School Administrator Salary Disclosure Form

Form Due May 8, 2023

2023-2024 Salary Threshold = \$162,000

In response to legislative efforts to encourage greater cost sharing in service provision and local government administration, we now provide a section for districts that share administrative staff to highlight these efforts for the upcoming school year. Each sharing district should identify in the form the other district(s) with which they will be sharing administrative staff for school year 2023-2024.

If you will be sharing a Superintendent, list the other district (or districts) in the text box. If you will be sharing other administrative staff required to be reported, please send an email to EMSCMGTS@nysed.gov indicating the title of the staff persons(s) as well as the other district(s) involved in the cost-sharing.

The salaries, benefits and other compensation reported in the form should reflect only the financial support or commitment that your district will be making. They should **not** reflect the total amounts budgeted to be paid by all participating districts over the school year.

HOLLAND CSD- NEW YORK STATE REPORT CARD [2021- 22]

The New York State Report Card is an important part of the Board of Regents' effort to create educational equity and raise learning outcomes for all students. Knowledge gained from the report card about a school or district can be used to improve instruction and inform services to students. The report card provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Fundamentally, New York State's ESSA plan is about creating a set of interlocking strategies to promote educational equity by providing support to districts and schools as they work to ensure that every student succeeds. New York State is committed to ensuring that all students succeed and thrive in school no matter who they are, where they live, where they go to school, or where they come from.

TOTAL COHORT REGENTS EXAMINATION RESULTS

A High School Cohort consists of all students who first enter grade 9 anywhere or, in the case of ungraded students with disabilities, reach their seventeenth birthday in a particular school year (July 1- June 30). The "year" used to identify the cohort is the year in which the July 1- December 31 dates fall. Results are reported four years after these students first enter grade 9.

Due to COVID-19 and changes to New York State testing requirements, Regents examinations in June 2020 through January 2022 were canceled, with the exception of the June 2021 Regents Examinations in ELA, Algebra I, Living Environment, and Physical Setting/Earth Science. The U.S. History & Government (Framework) June 2022 examination was also canceled. Due to the ongoing impacts of COVID-19, it may not be appropriate to compare 2018 Total Cohort Regents Examinations results with results from prior years.

** Please note: The 2018 TOTAL COHORT REGENTS EXAMINATION RESULTS do not reflect the recently refreshed list of NYSED-Approved Regents Examination Alternatives Acceptable for Meeting Requirements for a Local or Regents Diploma. As a result, Local Educational Agencies (LEAs) and individual schools that had students participate in any of the exams recently added to the list of approved alternatives may have participation and/or proficiency rates that are in the process of being updated by Department teams.
