

Ms. Bisharat's Newsletter

This week at School

Math:

This week we are continuing our investigation into Brad's Baseball Shop. We are working on calculating volume and surface area to figure out the best way for Brad to ship his online baseball orders.

Reading:

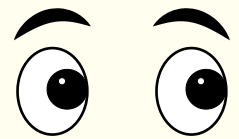

We are continuing the text Esperanza Rising and our study of the Universal Declaration of Human Rights. We are continuing to make connections between the two texts and practicing writing summaries.

Science:

We are continuing our investigation into matter and its different states.

Be on the Lookout

- We are starting our second week of homework.
- Yellow Friday Folders will be sent home on Friday if there is any necessary correspondence that must go home.
- Sign up for assessment days if you have not already.

Celebrations

Week 2 was another success! Students are getting back into the groove. Our class PRIDE ticket raffle winner was Jake for helping keep our classroom clean! I look forward to assessment days and being able to spend some valuable I-on-I time with students. Let me know if you have any questions!
