Dear Parents:

The Board of Education of Carroll County will be offering an Environmental Education program at Hashawha Environmental Center, located on John Owings Road near Westminster. This weeklong, residential environmental science program is part of the Grade 6 curriculum for your student. Students will attend with their classroom teachers and the cost for food per student will be \$\_\_\_\_\_. Please make checks payable to the school your child attends. Consider donating funds for students who are not able to cover their food costs for their week at Outdoor School. You can include any extra funds in your check. This money will be put into the Outdoor School Scholarship Fund and will be used to cover costs for students in need throughout our county.

Your child is scheduled to attend Outdoor School on the following dates: \_\_\_\_\_.

An open house has been scheduled on \_\_\_\_\_ from \_\_\_\_\_ to \_\_\_\_\_ for parents/guardians to visit the Outdoor School.

*Our Vision* - We see our students as emerging adults, preparing for the future. They are environmentally aware and value natural systems. They possess the knowledge, skills and motivation to make responsible decisions and to take action.

*Our Mission* -

1. To assist students in acquiring and accessing relevant environmental information.
2. To assist students in developing effective decision-making strategies.
3. To empower students to apply their knowledge and skills by providing positive environmental models and opportunities for action.

Below is a sample schedule of a typical day at Outdoor School:

7:15 a.m.	Wake up and begin cabin cleanup
8:00 a.m.	Breakfast
8:30 a.m.	Flag raising
8:50 a.m.	Cabin clean-up
9:15 a.m.	Instructional period -- one (1) of the following environmental investigations: watershed, wildlife habitats, wetlands, environmental history/impact, confidence course, wildlife simulation game, fresh water ecology, environmental action/service learning.
12:00 p.m.	Lunch
1:40 p.m.	Instructional period (see 9:15 a.m.)
4:00 p.m.	Shower and recreational time
5:00 p.m.	Dinner
6:40 p.m.	Journal time
7:30 p.m.	Evening Programs -- owl prowl, night hike, raptor program, campfire, astronomy, etc.
9-10 p.m.	Snack and Bedtime

To obtain additional information about the Outdoor School, please visit our website at <http://www.carrollk12.org/ods/>

Every precaution will be taken for the health and safety of your child. If you have any concerns regarding the health needs of your child while at Outdoor School, please contact the nurse at **410-857-7932**. In case of emergency, you may contact us at the same telephone number.

If you wish to write to your child, use the following address:

(Name of Child – dates of ODS)  
Hashawha Environmental Center  
300 John Owings Road  
Westminster, Maryland 21158

You may want to send the letters at least one week before, to ensure that your child receives them while at Outdoor School. Please write the dates your child will be at ODS on the front of the envelopes.

Please help your child pack for success in bringing only those items required for their week at Outdoor School.

Please read all information, sign and return the necessary forms.

Sincerely,

Gina C. Felter  
Principal

### **Discipline Procedures**

**The Outdoor School provides a very unique opportunity for students to grow and to learn. Along with these opportunities exist unique challenges. The structure of the Outdoor School program is a significant departure from the traditional school setting.**

**In order to maintain a safe and orderly school environment, to maximize the educational opportunities for all students, and to ensure that student behavior contributes to the success of the program, we have established clear procedures. These procedures will be consistently enforced with all students:**

- I. All Board of Education established policies will be maintained. This includes, but is not limited to, possible suspension for violations of policies relating to:**
  - **drugs / alcohol/medications**
  - **tobacco**
  - **violence toward student or faculty**
  - **possession of weapons, or other contraband**
  - **harassment / threats and foul language directed at staff or other students**
- II. Routine discipline is the domain of the Outdoor School staff and classroom teachers.**
- III. Disruptive behavior that is serious or persistent will be brought to the attention of the Outdoor School Principal.**
- IV. Behavior that requires the involvement of the administrator will warrant contact with the student's parent/guardian. The primary purpose of the contact is to assist the student in effectively modifying his/her behavior.**
- V. If the negative behavior continues, parents will be contacted and the student may be dismissed for all or part of the remaining program.**

## **OUTDOOR SCHOOL STUDENT SERVICE LEARNING IDEAS**

Below please find a list of ideas for student service learning projects that may be used to earn 10 hours toward your Service Learning Graduation Requirement. These are only suggestions. It would certainly be appropriate to develop your own plan and project based upon your particular interest, expertise, parental involvement, home location, and need.

- a) Re-vegetation /Tree or shrub planting
- b) Grass plantings in erosion areas
- c) Placement of erosion bars
- d) Bike Week/Energy Conservation Week
- e) Butterfly garden/meadow
- f) Evaluating and implementing water conservation techniques
- g) Re-vegetation along a stream or pond
- h) Survey of household pollutants and implementing alternatives
- i) Survey of household water use and water drainage
- j) Development and implementation of compost pile
- k) Stream / pond clean up
- l) Planning and modifying energy usage at home
- m) Letter writing campaign to support/reject legislation. Many important environmental laws are being revised by state and federal legislatures.
- n) Install conservation devices to reduce water flow in sinks and toilets
- o) Survey of schoolyard habitat features
- p) Survey bicycle usage
- q) Construction and placement of bird houses
- r) Environmental letter to a newspaper editor
- s) Wetland / water garden project

**REMINDER:** Students must return their completed Reflection Form by October of their 7<sup>th</sup> grade year in order to earn the 10 additional service learning hours for projects done at home following Outdoor School. The Reflection Form must be returned to the home school Student Service Coordinator. This form is the last page in the students Outdoor School journal.

### **EXAMPLES OF DIRECT, INDIRECT AND ADVOCACY:**

**DIRECT:** Provide proper habitat for specific species of birds.

**INDIRECT:** Assist nature center in surveying types of birds visiting center feeders.

**ADVOCACY:** Create a pamphlet or write letters to the newspaper informing them about your findings.

## Bed Bugs Info Sheet

Bed bugs are found everywhere across the globe including hotels, libraries, movie theaters and hospitals. They are not a sign of a lack of cleanliness, and they are not known to spread disease. Yes, bed bugs are annoying and have been found at Hashawha. Each time they have been detected here at Hashawha, it has been localized to one bunk bed, in one bunk room, in one cabin. Bed bugs do not fly or jump and typically stay within 8 ft. of sleeping areas. They are masters of fitting into tight spaces and are usually found in the seams of mattresses and in bedding. They will travel in the seams of bags from one area to another. The safety of the students who attend Outdoor School is of the utmost priority. In the event that bed bugs are detected at Outdoor School, these are the steps that the staff will take to ensure student safety:

1. All students will be moved from the affected area immediately.
2. As these students are moved into another bunk room, we will provide additional bedding so that bed bugs are not relocated. All of the students' gear from the affected bunk room will be treated.
3. All of the parents of the students attending Outdoor School that week will be notified by the principal using the CCPS messenger system. The parents of the students who are staying in the affected bunk room will be called personally by the Outdoor School principal.
4. The pest control company that Hashawha utilizes will be notified and the affected cabin will be heat-treated prior to other students using that cabin in the following weeks. We will also have the detection dog inspect the gear and other cabins during the week when possible and if any other bed bugs are detected, parents will be notified.

Preventing the spread of bed bugs is our second priority. As a precaution, you may want to treat all of your child's gear and bedding before bringing it into your home. It is a good idea to pack all of your child's items in bags that can be treated as well, meaning duffel bags and book bags that can go into the clothes dryer. High heat in the clothes dryer for 50 minutes will kill any unwanted passengers, so laundering all of the materials is a proactive way of ensuring they do not enter your house.

We will do all that we can to ensure the safety of your child while they attend the Outdoor School and to prevent the spread of bed bugs to your home. We will also deal with the issue so that it has minimal impact on the students' Outdoor School experience. Please contact the principal @ 410-751-3301 or [gcfelte@carrollk12.org](mailto:gcfelte@carrollk12.org) if you have any further questions about bed bugs.

### PERMISSION

Participation in the Outdoor School Program will include three hikes per day (one of which is after dusk). It may also include a local service project requiring a short bus trip off of the Hashawha property. All trips are taken on an approved carrier and chaperones are in an adequate ratio to students. Registered nurses are on duty 24 hours a day while the students are in residence at Outdoor School.

I have reviewed the information and give permission for \_\_\_\_\_ (student's name) to attend the Carroll County Outdoor School. This includes permission to transport my child, including to the doctor or hospital for treatment if the Outdoor School staff is unable to contact me. I believe that all necessary precautions will be taken to ensure the safety of my child. Please be advised that students are not permitted to bring phones and/or other personal electronic devices to Outdoor School.

The Outdoor School experience is very different from the traditional school setting. The students attend the Outdoor School Program typically from Monday morning through Friday afternoon. This includes sleeping overnight each night. A registered nurse is on duty while students are in residence.

The week is physically demanding and challenging due to the nature of the curriculum. The students participate in hikes over hilly, uneven terrain with many obstacles such as tree roots, etc. typical of the forest floor. Night hikes are part of the curriculum. The students also hike through and around water and mud, weather permitting.

Activities include but are not limited to rope swinging at a moderate level, running, and climbing hills. On average, students hike between 3 and 5 miles per day.

Medical concern or injury \_\_\_\_\_

\_\_\_\_\_ The student may participate in **ALL** Outdoor School activities without restrictions.

Dear Parent / Guardian:

I recognize that as parents you may juggle your child's schedule in order for them to participate in the full week of the Outdoor School program. On the other hand, occasionally there may be an event or an appointment that your child cannot miss, or you may want your child to be a day student only. Please use the bottom tear-off to advise the staff of Outdoor School if you intend to pick up your child for any reason.

If your child will be a day student, please contact the nurse's office at 410-857-7932 to discuss a time for your child to be picked up each day. We try to set up times for pick up so that they are convenient to you, and do not disrupt scheduled classes.

Sincerely,

**Gina C. Felter

Dear Outdoor School Staff:

I will need to pick up my child, \_\_\_\_\_, from Outdoor School  
*(child's name)*  
on \_\_\_\_\_ at \_\_\_\_\_ for \_\_\_\_\_.  
*(date) (time) (situation)*  
My child will return to camp at approximately \_\_\_\_\_.  
*(date) (time)*

I will sign my child out at the health room at the pickup time listed and sign them back in upon returning. I understand that if an appointment keeps my child away from camp past 9:00 p.m., they will need to go home for the evening and return to Outdoor School the following morning.
