GRADE LEVEL: 5 COURSE NAME: Math

MEASUREMENT TOPIC: Use Various Strategies to Add and Subtract Fractions with Unlike Denominators

4

In addition to Score 3, the student makes in-depth inferences and applications.

3

- **Mentally estimate whether an answer is reasonable by using:**
 - **benchmark fractions**
 - **number sense of fractions**
- **Solve word problems involving addition and subtraction of fractions and mixed numbers with unlike denominators.**
- **Use fraction equivalence to add and subtract fractions and mixed numbers with unlike denominators.**

2

- **Use fraction models to represent addition and subtraction of fractions with unlike denominators.**
- **Recognize and generate equivalent fractions.**
- **Add and subtract fractions with like denominators.**

1

With help, a partial understanding of some of the simpler details and processes and some of the more complex ideas and processes.

Key Vocabulary:
