Grading

For the purpose of calculating grades at Milford High School, grade point averages and letter grades on report cards and transcripts shall be based on the following numeric range:

Grade Percentage	Quality Points	Weighted QP
A+	4.25	5.25
A	4.0	5.0
B+	3.25	4.25
B	3.0	4.0
C+	2.25	3.25
C	2.0	3.0
D	1.0	
F	0	

Weighted Grades System

In the area of class rank and weighted grades, the following policies will be upheld:

1. That all students are afforded the opportunity to be successful. By this, it is meant that they have a chance to work up to their ability and be recognized for their own particular level.
2. That the top Milford High School Academic students get the recognition they deserve in terms of class ranking and the incentive to continue in the most difficult courses Milford High School has to offer.
3. Milford High School's graduation awards are for success in the Milford High School course of study.
4. Weighted grades allow for a fair and equitable system for all students.
5. Honors, Dual Enrollment, and Advanced Placement classes in mathematics, science, social studies, and English will be weighted for the purpose of class rank. Starting with the class of 2020, Academic Challenge Courses will also receive weighting for both semesters.
6. Academic Challenge students in levels 1-3 receive letter and number grades. For purposes of weighted grades and class rank, the higher of the two grades will be recorded and used for calculation.
7. Academic Challenge students in levels 4 & 5 University of Delaware classes receive only letter grades and students are not permitted to request numerical grades. Therefore, the letter grade for these courses transfers equally to the Milford High School scale (ie: A letter grade of 'B' will transfer to a 'B' 3.0). Since UD does not issue letter grades with a '+', these grades will not be awarded at Milford High School.

Class Rank

Class rank is calculated using the total number of Quality Points earned divided by the total number of credits earned. Class rank is first calculated at the end of the junior year and is based on the grade average for all Carnegie Unit courses completed from grade 9. A second ranking is made at the end of the first semester of the senior year. A third ranking based on eight semesters will be done at the end of the senior year. Academic honors (valedictorian and salutatorian) awards will be determined from the third ranking. When there is a tie for valedictorian, there will be no salutatorian.

Student Progress

Parents can access students' daily progress and attendance for all classes from home via Eschool Home Access, the school information database. To obtain access to Home Access, parents need to request a password and instructions for use from the high school office.

Report Cards

Report cards will be issued upon request. Milford High School will release report cards and interim reports through E-School. An all call and email will notify parents within one week after the close of each nine-week marking period in November, January, April, and June (May for seniors).

Class Scheduling Requirements

1. Minimum Program: Each student shall be scheduled for 8 credits per year.
2. The following is used for class standings:

Credits Required	Grade
6	10
13	11
20	12

Schedule Changes

Schedule changes are made at the discretion of the administration. School counselors make classroom presentations regarding course selections for the following school year. After classroom presentations, counselors meet individually with each student to review transcripts and selection of courses. Once students select courses, paperwork is given to the student for parent signature and is returned to the counselor. All schedule changes are to be made prior to the first day of school and/or first day of semester. Schedule changes will be made for the following reasons only: administrative error, assignment of a teacher whose class the student has failed in the past, or assignment of a course not previously selected by the student. Schedule changes are made during the first five (5) days of a new semester.

Parental Requests Concerning Schedules

The administration shall be responsible for scheduling students to those teachers required to provide for the educational needs of each student. While individual circumstances are considered, preferential requests from parents for assignment to specific teachers are not to be considered. See Board Policy #6302.

Senior Option

The school shall provide a program of optional study experience for seniors that recognizes individual differences in interests and abilities and encourages student initiative and self-direction in learning. Senior Option shall cover a broad range of learning activities emphasizing, but not limited to, career development and/or volunteer service. All Senior Option requests shall be student initiated, limited to students in their senior year, and reviewed for approval by an academic review board to assure academic standards are equal to other programs offered by Milford High School. Upon approval, a written contract shall be entered into by the student and the Milford School District specifying the terms for the individual student. See Board Policy #6306 for further criteria.

After the Bell (ATB)

Students who need extra time to complete work or who need tutoring assistance are encouraged to use the ATB program, which is available 2:30–4:30 p.m Mondays through Thursday. For complete ATB schedule, refer to the MHS website.

Honor Roll

Letter grades will be converted to quality points according to District Policy #6115. The Honor Roll requires an average of 3.2 (without rounding off).

Educational Opportunities

Credit Recovery Program (*Computer-based*)

The Credit Recovery Program utilizes an online program. Students may recover up to two courses per school year. All courses are scheduled through Guidance Services. The cost is \$75 per course. Any more than two classes per year require administrative approval. ELA and Math courses may have additional requirements and may not be available through the computer based recovery system.

Homebound Instruction

Homebound instruction will be provided for students who, because of illness or injury, are unable to attend school for an extended period. Parents are responsible for submitting to a counselor a completed PPS-E2 Physician's Recommendation for Homebound Instruction form. For more information, parents should contact the student's counselor.

Summer School Policy

MILFORD SCHOOL DISTRICT - POLICY 5404 STUDENT CODE OF CONDUCT

Chapter One: Introduction and Expectations

INTRODUCTION The Milford School District strives to provide a safe, drug-free, positive school climate that allows students to succeed. Schools must be free from disruptions that interfere with teaching and learning activities. Students, Parent(s)/Guardian(s), and school staff must assume a responsible role in creating a relationship as partners in the educational process of the students. By working together, a positive school environment that encourages the academic, social, and emotional development of all students can be achieved. With this in mind, the Milford School District Board of Education has developed this policy statement:

1. Students in the Milford School District shall respect constituted authority.
2. Citizenship in a democracy requires respect for the rights of others. Student conduct shall reflect consideration for the rights and privileges of others and demands cooperation with all members of the school community.

3. High personal standards of appearance, clothing, courtesy, decency, morality, clean language, honesty, and wholesome relationships with others shall be maintained. Respect for real and personal property, pride in one's work and achievement within one's ability shall be expected of all pupils.

Students, Parent(s)/Guardian(s), and Staff are expected to become familiar with the entire contents of this document.

WHAT IS THE STUDENT CODE OF CONDUCT? The Student Code of Conduct is an official declaration of the Milford School District Board of Education which:

- Specifies the responsibilities and rights of students.
- Defines conduct that is expected to maintain a positive and safe learning environment.
- Provides standardized procedures for disciplinary action.
- Defines appeal procedures.
- Incorporates excerpts from State and Federal laws and regulations.

The Milford School District subscribes to the philosophy of progressive discipline and recognizes and expects teachers to use effective classroom management skills and strategies to handle classroom behaviors and disruptions. Those skills and strategies include, but are not limited to seat changes, proximity, reviewing and reteaching classroom and school expectations, conversations with student(s) (both with and without Parent/Guardian), calming area access, warnings, and time outs.

Therefore, each school administrator has the discretion to determine the necessary punitive action based upon the severity and/or regularity of each offense. Each school administrator (or designee) will select among the punitive action options outlined for each infraction in the student Code of Conduct. The consequences listed in this Code do not have to be used sequentially. The options listed below can be applied or not applied as discipline at the discretion of the specific Administrator, School Administrative team, and/or District Administrative team. Provisions in the Student Code of Conduct apply to all students Grades K-12. Differences in age and maturity are recognized in determining the type of disciplinary action to be taken. Students have a greater responsibility for their actions as they increase in age.

A copy of the Code of Conduct is sent home (email or paper) to each student upon school entry and is available on each school's web page. Orientation to the Code of Conduct is held in each school at the beginning of the school year whether in the classroom or an assembly.

WHEN IS THE CODE OF CONDUCT APPLICABLE? The following Discipline Code of Conduct applies:

- On school property prior to, during, and following regular school hours.
- On a school bus or at a designated school bus stop for any purpose. Infractions may result in removal from the bus.
- At all Milford School District sponsored events and other activities at which school administrators or staff have jurisdiction over students.
- Off school property resulting in criminal charges.

The Discipline Code of Conduct shall apply to out-of-school conduct by a student if the District believes that the nature of such conduct indicates that the student presents a threat to the health, safety, or welfare of other students and staff. Out-of-school conduct rising to this level of severity may result in an alternative placement or expulsion recommendation of up to/including 180 school days and shall include but is not limited to:

- Acts of violence, which are punishable by law.
- Sexual offenses, which are punishable by law.
- The sale, transfer, or possession of drugs and drug paraphernalia, which would constitute an offense punishable by law.
- Felony charges.

STUDENTS WITH DISABILITIES: An IEP team or Section 504 team meeting shall be conducted for students with a disability if disciplinary removal from school for more than ten (10) days, alternative placement, or expulsion is recommended. Ten (10) days can be consecutive or cumulative. The student's disability must be identified, as defined by Federal and State laws and regulations.

DELAWARE INTERSCHOLASTIC ATHLETIC ASSOCIATION REQUIREMENTS: A student may not participate in a practice, scrimmage, or contest during the time of a suspension, either in school or out of school, is in effect or during the time the student is assigned to an alternative school for disciplinary reasons.

SCHOOL ADMINISTRATION & IN LOCO PARENTIS RIGHTS: The term *in loco parentis*, Latin for "in the place of a parent" refers to the legal responsibility of a person or organization to take on some of the functions and responsibilities of a parent. Originally derived from British common law, it allows institutions such as colleges and schools to act in the best interests of the students as they see fit, allowing what would otherwise be considered violations of the students' civil liberties.

Delaware Code, Title 14 (Education), Chapter 7 (Lawful Authority of Teachers Over Pupils), § 701 (b) states: *While a student is entrusted in their care or supervision, public school teachers and administrators have the same authority to control the behavior of the student and to discipline or punish the student as a parent, custodian, guardian or other person similarly responsible for the care and supervision of the student except as provided in § 702 of this title. The authority includes removing a student from a classroom or school-sponsored activity.*

EXPECTATIONS: The Code of Conduct serves as a reminder that our collective success is contingent upon the active engagement and collaboration of all stakeholders. We encourage students to embrace their roles as responsible learners and citizens of your school community. We invite parents to be active partners in your student's educational journey, supporting their growth, communicating openly with our staff, and reinforcing the portrait of a Buccaneer. School personnel will foster an environment that nurtures academic and personal growth. By working together and adhering to the following expectations, our schools will be safe, secure, equitable, and inclusive learning environments where all students can succeed.

B. Legal interpretation; and

C. Annual Review

Activities for which a student may be on a bus include, but are not limited to, riding their assigned bus to and from school, activity buses, athletic buses, field trips, etc.

School Bus Drivers should take steps to organize and promote a safe school bus environment. Drivers and Principal/District Designee shall implement this policy in the manner specified. The implementation of this policy is in compliance with Delaware State 14 DE Reg. 1150 which requires the school district assume primary responsibility for student conduct.

Each school will be responsible for presenting the following Bus Safety Rules to all students in the District, including walkers. - All body parts belong inside the bus (hands, head, hair, feet, etc.)
- Talk quietly (no shouting, screaming, loud noises, etc.)
- Do not throw or toss objects inside or out of the bus.
- Keep your belongings inside your book bag.
- Do not touch emergency equipment (back and side door, roof hatches, first aid and body fluid kits, etc.)

Along with the Bus Safety Rules, the following regulations will assist with safety, prompt arrivals and departures of buses, and promote a positive atmosphere on the school bus. Violation of these regulations may result in disciplinary actions.

- Students must ride their assigned bus to and from their assigned stop. Switching buses without administrative permission is strictly prohibited.
- Students should be present and visible at their assigned stop ten (10) minutes before the assigned bus stop time. A bus will not be dispatched to pick up students who were not present on time.
- Students are not to leave the bus without the driver's permission, except on arrival at their regular bus stop or at school.

- Students should help keep the bus clean, sanitary, and orderly. Students will be held liable for damaging bus equipment and/or seats.
- The bus windows should not be opened without permission from the Bus Driver.
- Students are prohibited to use any tobacco, drugs or drug-like substances while on the bus. Students are required to follow Appendices F & G (Drug and Alcohol Policy and Tobacco and Vaping Policy) while utilizing District transportation.
- Students are not to use abusive language, profanity, obscene gestures, or spit on the bus.
- Students may not bring live animals (unless service animal outlined in 504 or IEP), balloons, glass containers, or skateboards on the bus.
- Athletic equipment, band instruments, or other school materials brought on the bus must fit between the student's legs and not be placed on the seat or in the aisle. This equipment is not to be used or played with while on the bus. If equipment has sharp edges or hooks it should be bagged properly in order to avoid potential injury to students or damage to the bus.
- Students are to enter the bus, immediately take their seats, and remain seated until the bus comes to a complete stop.
- Students are to conduct themselves in a manner that will not distract the driver. Distracting the driver puts everyone at risk.

Safety Procedures for Boarding and Exiting the Bus

- If crossing a street to board the bus, students must look both right and left for cars, wait for the driver's signal to cross, and make sure the red lights are flashing. - Students should enter and exit the bus without crowding or pushing.
- Do not stand in the danger zones of a school bus (minimum of ten (10) feet all around the bus).

Bus Discipline Referral Process: The following steps should be implemented when carrying out Bus discipline:

A. For any suspension from the bus, the Principal/District Designee must contact the Parent/Guardian prior to the suspension. If there is a loss of bus privilege, it will start no later than two (2) days after the school has notified the parents.

B. An administrator or bus contractor can enact or prolong a bus suspension if the student presents a threat to the health, safety, or welfare of other students and staff provided that Parent contact has been made prior to the suspension.

C. Infractions are cumulative regardless of offense type.

D. If a student commits a series of related offenses on a bus trip, the offense with the highest penalty is to be chosen for action.

E. After each five (5) day suspension there will be a mandatory meeting between the Parent/Guardian and district personnel to discuss next steps and expectations for student conduct. Alternate measures/ restricted privileges may be incurred.

Parent contact – Drivers and/or contractors are to make a reasonable attempt to contact parents prior to writing a bus referral. This effort should be documented on the referral form when necessary. A Principal/District Designee must notify the Parent/Guardian of any suspension or denial of riding privileges.

Contractor/Driver Meeting Request – Contractors and/or drivers may request a meeting with administration and parents of children in grades Pre-K-12 prior to writing a bus referral.

Chapter Two: Students Rights and Responsibilities

SEARCH AND SEIZURE: Students shall be free from unreasonable search and seizure of property as guaranteed by the Fourth Amendment to the U.S. Constitution. This individual right is balanced by the school's responsibility to protect the health, safety, and welfare of others. School officials have a right under the law to search students or their property whenever there is reasonable suspicion that the students have something that violates school rules or endangers the health, safety, or welfare of others. Students may be searched to maintain the ongoing educational process, to maintain order, and/or to protect people and property. Searches may include the student and his/her locker, desk, automobile, MSD owned computing resources including all data stored on the MSD network, personal belongings, book bags, purses, or any bags or containers used to carry personal property.

Student motor vehicle use to school and in the school environment is a privilege extended by the School District to students in exchange for their cooperation in the maintenance of a safe school atmosphere. Reasonable suspicion of a student's use, possession, or distribution of alcohol, a drug, a drug-like substance, a drug look-alike substance, or drug paraphernalia, or weapon may result in the student being asked to open an automobile in the school environment to permit school authorities to look for such items. Failure to open any part of the motor vehicle, at the request of school authorities, may result in the police being called to conduct a search, and will result in loss of the privilege to bring the vehicle on campus.

Additionally, in an effort to maintain a safe school environment, any and all Law Enforcement entities in our jurisdiction and Milford School District Administration will periodically conduct safety scans inside of Milford School District buildings. These scans will involve the use of trained K9 officers.

RIGHTS AND RESPONSIBILITIES OF POSSESSIONS

Students have the right: To privacy in their personal possessions unless the administrator/designee/staff member has reasonable suspicion of a student's use, possession or distribution of alcohol, a drug, a drug-like substance, a look-alike substance, drug paraphernalia or of a student's unauthorized possession of items which include but are not limited to: electronic device, weapon, stolen property, unsafe item, or dangerous instruments in the School Environment.

Students have the responsibility: Not to carry, conceal, or possess any materials which are illegal, disruptive, dangerous, or offensive to others. Cell phones and other electronic devices must have the power turned off and be out of sight during the school day from the time the student arrives on school grounds until the end of the school day and on the bus. Cell phone use during the school day within the school building, school grounds and/or school buses is prohibited. The District is not responsible for cell phones or electronic device which may be lost or stolen.

Lockers: The District presumes a student possesses, and is responsible for, all items found in the student's locker. Students should regularly check the contents of lockers. If students fail to lock lockers, or provide others access to personal lockers, students remain responsible for items found in personal lockers. Student lockers are the property of the school and may be subject to search by an administrator at any time with or without reasonable suspicion to protect the health, safety, and welfare of others.

Bookbag/Purse: The District presumes a student possesses, and is therefore responsible for, all items found in the student's bookbag, purse, or similar bag or container used to carry books or personal property (referred to as "bookbag"). Students should regularly check the contents of their bookbags. If a student fails to secure his/her

bookbag, or provide others access to his/her bookbag, the student remains responsible for items found in his/her bookbag.

Motor Vehicles: The District presumes a student possesses, and is therefore responsible for, all items in the student's motor vehicle. This presumption applies to any motor vehicle driven to school without regard to who owns or rides in the motor vehicle. Before bringing a motor vehicle to school, or a school activity, students should carefully inspect the motor vehicle. If a student fails to lock his/her motor vehicle, or permits others access to his/her motor vehicle, the student remains responsible for items found in his/her motor vehicle.

STUDENT DEBT RESPONSIBILITIES: Students are responsible to pay debts incurred during school. Refusal to pay for lost, damaged, stolen school property or services rendered by a school program such as, but not limited to, field trip fees, food, transportation, or other services related to classes, student activities, and athletics may result in loss of participation in school sponsored functions. Students may petition to the school administrator/designee to set up a payment plan or other compensation plan. Students who have a debt with the school will be barred from attending school activities including field trips, Homecoming, Prom, and Commencement Ceremonies.

STUDENT MOTOR VEHICLE RESPONSIBILITIES: Driving to school is a privilege granted by the school administration. The District presumes a student possesses, and is therefore responsible for, all items in the student's motor vehicle or other conveyance. This presumption applies to any vehicle a student drives to school without regard to who owns the vehicle. Before a student brings a vehicle to school, or a school activity, he/she should carefully inspect the vehicle. If the vehicle is left unlocked or others are allowed to access your vehicle, the student who drove the vehicle to school remains responsible for items found in the vehicle. Students should follow the rules for driving/parking cars on school grounds as follows:

1. Register all vehicles with the office.
2. Park in designated spots only.
3. Obey the 15 M.P.H. speed limit.
4. Operate the vehicle in a safe manner.
5. Upon arrival at school, students shall go directly into the building.
6. Once on school grounds, students are not to drive off the property without administrative approval.
7. Administrative approval is required for students to be in the parking lot area when school is in session.
8. This is an unauthorized area for students during the school day.
9. No smoking on school grounds.
10. Students shall be on time for school.
11. Students must properly park in the designated student parking spaces.
12. Only junior or senior students who are legally permitted to drive without supervision may purchase registration to legally park/drive on school grounds. Students who disobey these rules may have their school driving/parking privileges suspended or revoked. Students who have unregistered vehicles, suspended or revoked driving privileges, or who park in unauthorized or other assigned spaces will be given disciplinary action in accordance with the Student Code of Conduct, and/or have their vehicle towed at the owner's expense. In addition, illegal conduct in a vehicle will be reported to law enforcement.

PERSONAL BELONGINGS RESPONSIBILITIES

SKATEBOARDS/ROLLERBLADES/WHEELED SHOES: Students are not permitted to bring or use skateboards, rollerblades, or wheeled shoes on school property.

ELECTRONIC DEVICES AND CELL PHONES: Milford School District discourages students from bringing cell phones and other communication devices to school. Such devices include but are not limited to: cell phones, tablets, lasers, cameras, electronic games, etc. Students are prohibited from using cell phones and other electronic communication devices during the school day without permission from a school official. All devices must be turned

off and kept out of sight during the entire school day when it is absolutely necessary to bring the device to school. Violators will receive disciplinary action in accordance with the Student Code of Conduct.

Chapter Three: Disciplinary Procedures for Violations of Student Code of Conduct

STUDENT DUE PROCESS RIGHTS: Pursuant to Del. C. 14 § 600 – 616, All students must be informed of the violation(s) and the range of disciplinary actions that can accompany the violation(s). The Code of Conduct is available to all students and families on the Milford School District website (print versions are available upon request) and disseminated and explained to students on a yearly basis. Each student involved in a situation which may result in a disciplinary action must be given the following due process by the administrator or designee:

- Informed of the allegation(s) against them, the conduct which forms the basis of the allegation(s), and explained the policy, rule, or regulation violated.
- Given an explanation of the evidence supporting the allegation(s) and an opportunity to present their side of the story, including any evidence, witnesses, or questions.

Parents are to be informed of incidents as soon as possible either by phone verbally or written notice. Reasonable efforts shall be made to include the allegedly offending student or Parent/Guardian in an investigation.

Students and their Parent/Guardian, as their representative, are afforded the right to appeal assigned discipline. A student appeal procedure is a mechanism by which a student may seek to remedy the situation where they feel they were not afforded due process, an incorrect consequence per the Code of Conduct was given, there is insufficient evidence for the charge, and/or the incorrect charge was used. An appeal can be filed if a student has not been able to obtain a resolution in a less formal manner.

Due Process Delay Provision: A student whose presence in the school environment poses a threat to the health, safety, or welfare to persons or property within the school environment, as determined by the Principal, may be immediately removed from the school provided that, as soon as practicable thereafter, the due process procedures are followed.

APPEAL PROCESS: Pursuant to Del. C. 14 § 600 – 616, disciplinary action may only be appealed to the next administrative level for failure of the school administration to follow any of the following reasons:

- Inappropriate due process
- Incorrect consequence per the Code of Conduct
- Incorrect charge or charge not supported by substantial evidence

Upon initiation of the appeal process, penalties shall not be implemented until the student ceases or exhausts their appeal. This “stay-put” provision does not apply in the following cases:

- If the student is being suspended as a first step in the Alternative Placement process.
- If the student has been charged with a criminal offense for an act committed outside of school;
- If the Principal determines the act allegedly committed by the student is a threat to the health, safety, or welfare of the staff or other students in the building.

APPEAL STEPS

- If after an administrator or their designee meets with the student and/or parent during a conference (either in-person, virtual, phone call, or email correspondence) to discuss a Code of Conduct violation(s) and the disciplinary consequence; a student and/or Parent/Guardian who would like to appeal to the next level

administrator, the student or Parent/Guardian must express their intent to appeal within 24 hours of the initial disciplinary action conference.

- The student and/or Parent/Guardian must put the reason for the appeal in writing within three (3) business days following the disciplinary outcome/action being appealed. The written request must identify what decision is being appealed and why to the appropriate level of administration. *If student is appealing the building Principal's disciplinary action or appeal decision it must go to the District level and start with the School Climate and Safety Supervisor.*
- Within three (3) business days of the written submission, the appeal will be decided upon by the next level administrator and addressed with the student and/or Parent/Guardian during a conference (either in-person, virtual, phone call, or email correspondence). A written determination shall be issued by the next level administrator who investigated the appeal within three (3) business days of receipt of the appeal and conference.
- A student/Parent/Guardian wishing to appeal the School's written determination must file a written appeal of that determination with the Supervisor of School Climate and Safety no later than three (3) business days from the date of receipt of the Principal's written determination.
- The Supervisor of School Climate and Safety (or designee) shall schedule a conference (either in-person, virtual, phone call, or email correspondence) to hear the appeal no later than five (5) business days following receipt of the notice of appeal and shall issue a written determination, in writing, no later than five (5) business days following the appeal conference.
- A student/Parent/Guardian wishing to appeal the Supervisor of School Climate and Safety's written determination must file a written appeal of that determination with the Superintendent's Office no later than three (3) business days from the date of receipt of the Supervisor of School Climate and Safety's written determination. The Superintendent or their designee will review the Supervisor of School Climate and Safety's written determination and evidence and make a written decision within three (3) business days.
- The determination of the Superintendent's Office shall be the final decision of the school system. A copy of the Superintendent's Office final determination shall be sent to all involved parties no later than five (5) business days following the date of the Superintendent's written decision.

SEVERITY CLAUSE: The student Code of Conduct is not all-inclusive, and a student committing an act of misconduct not listed as a violation may be subject to disciplinary action at the authority of Superintendent or designee. Any behavior that necessitates a more severe disciplinary action shall be subject to the discretionary authority of the Superintendent of their designee.

STATE OF DELAWARE BULLYING OMBUDSPERSON: An ombudsman is made available by the state of Delaware to act as a facilitator in resolving grievances and disputes. The Delaware Department of Justice Bully Prevention and School Crime Contact (Ombudsperson) Anonymous Tip Line is: 1-800-220-5414.

Milford School District maintains a Memorandum of Agreement (MOA) with the Milford Police Department which is approved by the Department of Education. Superintendent or his/her designee shall report to the Department of Education all school crimes pursuant to 14 Del.C. §4112 and any incidents of misconduct pursuant to 14 Del.C. §601. Such reports shall be made on forms as designated by DOE and filed with DOE within the time prescribed by the statute.

ALTERNATIVE PLACEMENT: Uniform Definitions for Student Conduct which may result in alternative placement or expulsion: Pursuant to 14 Del.C. §122(b) (26), this regulation provides uniform definitions for student conduct which may result in alternative placement or expulsion. This regulation shall apply to all school districts and charter schools. Nothing contained here shall be interpreted to require the alternative placement or expulsion of a student, nor shall this regulation be interpreted to restrict the ability of school districts and charter schools to determine which student conduct shall result in expulsion or an alternative placement. Please see Appendix C more information on the Alternative Placement Process or Expulsion procedures.

Appendix D: BULLYING AND CYBERBULLYING

The Milford School District (the "District") recognizes that safe learning environments are necessary for students to learn and achieve high academic standards. The District strives to provide safe learning environments for all students and all employees.

Prohibition of Bullying Which Includes Cyberbullying: The District prohibits the bullying of any person on school property, at school functions, by use of data or computer software accessed through a computer, computer system, computer network or other electronic technology of the District from grades kindergarten through grade twelve. In addition, cyberbullying (as defined herein) is prohibited by students directed at other students. Incidents of cyberbullying shall be treated by each school district and charter school in the same manner as incidents of bullying. The District further prohibits reprisal, retaliation or false accusation against a target, witness or one with reliable information about an act of bullying.

Definition of Bullying & Cyberbullying: As used in this policy, bullying means any intentional written, electronic, verbal, or physical act or actions against a student, school volunteer or school employee that a reasonable person under the circumstances should know will have the effect of:

A. Placing a student, school volunteer or school employee in reasonable fear of substantial harm to his or her emotional or physical well-being, or substantial damage to his or her property; or

B. Creating a hostile, threatening, humiliating or abusive educational environment due to the pervasiveness or persistence of actions, or due to a power differential between the bully and the target; or

C. Interfering with a student having a safe School Environment necessary to facilitate educational performance, opportunities, or benefits; or

D. Perpetuating bullying by inciting, soliciting, or coercing an individual or group to demean, dehumanize, embarrass, or cause emotional, psychological, or physical harm to another student, school volunteer or school employee.

E. As used in this policy, cyberbullying means the use of uninvited and unwelcome electronic communication directed at an identifiable student or group of students, through means other than face-to-face interaction which:

a) interferes with a student's physical well-being; or

b) is threatening or intimidating; or

c) is so severe, persistent, or pervasive that it is reasonably likely to limit a student's ability to participate in or benefit from the educational programs of the school district or charter school. Communication shall be considered to be directed at an identifiable student or group of students if it is sent directly to that student or group or posted in a medium that the speaker knows is likely to be available to a broad audience within the school community. a. Whether speech constitutes cyberbullying will be determined from the standpoint of a reasonable student of the same grade and other circumstances as the victim. b. The place of origin of speech otherwise constituting cyberbullying is not material to whether it is considered cyberbullying under this policy, nor is the use of school or district materials.

Explanation: Bullying is usually defined as involving repeated acts of aggression that aim to dominate another person by causing pain, fear, or embarrassment. However, one act alone may constitute bullying if the requisite intent and effect set forth in the definition are met. Bullying may be perpetuated by an individual or a group. It may be direct or indirect. Although a person may be repeatedly bullied, a different person might be doing the bullying each time, which may make it difficult to recognize that bullying is occurring. An act is intentional if it is the person's conscious objective to engage in conduct of that nature. The actions listed below are some examples of intentional actions which may become bullying depending on their reasonably foreseeable effect.

Physical bullying: Pushing, shoving, kicking, destroying of property, tripping, punching, tearing clothes, pushing books from someone's hands, shooting/throwing objects at someone, gesturing, etc.

Verbal bullying: Name calling, insulting, making offensive comments, using offensive language, mimicking, imitating, teasing, laughing at someone's mistakes, using unwelcome nicknames, threatening.

Relational Bullying: Isolation of an individual from his or her peer group, spreading rumors.

Cyber-bullying: Bullying by using information and communication technologies. Cyber-bullying may include but is not limited to:

1. Denigration: spreading information or pictures to embarrass.

2. Flaming: heated unequal argument online that includes making rude, insulting, or vulgar remarks.

3. Exclusion: isolating an individual from his or her peer group.
4. Impersonation: Using someone else's screen name and pretending to be them.
5. Outing or Trickery: forwarding information or pictures meant to be private.

Sexual Bullying: With the exception of physical contact which is deemed criminal and/or meets the definition of Unlawful Sexual Contact as defined in DE Code §4112, unwanted touching of a sexual nature, unwanted talking about private parts, and unwanted comments about target's sexuality or sexual activities. This list should be used by way of example only and is not exhaustive. Such actions become bullying if they meet the definition with regard to intent and reasonably foreseeable effect. This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the education environment. Similar behaviors that do not rise to the level of bullying may still be prohibited by other district policies or building, classroom, or program rules.

School-Wide Bully Prevention Program: The District is committed to support each school in their adoption of a school-wide bully prevention Program. Each school is directed to develop or adopt a school-wide, research-based bully prevention program. A Coordinating Committee will be created, as described in Section IV of this policy.

Coordinating Committee: Each school shall establish a site-based committee that is responsible for coordinating the school's bully prevention program including the design, approval and monitoring of the program.

Reporting Requirements: Bullying is unacceptable and a culture of openness is the best way to counter such behavior. It is the responsibility of each member of the school community: pupils, staff, and parents to report instances of bullying or suspicions of bullying, with the understanding that all such reports will be listened to and taken seriously. Any school employee 16 with reliable information that would lead a reasonable person to suspect a person is a target of bullying shall immediately report it to the administration.

Investigative Procedures:

1. Each school is required to have a procedure for the administration to promptly investigate in a timely manner and determine whether bullying has occurred and that such procedure include investigation of such instances, including a determination of whether the target of the bullying was targeted or reports being targeted wholly or in part due to the target's race, age, marital status, creed, religion, color, sex, disability, sexual orientation, gender identity or expression, or national origin. This does not preclude schools from identifying other reasons or criteria why a person is a target of bullying.
2. All reported incidents of bullying, regardless of whether the school could substantiate the incident, must be reported to the Department of Education by the administrator/designee within five (5) working days.
3. Some acts of bullying may also be crimes which must be reported to the police and/or the department of education pursuant to the school crime reporting law (14 Del. C. § 4112).

Non-Classroom Supervision: To the extent funding is available; each school must develop a plan for a system of supervision in non-classroom areas. The plan shall provide for the review and exchange of information regarding non-classroom areas.

Consequences for Bullying: Consequences for bullying are outlined in the disciplinary matrix in the School Code of Conduct. A written notice to parents/guardians will be provided in both alleged and substantiated cases to both victims and bullying perpetrators. Repeated and/or serious bullying violations will be reported to law enforcement.

Retaliation: Retaliation for reporting bullying is prohibited. The consequences and appropriate remedial action for a person who engages in retaliation shall be determined by the administrator after consideration of the nature, severity, and circumstances of the act. The potential consequences for retaliation are as set forth in the preceding section.

Reporting Procedures: The procedures for a student and parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) of this Title or legal guardian to provide information on bullying activity will be as follows:

Persons involved, designated bully, target, and bystanders' roles. c. Time and place of the conduct alleged number of incidents. d. Names of potential students or staff witnesses. e. Any actions taken in response.

D. Short, easy to use complaint forms can be obtained from the school administration or district office. (Appendix II – MSD Bullying Reporting Form)

E. The MSD Bullying Reporting Form may be completed on the school website and automatically sent to school administration.

F. Anyone may report bullying. A report may be made to any staff member.

G. Each administrator/designee will designate a person or persons responsible for responding to bullying complaints.

H. Every confirmed bullying incident will be recorded in the student information system, which will be a central record for designated staff to read. This will give an indication of patterns which may emerge of both bullies and victims. **Anonymous Reports:** Formal disciplinary action solely based on an anonymous report is not permitted. Independent verification of the anonymous report is necessary in order for any disciplinary action to be applied.

Notification of Parents, Guardian, or Relative Caregiver: A parent, guardian, or relative caregiver pursuant to 14 Del. C § 202(f) or legal guardian of any target of bullying or person who bullies another must be notified.

Procedure to Communicate with Medical and Mental Health Professionals: The following procedures for communication between school staff members and medical professionals who are involved in treating students for bullying issues must be followed:

A. Pediatricians/Primary Care Physicians and Mental Health Professionals are important links in the overall wellness of the whole child. The ability to communicate appropriately to identify the optimal health care needs of the child is necessary when issues at school impact the physical and emotional health of the child. This is especially true in bullying due to the social nature of the problem. Release of information forms must be signed by the parent, guardian, or relative caregiver pursuant to 14 Del. C. § 202(f) or legal guardian in order for the primary care physician or mental health professional to communicate with school personnel regarding any treatment of a child. Releases should be signed both at school and at the physician or mental health professional's office before communication may take place according to HIPPA and FERPA guidelines.

B. If a parent refuses to sign a release form at school the school will review this policy with them, explaining the reasons the release would be advantageous to the parent's child.

C. After confirmation that a child has been involved in a bullying incident, if the administrator/designee recommends a mental health evaluation be completed, the school may:

- a. Require that return to school will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.
- b. Require that the student remain in in-school suspension and that return to regular class schedule will be contingent upon the clinical evaluation providing recommendations and treatment plan if identified as appropriate.

D. A summary of the evaluation shall be shared at a meeting with student, Parent/Guardian and school administrator/designee prior to return to school or the general population.

Emergency evaluations can be obtained through Christiana Care Health Services Emergency Center at Christiana or Wilmington Hospital (302)-733-1000, the Rockford Center (866)-847-4357. Crisis services are also available through Prevention and Behavioral Health Services, State of Delaware 24-hour hot line (302)-633-5128. Each school shall verify for the District the method and date the policy has been distributed to all students, parents, faculty, and staff.

Informing Students of Electronic Mediums: Upon implementation of this policy, and again at the beginning of each academic year, each school district and charter school shall inform students in writing of mediums where posting of speech will be presumed to be available to a broad audience within the school community, regardless of privacy settings or other limitations on those postings. Rules and Regulations: Implementation of this policy shall comply with all rules and regulations the Delaware Department of Education may promulgate to implement Title 14 Section 4112D of the Delaware Code.

Other Defenses

A. The physical location or time of access of a technology-related incident is not a valid defense in any disciplinary action initiated under this policy provided there is sufficient school nexus.

B. This section does not apply to any person who uses data or computer software accessed through a computer, computer system, computer network or other electronic technology when acting within the scope of his or her lawful employment or investigation of a violation of this policy in accordance with school district policy and with the approval of the Superintendent.

Relationship to Other Laws: An incident may meet the definition of bullying and also the definition of a particular crime under State or Federal law. Nothing in this policy shall prevent school officials from fulfilling all of the reporting requirements of § 4112, Title 14 of the Delaware Code, or from reporting probable crimes that occur on school property or at a school function which are not required to be reported under that section. Nothing in this section shall abrogate the reporting requirements for child abuse or sexual abuse set forth in Chapter 9 of Title 16 of the Delaware Code, or any other reporting requirement under State or Federal law. Nothing in this policy shall supersede or be construed in such a manner as to conflict any State or Federal laws concerning special education or individuals with disabilities.

APPENDIX E: HARASSMENT

Sexual harassment by district students or harassment or misconduct by students based upon race, color, creed, religion, gender (including pregnancy, childbirth, and related medical conditions), national origin, citizenship or ancestry, age, disability, marital status, veteran status, genetic information, sexual orientation, gender identity, or upon any other categories protected by federal, state, or local law.

Sexual harassment is a form of sex discrimination and illegal under Title VII of Civil Rights Act of 1964, which protects persons in workplace, and Title IX of Education Amendments of 1972, which protects persons from sex discrimination at school. Sexual harassment can be defined as any unwelcome attention of a sexual nature that interferes with a person's work (school) performance or creates a hostile, intimidating work (school) environment. It may include but is not limited to demeaning remarks about one's clothing, body, or sexual activity based on gender; unnecessary touching, patting, or pinching; leering at another person; demanding sexual favors accompanied by threats relating to job or school performance and evaluation; and physical assault. It is important to remember that no person deserves to have his/her individual freedoms violated and that persons who have experienced sexual harassment often feel guilty, angry, powerless, and fearful. Such sexual harassment or misconduct, whether the harasser is another student or adult: shall include, but is not limited to the following:

- A. Written contact--suggestive or obscene letters, notes, invitations, graffiti, and electronic messages of a sexual nature.
- B. Visual contact--sexually suggestive looks or gestures, displaying sexually suggestive or explicit objects or pictures, cartoons, photographs, electronic images, posters, magazines, or other materials.
- C. Verbal contact--sexually suggestive gestures or obscene comments including, but not limited to, those about a person's body, body parts, or sexual characteristics that are used in a negative or embarrassing way; verbal advances or sexually explicit statements which may take the form of threats, jokes, teasing, phone calls, or pressure for sexual contact or favors.
- D. Physical contact--uninvited and intentional touching, blocking, or cornering of a person's freedom of movement; pinching, patting, invasion of the person's privacy by leaning over him/her or brushing up against the other person's body; or actual sexual contact, assault, or rape.
- E. Retaliation--any action taken or threatened against another person for complaining about any of the behaviors described above.

Harassment based upon a person's race, national origin, disability, religion, sexual orientation, or similar characteristics by a student directed against or toward another person that occurs on the school district's premises or at school activities off the school premises is a form of conduct which is prohibited. Such harassment or misconduct shall include, but is not limited to:

- A. Any assault, offensive touching, menacing, or reckless endangering of another person that is motivated by the victim's race, national origin, disability, religion, sexual orientation, or similar characteristic.

B. Oral or written words communicated by any student to another person that attack, degrade, stereotype, or offend based on the person's race, national origin, disability, religion, sexual orientation, or similar characteristic.

C. Any oral, written, or symbolic communication that can reasonably be perceived and considered as offensive, including slurs, jokes with negative connotations, apparel decorated with negative or degrading words or symbols, negative stereotyping, or other communications that are based upon race, national origin, disability, religion, sexual orientation, or similar characteristic.

D. The use of threats, coercion, or intimidation to prevent a person from reporting such harassment or misconduct as set forth in A through C above.

If you believe you or another person are the subject of such harassment or misconduct or sexual harassment or if you witness such actions or communication in general, you should report the circumstances immediately to a teacher or the administrator/designee at your school, to a parent or guardian, or to any employee of the school district who is in a position of authority. Persons are urged to report violations of these policies, and no one will, in any way, use threats, coercion, or intimidation to prevent a person from reporting harassment or sexual harassment. All complaints made to district staff must be reported by such staff to the Milford School District Title IX Coordinator. Upon receiving notice of a complaint of harassment, sexual harassment or misconduct based upon race, national origin, disability, religion, sexual orientation, or similar characteristic, an investigation will be conducted as soon as possible. Confidentiality of the person and/or witnesses to the prohibited conduct will be maintained to the fullest extent possible. A school district student, who is found to have committed harassment or misconduct based upon race, national origin, disability, religion, sexual orientation, or similar characteristic, will be subject to appropriate disciplinary action, and all reports of such harassment or misconduct will be actively and diligently investigated. Appropriate action will be taken consistent with the provisions of the student disciplinary code and/or state law. The type of disciplinary action taken will depend upon the seriousness of the offense committed and may include placing the offending student on probation, suspension, expulsion, or imposing other disciplinary alternatives. Follow-up inquiries may be made to ensure that harassment, including sexual harassment, has not resumed and that the complainant and witnesses have not suffered retaliation for their actions.

Appendix F: DRUGS AND ALCOHOL

- D. Provide prior notice to all students of the District's position that the use of drugs, alcohol or steroids in the School Environment is destructive of the educational process and will not be tolerated.

The misuse of drugs and alcohol is a serious problem with legal, physical, and social implications for the school community. In cases of drug use, possession and/or distribution of drugs and/or alcohol and/or paraphernalia and/or inhalants and/or medications, the Milford School District will:

- A. Follow the Code of Conduct to administer consequences to students.

Both are to be brought in the original labeled container to the School Environment in the dosage or amounts prescribed, or for which written permission has been obtained. In all cases, they are to be delivered to the school nurse and administered as per the physician's/parent's/guardian's written order. Violations of the policy could result in disciplinary action. All medications not reported to the nurse will be considered unauthorized.

F. Offer help and assistance to any student who feels that she/he has a problem with drugs or alcohol. School personnel will offer assistance, assessment and/or identify appropriate outside resources without penalty, unless a violation of this policy has occurred. In cases involving student assistance, cost for such treatment is the responsibility of the parent, but the school administration will be an active partner at the parent's request in securing help of a limited cost nature.

G. Be committed to developing preventative strategies for dealing with this issue through counseling efforts, instructional programs, and many other related activities. The Milford School District has also designated the school nurse, school psychologist and/or school counselors as the professionals to which staff can refer students to receive initial counseling and to obtain information or counseling/treatment services available to the student in need.

NON-CONTROLLED SUBSTANCES: The act of possessing or transferring a drug-like or look-alike substance (includes all substances which fall under the definition set forth in the Uniform Controlled Substance Act 16 Del.
