</li></ul>

**1**

With help, a partial understanding of some of the simpler details and processes and some of the more complex ideas and processes.

**Key Vocabulary:** standard algorithm, add, subtract, sum, difference, place value, multi-digit, regroup
