Dear Parents / Guardians,

In 2010, New York State passed the ***Dignity for All Students Act (DASA)***. This law went into effect on July 1, 2012 and protects students from harassment, discrimination and bullying by other students or school employees. It addresses that no student shall be subjected to discrimination based on his or her *actual or perceived* race, color, national origin, ethnic group, religion, religious practice, disability, weight (or other physical features), sexual orientation, gender identity, or biological sex. DASA explicitly states that bullying, taunting, and intimidation on the protected grounds listed above are all forms of harassment; however, it is not limited to those categories.

Harassment under DASA is defined as the creation of a hostile environment by:

- repeated conduct or verbal threats;
- intimidation or abuse that has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being;
- conduct, verbal threats, intimidation or abuse that reasonably causes or would reasonably be expected to cause a student to fear for their physical safety.

In response to this new law, and following the recommendation of the NYS School Boards Association, Glen Cove School District has reviewed its policies related to student conduct and social-emotional learning and has strong procedures in place to deal with these issues. The required updates have been made and are now included in the Board Policies as well as the Code of Conduct for students. These documents can be found on the school website on the Board of Education page at www.glencoveschools.org.

Building principals will serve as Dignity Act Coordinators in each of our schools and I will be serving as the District DASA Coordinator. All employees will continue to be provided with Dignity Act training during this school year. Instruction will be given to students regarding this act as well. The District will also continue to deliver its curriculum to promote respect and other age-appropriate resources. As is always the case, a partnership between home and school is essential.

Sincerely,

Dr. Alexa Doeschner

Estimados padres / tutores:

En 2010, el Estado de Nueva York aprobó la Ley de Dignidad para Todos los Estudiantes (*Dignity for All Students Act, DASA*). Esta ley entró en vigencia el 1 de julio de 2012 y protege a los estudiantes del acoso, la discriminación y las agresiones que puedan sufrir por parte de otros estudiantes o de los empleados de la escuela. La ley contempla que ningún estudiante será discriminado por su raza, color, origen nacional, grupo étnico, religión, práctica religiosa, discapacidad, peso (u otras características físicas), orientación sexual, identidad de género o sexo biológico, independientemente de si alguna de estas características es *real o percibida*. DASA declara explícitamente que agredir, insultar e intimidar por los motivos protegidos que se enumeraron anteriormente constituyen formas de acoso; sin embargo, no se limita a esas categorías.

De acuerdo con DASA el acoso se define como la creación de un entorno hostil de las siguientes formas:

- Conducta repetida o amenazas verbales.
- Intimidación o abuso que ha tenido o tendría el efecto de interferir sin razón y sustancialmente en el desempeño educativo de un estudiante, en sus oportunidades o beneficios, o en su bienestar mental, emocional o físico.
- Conducta, amenazas verbales, intimidación o abuso que de un modo razonable cause o que se espera que de un modo razonable causaría que un estudiante tema por su seguridad física.

En respuesta a esta nueva legislación y de acuerdo con la Asociación de Juntas Escolares del Estado de Nueva York (NYS School Boards Association), el Distrito escolar de Glen Cove ha revisado sus políticas relacionadas con la conducta de los estudiantes y con el aprendizaje social y emocional, y ha establecido procedimientos firmes para ocuparse de estos asuntos. Se han realizado las actualizaciones necesarias, que ahora están incluidas en las Políticas de la Junta así como también en el Código de Conducta de los estudiantes. Estos documentos se pueden encontrar en el sitio web de la escuela en la página de la Junta Educativa (Board of Education) en www.glencoveschools.org.

Los directores de los edificios actuarán como Coordinadores de la Ley de Dignidad en cada una de nuestras escuelas y yo seré el Coordinador de DASA del Distrito. Todos los empleados seguirán recibiendo capacitación acerca de la Ley de Dignidad durante este año escolar. También se instruirá a los estudiantes acerca de esta ley. El Distrito también seguirá proporcionando su plan de estudios para promover el respeto y otros recursos apropiados a la edad. Como de costumbre, es esencial contar con la cooperación entre el hogar y la escuela.

Atentamente,

Dr. Alexa Doeschner

Title	STUDENT HARASSMENT AND BULLYING PREVENTION AND INTERVENTION
Code	0115
Status	Active
Adopted	July 6, 2022

The Board of Education is committed to providing an educational and working environment that promotes respect, dignity and equality. The Board recognizes that discrimination, such as harassment, hazing and bullying, are detrimental to student learning and achievement. These behaviors interfere with the mission of the district to educate its students and disrupt the operation of the schools. Such behavior affects not only the students who are its targets but also those individuals who participate and witness such acts.

To this end, the Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which creates or can be reasonably expected to create a material and substantial interference with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences.

Definitions

Bullying

Bullying, under the amended Dignity for All Students Act, has the same meaning as harassment (see below). The accompanying regulation provides more guidance regarding the definition and characteristics of bullying to help the school community recognize the behavior.

Cyberbullying

Cyberbullying is defined as harassment (see below) through any form of electronic communication.

Discrimination

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as enumerated in the Definitions section, under Harassment, below).

Hazing

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Harassment

Harassment has been defined in various ways in federal and state law and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent misbehavior from escalating in order to promote a positive school environment and to limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or

(d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).

For the purpose of this definition the term "threats, intimidation or abuse" shall include verbal and non-verbal actions.

In some instances, bullying or harassment may constitute a violation of an individual's civil rights. The district is mindful of its responsibilities under the law and in accordance with district policy regarding civil rights protections.

In order to streamline the wording of this policy and regulation the term bullying will be used throughout to encompass harassment, intimidation, cyberbullying and hazing behaviors.

Prevention

The school setting provides an opportunity to teach children, and emphasize among staff, that cooperation with and respect for others is a key district value. A program geared to prevention is designed to not only decrease incidents of bullying but to help students build more supportive relationships with one another by integrating the bullying prevention program into classroom instruction. Staff members and students will be sensitized, through district-wide professional development and instruction, to the warning signs of bullying, as well as to their responsibility to become actively involved in the prevention of bullying before overt acts occur.

Curricular material that raises awareness and sensitivity to discrimination or harassment and civility in the relationships of people of different races, weights, national origins, ethnic groups, religions, religious practices, mental or physical abilities, sexual orientations, sexes or gender expression or identities will be included in the instructional program K-12.

In order to implement this program the Board will designate at its annual organizational meeting a Dignity Act Coordinator (DAC) for each school in the district. One of the DACs will be designated as the district-wide coordinator whose responsibilities are described in the accompanying regulation. The role of each DAC is to oversee and enforce this policy in the school to which they are assigned.

In addition, the Superintendent will establish a district-wide Task Force as well as Bullying Prevention Coordinating Committees in each school that will be overseen by the district-wide DAC. Committees will include representation from staff, administration, students and parents. The district-wide task force and the school-level committee will assist the administration in developing and implementing specific prevention initiatives, including early identification of bullying and other strategies. In addition, the program will include reporting, investigating, remedying and tracking allegations of bullying. The accompanying regulation provides more detail on the specific programs and strategies implemented by the district.

Intervention

Intervention by adults and bystanders is an important step in preventing escalation and resolving issues at the earliest stages. Intervention will emphasize education and skill-building.

Successful intervention may involve remediation. Remedial responses to bullying include measures designed to correct the problem behavior, prevent another occurrence of the behavior and protect the target. Remediation may be targeted to the individual(s) involved in the bullying behavior or environmental approaches which are targeted to the school or district as a whole.

In addition, intervention will focus upon the safety of the target. Staff is expected, when aware of bullying, to report it in accordance with this policy, refer the student to designated resources for assistance, or to intervene in accordance with this policy and regulation.

Provisions for students who do not feel safe at school

The Board acknowledges that, notwithstanding actions taken by district staff, intervention may require a specific coordinated approach if the child does not feel safe at school. Students who do not feel safe at school are limited in their capacity to learn and reach their academic potential. Staff, when aware of bullying, should determine if accommodations are needed in order to help ensure the safety of the student and bring this to the attention of the Building Principal. The building principal, other appropriate staff, the student and the student's parent will work together to define and implement any needed accommodations.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually. The student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up

discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Incident Reporting and Investigation

Although it can be difficult to step forward, the district can't effectively address bullying if incidents are not reported. Students who have been bullied, parents whose children have been bullied or other students who observe bullying behavior are encouraged and expected to make a verbal and/or written complaint to any school personnel in accordance with the training and guidelines provided. Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to make an oral report to Building Principal within one school day and to fill out the district reporting form within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination or harassment if he/she fails to report an observed incident, whether or not the target complains.

At all times, complaints will be documented, tracked and handled in accordance with the regulations and procedures accompanying this policy, or, if applicable, 0100, Equal Opportunity and Nondiscrimination, or 0110, Sexual Harassment and the district's Code of Conduct. The Building Principal will prepare quarterly report for the Superintendent based on complaints filed.

An equitable and thorough investigation will be carried out by the building principal in accordance with the accompanying regulation. In addition, the results of the investigation shall be reported back to both the target and the accused as specified in the accompanying regulation. If either of the parties disagrees with the results of the investigation, they can appeal the findings in accordance with the regulations that accompany this policy. Verified bullying incidents that meet the criteria established by the state will be included in the statewide reporting system when applicable, in accordance with law and regulation.

The Board will receive the annual VADIR report, as well as any other state-required report relevant to bullying and/or school climate, for each building and for the district as whole. Based on the review of the data, the Board may consider further action, including but not limited to modification of this policy and additional training.

Disciplinary Consequences/Remediation

While the focus of this policy is on prevention, acts of bullying may still occur. In these cases, offenders will be given the clear message that their actions are wrong and the behavior must improve. Student offenders will receive in-school guidance in making positive choices in their relationships with others. If appropriate, disciplinary action that is measured, balanced and age-appropriate will be taken by the administration in accordance with the district's Code of Conduct, as applicable. If the behavior rises to the level of criminal activity, law enforcement will be contacted.

Consequences for a student who commits an act of bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors, and must be consistent with the district's Code of Conduct.

Non-Retaliation

All complainants and those who participate in the investigation of a complaint in conformity with state law and district policies, who have acted reasonably and in good faith, have the right to be free from retaliation of any kind.

Training

The Board recognizes that in order to implement an effective bullying prevention and intervention program, professional development is needed. The Superintendent, the districtwide DAC and the District Professional Development Team will incorporate training to support this program in new teacher orientation and the annual professional development plan, as needed. Training opportunities will be provided for all staff, including but not limited to bus drivers, cafeteria and hall monitors and all staff who have contact with students. The DACs will be trained in accordance with state requirements and will continue their professional development so as to successfully support this policy and program.

Dissemination, Monitoring and Review

This policy, or a plain language summary, shall be published in student registration materials, student, parent and employee handbooks, and posted on the district's website. A bullying complaint form will be available on the district's website. The district will ensure that the process of reporting bullying is clearly explained to students, staff and parents on an annual basis.

Each year, as part of the annual review of the Code of Conduct, this policy will be reviewed to assess its effectiveness and compliance with state and federal law. If changes are needed, revisions will be recommended to the Board for its consideration.

The district will ensure that reporting of information to the public in conjunction with this policy will be in a manner that complies with student privacy rights under the Family Educational Rights and Privacy Act (FERPA).

The Board condemns and strictly prohibits all forms of discrimination, such as harassment, hazing, intimidation and bullying on school grounds, school buses and at all school-sponsored activities, programs and events. Discrimination, harassment, hazing or bullying that takes place at locations outside of school grounds, such as cyberbullying, which can be reasonably expected to materially and substantially interfere with the requirements of appropriate discipline in the operation of the school or impinge on the rights of other students are prohibited, and may be subject to disciplinary consequences

Definitions

Bullying

Under the amended Dignity for All Students Act bullying and harassment are equivalent and used interchangeably. In order to facilitate implementation, provide meaningful guidance and prevent behaviors from rising to a violation of law, bullying is further understood to be a hostile activity which harms or induces fear through the threat of further aggression and/or creates terror. Bullying may be premeditated or a sudden activity. It may be subtle or easy to identify, done by one person or a group. Bullying often includes the following characteristics:

1. Power imbalance - occurs when a bully uses his/her physical or social power over a target.
2. Intent to harm - the bully seeks to inflict physical or emotional harm and/or takes pleasure in this activity.
3. Threat of further aggression - the bully and the target believe the bullying will continue.
4. Terror - when any bullying increases, it becomes a "systematic violence or harassment used to intimidate and maintain dominance."

(Barbara Coloroso, *The Bully, The Bullied & The Bystander*, 2003)

There are at least three kinds of bullying: verbal, physical and social/relational.

- Verbal bullying (which can be delivered orally, electronically or in writing) includes name calling, insulting remarks, verbal teasing, frightening phone calls, violent threats, extortion, taunting, gossip, spreading rumors, racist slurs, anonymous notes, etc.
- Physical bullying includes poking, slapping, hitting, tripping or causing a fall, choking, kicking, punching, biting, pinching, scratching, spitting, twisting arms or legs, damaging clothes and personal property, or threatening gestures.
- Social or relational bullying includes excluding someone from a group, isolating, shunning, spreading rumors or gossiping, arranging public humiliation, undermining relationships, teasing about clothing, looks, giving dirty looks, aggressive stares, etc.

The New York State Education Department provides further guidance on bullying and cyberbullying prevention on the following website: http://www.p12.nysed.gov/technology/internet_safety/documents/cyberbullying.html

Discrimination

Discrimination is the act of denying rights, benefits, justice, equitable treatment or access to facilities available to all others, to an individual or group of people because of the group, class or category to which that person belongs (as listed under Harassment as defined below).

Harassment

Harassment has been defined in various ways in federal and state law (including the penal law) and regulation. The Board recognizes that these definitions are important standards, but the Board's goal is to prevent behaviors from escalating to violations of law and, instead, to promote a positive school environment and limit liability. The Dignity for All Students Act (§§10-18 of Education Law) defines harassment as the creation of a hostile environment by conduct or by threats, intimidation or abuse, including cyberbullying, that (a) has or would have the effect of unreasonably and substantially interfering with a student's educational performance, opportunities or benefits, or mental, emotional or physical well-being; (b) reasonably causes or would reasonably be expected to cause a student to fear for his or her physical safety; (c) reasonably causes or would reasonably be expected to cause physical injury or emotional harm to a student; or (d) occurs off school property and creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation or abuse might reach school property. The harassing behavior may be based on any characteristic, including but not limited to a person's actual or perceived:

- race,
- color,
- weight,
- national origin,
- ethnic group,
- religion,
- religious practice,
- disability,
- sex,
- sexual orientation, or
- gender (including gender identity and expression).
- Gender identity is one's self-conception as being male or female, as distinguished from actual biological sex or sex assigned at birth.
- Gender expression is the manner in which a person represents or expresses gender to others, often through behavior, clothing, hairstyles, activities, voice or mannerisms.

For purposes of this definition, the term "threats, intimidation or abuse" shall include verbal and non-verbal actions.

Hazing

Hazing is an induction, initiation or membership process involving harassment which produces public humiliation, physical or emotional discomfort, bodily injury or public ridicule or creates a situation where public humiliation, physical or emotional discomfort, bodily injury or public ridicule is likely to occur.

Prevention

Prevention is the cornerstone of the district's effort to address bullying . The components of such an effort involve the following:

- Following the principles and practices of "Educating the Whole Child Engaging the Whole School: Guidelines and Resources for Social and Emotional Development and Learning (SEDL) in New York State – Adopted by the Board of Regents July 18, 2011." District curriculum will emphasize developing empathy, tolerance and respect for others.
- Learning about and identifying the early warning signs and precursor behaviors that may lead to bullying.
- Gathering information about bullying at school directly from students (through surveys and other mechanisms); analyzing and using the data gathered to assist in decision-making about programming and resource allocation.
- Establishing clear school wide and classroom rules about bullying consistent with the district's code of conduct.
- Training adults in the school community to respond sensitively and consistently to bullying.
- Raising awareness among adults, through training, of the school experiences of marginalized student populations (as enumerated in the Definitions section above), social stigma in the school environment, gender norms in the school environment, and strategies for disrupting bullying or other forms of violence.
- Providing adequate supervision, particularly in less structured areas such as in the hallways, cafeteria, school bus and playground.
- Raising parental awareness and involvement in the prevention program and in addressing problems.
- Using educational opportunities or curriculum, including, if applicable, the Individual Educational Program (IEP), to address the underlying causes and impact of bullying.

The Superintendent will appoint a district-wide bullying prevention committee, chaired by the districtwide DAC. The committee will include representation from staff, administration, students and parents. The committee will assist with the development and implementation of the prevention and intervention program, which may include the strategies listed above. Building-level committees will be appointed by the building principal and will include representation from staff, administration, students and parents associated with that building.

Role of the Dignity Act Coordinator(s)(DAC)

The Board of Education will annually designate a staff member, who has been thoroughly trained in human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity and expression), and sex, as the Dignity Act Coordinator (DAC) for each school, accountable for implementation of this policy. In addition, one will be designated as the district-wide coordinator who will be responsible for ensuring equivalency in programming across buildings. The building-level DAC will be responsible for coordinating and enforcing this policy and regulation in the school to which they are assigned, including but not limited to coordination of:

- the work of the building-level committees;

- professional development for staff members and,
- the complaint process, and
- management of the Dignity Act's civility curriculum components.

Incident(s) Reporting

In order for the Board to effectively enforce this policy and to take prompt corrective measures, it is essential that all targets and persons with knowledge of bullying report such behavior immediately to the principal, the principal's designee or the Dignity Act Coordinator as soon as possible after the incident so that it may be effectively investigated and resolved. The district will also make a bullying complaint form available on its website to facilitate reporting. The district will collect relevant data from written and verbal complaints to allow for systematic reporting.

Staff who observe or learn of incident(s) of bullying are required, in accordance with State law, to orally report it to the building principal within one school day and to fill out the district reporting form within two school days. If a staff person is unsure of the reporting procedure, he/she is expected to inquire about how to proceed by speaking with his/her supervisor. A district employee may be deemed to have permitted unlawful discrimination or harassment if he/she fails to report an observed incident, whether or not the target complains.

The district will thoroughly, promptly and equitably investigate all complaints, formal or informal, verbal or written. To the extent possible, all complaints will be treated in a confidential manner, although limited disclosure may be necessary to complete a thorough investigation.

In order to assist investigators, individuals should document the bullying as soon as it occurs and with as much detail as possible including: the nature of the incident(s); dates, times, places it has occurred; name of perpetrator(s); witnesses to the incident(s); and the target's response to the incident.

Confidentiality

It is district policy to respect the privacy of all parties and witnesses to bullying. To the extent possible, the district will not release the details of a complaint or the identity of the complainant or the individual(s) against whom the complaint is filed to any third parties who do not need to know such information. However, because an individual's desire for confidentiality must be balanced with the district's legal obligation to provide due process to the accused, to conduct a prompt and thorough investigation, and/or to take necessary action to resolve the complaint, the district retains the right to disclose the identity of parties and witnesses to complaints in appropriate circumstances to individuals with a need to know. The staff member responsible for investigating complaints will discuss confidentiality standards and concerns with all complainants.

If a complainant requests that his/her name not be revealed to the individual(s) against whom a complaint is filed, the staff member responsible for conducting the investigation shall inform the complainant that:

1. the request may limit the district's ability to respond to his/her complaint;
2. district policy and federal law prohibit retaliation against complainants and witnesses;
3. the district will attempt to prevent any retaliation; and
4. the district will take strong responsive action if retaliation occurs.

If the complainant still requests confidentiality after being given the notice above, the investigator will take all reasonable steps to investigate and respond to the complaint consistent with the request as long as doing so does not preclude the district from responding effectively to the bullying and preventing the bullying of other students.

Investigation and Resolution Procedure

A. Initial (Building-level) Procedure

Whenever a complaint of bullying is received whether verbal or written, it will be subject to a thorough preliminary review and investigation. Except in the case of severe or criminal conduct, the principal, the principal's designee or the Dignity Act Coordinator shall make all reasonable efforts to resolve complaints informally at the school level. The goal of informal procedures is to end the bullying, prevent future incidents, ensure the safety of the target and obtain a prompt and equitable resolution to a complaint.

As soon as possible, but no later than three school days following receipt of a complaint, the principal, the principal's designee or the Dignity Act Coordinator will begin an investigation of the complaint by:

- Reviewing any written documentation provided by the target(s).
- Conducting separate interviews of the target(s), alleged perpetrator(s), and witnesses, if any, and documenting the conversations.
- Providing the alleged perpetrator(s) a chance to respond and notify him/her that if objectionable behavior has occurred, it must cease immediately. The individual will be made aware of remediation opportunities as well as potential disciplinary consequences.
- Determining whether the complainant needs any accommodations to ensure his/her safety, and following up periodically until the complaint has been resolved. Accommodations may include, but are not limited to:
 - A "permanent" hall pass that allows the student to visit a designated adult at any time;
 - Access to private bathroom facilities;
 - Access to private locker room facilities;
 - An escort during passing periods;

- o If the student feels unsafe in a specific class, an opportunity for individual tutoring or independent study until the case is resolved;
- o An opportunity for independent study at home with district-provided tutor until the case is resolved;
- o Permission to use personal cell phone in the event that the student feels threatened and needs immediate access to parent or guardian;
- o Assignment of a bus monitor.

The district recognizes that there is a need to balance accommodations which enhance student safety against the potential to further stigmatize the targeted student. Therefore, each case will be handled individually, and the student, parent/guardian, and school administration will collaborate to establish safety provisions that best meet the needs of the targeted student. Follow-up discussion and/or meetings will be scheduled, as needed, to ensure that safety concerns have been adequately addressed and to determine when and if accommodations need to be changed or discontinued.

Parents of student targets and accused students should be notified within one school day of allegations that are serious or involve repeated conduct.

Where appropriate, informal methods may be used to resolve the complaint, including but not limited to:

- a. discussion with the accused, informing him or her of the district's policies and indicating that the behavior must stop;
- b. suggesting counseling, skill building activities and/or sensitivity training;
- c. conducting training for the department or school in which the behavior occurred, calling attention to the consequences of engaging in such behavior;
- d. requesting a letter of apology to the target;
- e. writing letters of caution or reprimand; and/or
- f. separating the parties.

Appropriate disciplinary action shall be recommended and imposed in accordance with district policy, the applicable collective bargaining agreement or state law. The district will make every reasonable effort to attempt to first resolve the misconduct through non-punitive measures.

The investigator shall report back to both the target and the accused, within one week notifying them in writing, and also in person, as appropriate, regarding the outcome of the investigation and the action taken to resolve the complaint. The actions taken will be in conformance with the Remediation/Discipline/Penalties section of this regulation. The target shall report immediately if the objectionable behavior occurs again or if the alleged perpetrator retaliates against him/her.

If a complaint contains evidence or allegations of serious or extreme bullying, or a civil rights violation, the complaint shall be referred promptly to the Superintendent. The complainant will also be advised of other avenues to pursue their complaint, including contact information for state and federal authorities.

In addition, where the principal, the principal's designee or the Dignity Act Coordinator has a reasonable suspicion that the alleged bullying incident involves criminal activity, he/she should immediately notify the Superintendent, who shall then contact the school attorney, appropriate child protection and, if appropriate, law enforcement authorities.

Any party who is not satisfied with the outcome of the initial investigation may request a district-level investigation by submitting a written complaint to the Superintendent within 30 days.

B. District-level Procedure

The Superintendent or his/her designee shall promptly investigate and equitably resolve all bullying complaints that are referred to him/her, as well as those appealed to the Superintendent following an initial investigation. In the event the complaint involves the Superintendent, the complaint shall be filed with or referred to the Board President, who shall refer the complaint to an appropriate independent individual for investigation.

The district level investigation should begin as soon as possible but not later than three school days following receipt of the complaint by the Superintendent or Board President.
