The Cecil County Public Schools does not discriminate in admissions, access, treatment, or employment in its programs and activities on the basis of race, color, gender and gender identity, age, national origin, religion, sexual orientation, or disabling condition.

PHILOSOPHY

Education serves as the backbone of our democratic society by instilling learning skills, formal academic learning, and the social development needed for future citizens to address societal needs. Daily educational outcomes are controlled primarily by teachers who guide and educate our youth. To affirm the public trust in their relationships, abilities, and skills, teachers must not only meet an established standard of effective performance but must actively and continually seek to improve their skills and abilities through self and professional study. The purposes of the Cecil County Public School system teacher evaluation program, along with other strategies, are to ensure that each student will receive effective instruction and will have maximum opportunity to learn, as well as to enhance teachers' effectiveness in the classroom.

Cecil County's system of evaluation recognizes that most teachers effectively instruct students. Throughout the evaluation process each teacher will engage in continuous self-improvement, strive to improve his/her ability to deliver quality instruction, and, ultimately, optimize student learning and growth.

OVERVIEW OF THE TEACHER EVALUATION PROCESS

In the Cecil County Public Schools, the teacher evaluation process includes the use of classroom observations, assessment of professional activities, review of documentation of performance, student achievement, and a formal evaluation conference. The principal is the lead evaluator and may work in conjunction with any of the following: a principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or another administrator designated by the Executive Director. Unless otherwise designated by the Superintendent of Schools, the principal is the lead evaluator and is responsible for ensuring that the policy and regulations associated with teacher evaluation are implemented in a timely manner. For non-tenured and non-certified teachers/conditional licensure, evaluators are encouraged to give consideration to conducting an announced observation as their first observation.

Non-Tenured

All non-tenured teachers must be observed a minimum of two times during each evaluation period. These observations will be conducted by a principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or another administrator designated by the Executive Director. An observation that is conducted jointly by two or more administrators will count as one observation for the teacher.

Non-tenured teachers will be evaluated a minimum of two times per year. The evaluation will be completed by a principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or another administrator designated by the Executive Director. The first evaluation will be completed by December 15, on the basis of the Professional Practice domains only.

- If the December 15, evaluation is *Highly Effective* or *Effective* and subsequent observations uphold this rating, the second evaluation will be completed by June 1.
- If the December 15, evaluation is rated *Needs Improvement* or *Ineffective* on the overall rating, an appropriate Professional Improvement Plan will be developed and implemented. The second evaluation will be completed by March 15. A revision of the Student Learning Objectives (SLO) must be revised by January 30, to allow their inclusion in the early evaluation.

End of year evaluations - March 15, or June 1 (see below for deadlines for teachers hired after November 1) - will be based on the following sources of information: a minimum of two formal observations, the Related Professional Activities Form, student achievement data, and may include additional documentation of performance.

Teachers who have accepted positions after the beginning of the school year will be evaluated according to the following time schedule. The evaluations will be based on the same sources of information as listed previously.

- For teachers beginning employment between November 15 and December 31, there will be one evaluation period which shall conclude by March 15, if *Ineffective* or June 1, if *Effective*.
- For teachers beginning employment on or after January 1, there will be one evaluation period which will conclude by June 1.
- Student Learning Objectives will be selected and developed collaboratively by the teacher and principal with timelines that allow their inclusion in these evaluations.

Non-tenured teachers will receive an *Effective* or an *Ineffective* rating for each evaluation period except their initial evaluation period. For the initial evaluation period, a non-tenured teacher may receive a *Needs Improvement* rating. An *Ineffective* evaluation of a non-tenured teacher shall include three observations at least one of which shall be conducted by an individual other than the immediate supervisor.

Evaluation conferences must be completed by March 15, for non-tenured teachers whose observations indicate a teaching performance that is found to be *Ineffective*. For teachers hired prior to January 1, evaluators will notify the Associate Superintendent for Education Services no later than March 30, when the teacher's performance results in a recommendation for the teacher's dismissal from employment. For teachers hired on or after January 1, evaluators will notify the Associate Superintendent for Education Services no later than March 30, when the teacher's dismissal from employment. For teachers hired on or after January 1, evaluators will notify the Associate Superintendent for Education Services no later than May 1, or 90 days prior to the third anniversary date of hire.

Tenured Teachers

In accordance with COMAR 13.A.07.09.06, tenured teachers with a Standard Professional Certificate or an Advanced Professional Certificate will be evaluated once annually in a three-year cycle:

(1) In the first year of the evaluation cycle, tenured teachers shall be evaluated on both professional practice and student growth;

(2) If in the first year of the evaluation cycle a tenured teacher is determined to be highly effective or effective, then in the second year of the evaluation cycle the tenured teacher shall be evaluated using the professional practice rating from the previous year and the student growth based on the most recent available data;

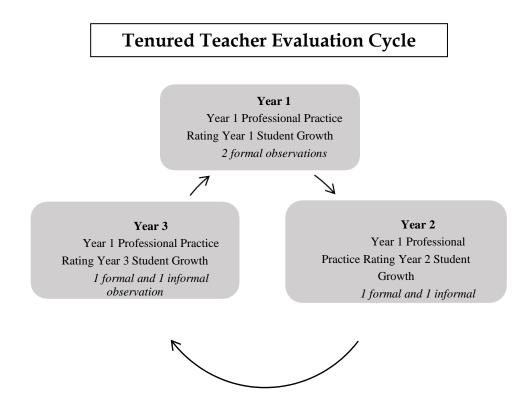

(3) If in the second year of the evaluation cycle a tenured teacher is determined to be highly effective or effective, then in the third year of the evaluation cycle the tenured teacher shall be evaluated using the professional practice rating from the previous year and student growth based on the most recent available data;

(4) At the beginning of the fourth year, the evaluation cycle shall begin again; and

(5) In any year, a principal may determine or a tenured teacher may request that the evaluation be based on a new review of professional practice along with student growth. (COMAR 13.A.07.09.06)

Professional Practice evaluation ratings must be based on observations that have taken place during that school year only.

Teachers who wish to be evaluated in the professional practices area in years they are not scheduled for a full evaluation must request a full evaluation in writing to their principal by October 15.

All teachers rated as ineffective shall be evaluated annually on student growth and professional practice.

An evaluation of professional practice for a tenured teacher will be based on a minimum of two formal observations in that year. In years that the teacher's professional practice rating is carried over, at least one formal and one informal observation must take place. In each year, the Related Professional Activities Form, student achievement data, and any additional documentation of performance will be used to determine the teachers overall rating.

Observers may be a principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director.

Tenured teachers:

- whose ratings are determined to be Effective or Highly Effective will have their final evaluation completed between April 15 and June 1, of the evaluation year.
- whose current certificates are rated as Second Class (see definition of terms) will have their evaluation completed by April 15, of the evaluation year.
- whose ratings are determined to be Ineffective will have their evaluation completed by April 15, of the evaluation year.

In the event that a teacher will be evaluated on the March 15/April 15 timeline, SLO's must be revised by January 30, if they will not be completed at the time of the evaluation. Revisions must be done in collaboration between teacher and principal, subject to Executive Director's approval. Possible reasons for such a revision include, among other circumstances, a significant change in the teacher's assignment or the likelihood that the teacher will be evaluated on a March/April timeline.

All tenured teachers will receive either a Highly Effective, Effective, or an Ineffective rating on the overall rating for the *one-year* evaluation period. An Ineffective evaluation of a tenured teacher shall include at least one independent observation by an individual other than the immediate supervisor.

If a teacher's performance receives an Ineffective rating, the evaluator may recommend one of the following actions to the Associate Superintendent for Education Services by April 30 of the evaluation year:

- the teacher's certificate be reclassified as Second Class; or
- the teacher be dismissed.

CLASSROOM PERFORMANCE EVALUATION COMPONENTS

The evaluation is based upon:

Formal Observation - The formal observation of the classroom teaching/learning process through two different procedures, announced or unannounced:

Formal Announced Observation Pre-observation Conference Classroom Observation Post-observation Conference Formal Unannounced Observation Classroom Observation Post-observation Conference

- **A. Student Achievement** Student achievement is a compilation of a school based Academic Index and the overall degree to which the three (3) Student Learning Objectives (SLOs) have been attained.
- B. **Related Professional Activities Form** A record completed by the teacher listing the teacher's participation in activities throughout the current year.

When available, other information such as the following will be used in the evaluation:

Informal Observation - An observation of at least 10 minutes of the classroom or instructional related activity. If everything is considered positive, no post conference is necessary. However, an informal observation with areas of concern shall be followed by a conference and a subsequent formal observation may occur.

Narrative Record Form - A form on which to provide feedback on teacher performance and/or document other elements of the teacher's behavior or performance.

Professional Improvement Plan - A plan developed collaboratively by the teacher, principal or assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director. This plan includes the teacher's performance goals, a detailed program for assistance, and opportunities to develop and improve instructional techniques. This plan will be directed by the principal or the appropriate evaluator.

Teacher Comment Form - A form that offers the teacher the opportunity to comment, explain, or reflect upon the observation or evaluation in a written format, which shall be attached to the relevant observation document. The teacher is responsible for uploading copies of the form.

Other Documentation – Refers to additional evidence of performance, such as: letters of commendation and/or letters that express concerns.

Definition of Terms

Evaluators/Observers

The principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director.

Non-Tenured

The probationary status of a teacher who has not met the requirements of tenure status.

Overall Evaluation

Rating given to a teacher's total performance.

Domains

Aspects of the teaching discipline and related responsibilities which embody required specific skills. These vary slightly for each teacher group and are reflected on specific observation and evaluation forms.

Student Learning Objectives (SLOs)

A specific, rigorous, long-term goal for groups of students which educators create to guide their instructional and administrative efforts.

SLO Cycle

A marking period, semester, or year-long timeline where student achievement data is being collected and analyzed.

Components

Each domain has components of behaviors that are not all-inclusive, but reflect the best practices listed under the area for *Highly Effective* or *Effective* ratings. Evaluators recognize that not every indicator may be observed in every lesson. The teacher will be evaluated in appropriate domains and components. See specific rubrics to follow.

Teacher Evaluation Process

A cycle includes the following: observations, conferences, analysis of student achievement data, related professional activities form, Professional Improvement Plan (if applicable), evaluation, tenure recommendation (if applicable), and any additional documentation of performance.

Observation Ratings

The observers will rate the teacher's performance in each of the components within the domains:

Highly Effective	- performance exceeds county expectations
Effective	- performance meets county expectations
Needs Improvement	- performance that is inconsistently effective
	and requires modification to be acceptable
Ineffective	- performance which is not effective and may jeopardize
	employment status
Not applicable	- performance area which does not pertain to this observation

Evaluation Ratings

The evaluators will rate the teacher's performance in each of the domains:

Highly Effective	- performance exceeds county expectations
Effective	- performance meets county expectations
Needs Improvement	- performance that is inconsistently effective
	and requires modification to be acceptable [First evaluation
	period non- tenured teachers only may receive this summary
	evaluation.
Ineffective	- performance which is not effective and may jeopardize
	employment status
Not applicable	- performance area which does not pertain to this evaluation

Second Class Certificate

The declaration by the Superintendent of Schools for a tenured teacher's licensure when that teacher has been rated as overall *Ineffective* because the teacher has not met the standards for a first-class license. A teacher whose licensure is rated as second class may not receive a salary increment based on experience for one year. At the end of that year, the second-class licensure must be declared first class or the teacher be recommended for dismissal in accordance with the Annotated Code of Maryland and the regular contract as identified in COMAR.

Second Year Probationary Status

A licensed employee who achieved tenure in another LEA in Maryland may achieve tenure after a oneyear probationary period. That probationary period may be extended for a second year if the licensed employee does not qualify for tenure at the end of the first year based on established performance evaluation criteria, and the employee demonstrates a strong potential for improvement. (COMAR 13A.07.02.01B)

Teacher

Licensed personnel whose performance is being evaluated through the observation and evaluation process. This group also includes related service providers, media specialists, building coordinators, resource teachers, instructional coaches, school social worker, Dean of Students, community school advisor, school psychologists, and school counselors.

Tenured

The status is granted to a teacher who has been rated as overall *Highly Effective* or *Effective* after a **three-year** continuous probationary period and recommended for continued employment.

OBSERVATION PROCEDURES

I. Formal Announced/Unannounced Observation

- A. Pre-observation conference (for announced only):
 - 1. The observer(s) may be the principal, assistant principal, instructional coordinator, program facilitator, manager, program coordinator or an administrator designated by the Executive Director.
 - 2. The conference shall be held at least one working day before the observation.
 - 3. The Observer(s) will provide the teacher a copy of the Pre-Conference Form. Teacher MAY elect to reply to the questions in print or simply consider the questions in advance of the conference.
 - 4. Completion of the Pre-Conference Form will not substitute for a pre-observation conference.
 - 5. The Pre-Conference Form is maintained by the observer(s) and becomes part of the observation documentation.
- B. Classroom observation
 - 1. The time of classroom observation may be the entire lesson but no less than thirty (30) minutes.
 - 2. Minimum of two observations a year.
 - 3. The observer shall rate performance in each component on a 4-point scale:
 - (a) *Highly Effective*-performance exceeds county expectations.
 - (b) *Effective* performance meets county expectations.
 - (c) *Needs Improvement* performance not consistently effective and requires modification to be acceptable.
 - (d) Ineffective performance is not effective and may jeopardize employment status
 - (e) Not applicable performance which does not pertain to this observation.
 - 4. Observer must use established component indicators in determining a rating.
- C. Post-observation conference
 - 1. Conferences should be held within three working days after the date of the observation.
 - 2. Administrators and teachers should discuss the observation prior to sharing the observation report/form.
 - 3. Conferences shall be held to provide feedback to the teacher concerning the lesson to: (a) Commend professional strengths.
 - (b) Explain any rating of *Needs Improvement* or *Ineffective*.
 - (c) Determine any areas for growth and discuss subsequent support.
 - 4. Student Learning Objectives will be discussed to assess the degree of attainment in the collection and analysis of SLO data, and any adjustments to instructional practices.

II. Informal Observation

- A. The length of the observation shall be at least 10 minutes.
- B. The Informal Observation Form is to be used only for classroom/instructional related activities.
- C. Teachers shall receive a copy of the form on the day of the observation.
- D. Informal observations with negative comments shall be followed by a conference and a formal observation may occur.

III. Narrative Record Form

- A. The Narrative Record Form may be used as the primary report form on which to maintain a written record of teacher performance in the area of Related Responsibilities.
- B. The Narrative Record Form may be used, when necessary, as an attachment to any observation to

clarify and/or supplement the data recorded.

C. The Narrative Record Form may be used to document non-instructional concerns with the teacher's behavior or performance.

IV. Teacher Comment Form

- A. The Teacher Comment Form offers the teacher the opportunity to comment, explain, rebut or reflect upon the observation in a written format.
- B. The teacher is responsible for dissemination of copies to be attached to the original observation and all other recipients of the observation.
- C. The appropriate form must be used.

V. General Guidelines

- A. All of the stated numbers of observations are the minimum number required. Principals, assistant principals, instructional coordinators, program coordinators, managers, program facilitators, or administrators designated by the Executive Director may observe teaching performance any time deemed appropriate by the observers, consistent with the CCCTA Negotiated Agreement, Article VII.
- B. The instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director and the principal, assistant principal, or next-in-line administrator must be involved together in at least one type of formal observation whenever ratings in any one domain indicate the possibility of an *Ineffective* evaluation.
- C. At least one observation should occur in each of the schools in which a multi-school/multi-supervised teacher is assigned.

VI. Observation Criteria / Rubric for Rating Classroom Observations -

The rubrics that follow in the appendices to this handbook describe the levels of performance that would result in ratings of *Highly Effective, Effective, Needs Improvement, or Ineffective* in each of the components within each domain of professional practice. Behaviors and conditions described here are not intended to be all inclusive lists, but examples of descriptors consistent with the various rating labels. Separate rubrics are provided for each teacher category: classroom teacher, related services provider, school counselor, building coordinator, instructional coach, media specialist, psychologist, community school advisor, school social worker, and Dean of Students.

Measuring Student Growth and Achievement*

Academic Index

The academic index is composed of the following data elements:

- Student Attendance
- Student Discipline
- Student Academic Performance

Each school will be assigned an annual goal to reduce the number of students who perform below an acceptable level in these areas. Each school's success in meeting this annual goal will account for 20% of each teacher's evaluation.

Student Learning Objectives (SLOs) for ALL Teachers

- 1. In collaboration with teachers, content coordinators have created Student Learning Objectives that will apply to teachers. These SLO documents address the full variety of teacher positions including classroom teachers, special educators, counselors, instructional coaches, media specialists, Dean of Students, school social worker, community school advisors, and related service providers.
- By September 30 each year, each teacher will select two (2) grade/subject appropriate SLOs to be considered in the evaluation process. Each SLO is valued at 15% of the teacher's evaluation. For each SLO that is rated at Highly Effective, the teacher receives the full 15% value. Effective attainment yields 12%; Needs Improvement yields 9% value. For any teacher's SLO rated at Ineffective attainment, the value assigned is 7.5%.
- 3. For those teachers who teach multiple sections of students, it is the teacher's choice of targeted audience to which the SLOs are applied. Stated another way by example, a biology teacher may elect to apply the laboratory practical SLO to one section of students and apply the unit exam SLO to another section. This variety of applications will enrich the data used to evaluate each teacher's impact on student learning.
- 4. There are unique settings and situations where the general bank of SLOs is not appropriate for a teacher. The teacher and principal may propose new SLO(s) that more accurately reflect the instructional goals of these unique positions. Timelines, assessment tools, targets or audience might be adjusted in these SLOs. The Executive Director for the grade level span will review these proposals by September 30, for approval.
- 5. When considering students to be considered in a teacher's SLO caseload, the teacher and principal may agree to exclude those students with attendance of less than 80% of the days/periods belonging in the class. A student can be excluded from the teacher's caseload for a variety of reasons, at the principal's discretion.
- 6. Revisions must be done in collaboration between teacher and principal, subject to Executive Director's approval. Possible reasons for such a revision include, among other circumstances, a significant change in the teacher's assignment or the likelihood that the teacher will be evaluated on a March/April timeline.
- 7. For clarifications or to share your experiences with these descriptions, please contact the appropriate content coordinator for each subject. Each coordinator has developed these SLOs with considerable teacher input.

Domain 5: Student Achievement

Domain 5: Student AchievementStudent Learning ObjectivesAttains targeted performance levels of Student Learning Objectives. Each SLO is rated separately.			
Highly Effective	Effective	Needs Improvement	Ineffective
 Meets or exceeds the established SLO with all or nearly all students. No significant gaps exist between subgroups of students. 	 Demonstrates attainment of the SLO with most students. Where the SLO is not met, significant contributing factors can be identified to add context to interpreting results. 	 Shows progress toward meeting/approximating the established SLO, though may not meet the target with many students. Target may be met for select subgroups of students, but significant performance gaps exist between student groups. 	• Does not meet or approach targeted performance level in the SLO.

EVALUATION PROCEDURES

I. Evaluation Components

The evaluation is based upon information from the following types of observations and records previously shared in writing with the teacher.

Required observations and documents:

- A. Classroom Teacher Observation Form(s)
- B. Related Professional Activities Form
- C. Student Growth Measures
 - a. Academic Index
 - b. Evidence of Student Learning Objective attainment as maintained and presented by teacher

May also include the following documentations:

- A. Informal Classroom Observation Form(s)
- B. Professional Improvement Plan
- C. Narrative Record Form(s)
- D. Teacher Comment Form(s)

II. Rating

The evaluators are the principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director. These evaluators shall rate the educator's performance in each domain using the following scale:

Highly Effective	-	performance exceeds county expectations
Effective	-	performance meets county expectations
Needs Improvement	-	performance that is not consistently effective and requires
		modification to be acceptable
Ineffective	-	performance is not effective and may jeopardize employment status
Not Applicable (N/A)	-	performance area does not pertain to the evaluation

III. Comments

Written comments may be added by the evaluator(s) in each of the domains to reinforce, explain, and/or document a specific area. Comments **must** be written for any ratings of *Needs Improvement* or *Ineffective*.

IV. Overall Performance

The overall performance evaluation of non-tenured and tenured teachers must be rated either *Highly Effective*, *Effective*, or *Ineffective*.

Non-tenured teachers will receive a *Highly Effective*, *Effective*, or *Ineffective* rating for each evaluation period except their initial evaluation period. For the initial evaluation period, a non-tenured teacher may receive a *Needs Improvement* rating. An **overall** rating of *Effective* must be achieved on the final evaluation of the third year in order for the teacher to be recommended for tenure.

Non-tenured teachers will be evaluated two (2) times each year. The first evaluation of the year, most often by December 15, will be based on the Professional Practice domains only.

An *Ineffective* evaluation shall include at least one observation by an individual other than the immediate supervisor. *The following guidelines are to be followed in determining the summative evaluation:*

A. On each respective Evaluation Form, the domain <u>Instructional Strategies</u> (or, <u>Service Delivery</u> for the specialists' documents) will count double weight.

- B. A summary evaluation for domains 1 through 4 will be given based on the point tally derived from the Domain evaluations. (see Summative Evaluation Form)
- C. A summary evaluation for domain 5 will be given based on the point tally derived from the Domain evaluations. (see Summative Evaluation Form)

		Professional Practices Evaluation Domains 1 throu		
		Highly Effective	Effective	Ineffective
Student Achievement	Highly Effective	Highly Effective	Effective	Ineffective
Evaluation for	Effective	Highly Effective	Effective	Ineffective
Domain 5	Ineffective	Highly Effective	Effective	Ineffective

D. The final overall performance will be given based on the following matrix:

V. Procedures

- A. The Related Professional Activities Form acknowledges the teacher's participation in any activities throughout the year which should be recorded and brought to the evaluators' attention.
 - 1. The form will assist in the evaluation of the "Related Professional Responsibilities" performance area.
 - 2. Comments related to these activities may be added throughout the school year on the Observation Forms, Narrative Record Forms, or other means of communication.
 - 3. The teacher is responsible for submitting this form to the evaluators by May 1.
 - 4. The form will be attached to the appropriate evaluation form to be sent to the Office of Human Resources.
- B. The evaluators jointly rate the teacher's performance from data that have been compiled and previously shared in writing with the teacher.
- C. An evaluation conference must be held with the teacher and the principal, or assistant principal, or an administrator designated by the Executive Director. The instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director must be present if the teacher's overall rating is evaluated as *Needs Improvement* or *Ineffective*.
- D. At each observation conference, the teacher and evaluator will review current progress toward SLO goal attainment. At the summative evaluation conference, the teacher is responsible for presenting student achievement and goal attainment data.
- E. The teacher shall have the opportunity to read a copy of the evaluation form at the conference prior to the discussion of the evaluation.
- F. The teacher has the right to attach supportive data or clarifying comments to the evaluation form using the Teacher Comment Form.

VI. Multi-School Teachers/Multi-Supervised Teachers*

- A. Evaluations of teachers assigned to more than one school will be completed by their home-school principal, assistant principal, instructional coordinator, program facilitator, program coordinator, manager, or an administrator designated by the Executive Director.
- B. All copies of the observations will be compiled for the rating of the teacher's total performance at the home school.
- C. The Academic Index applied to these multi-school teachers will be derived as a prorated value based on the portion of time spent in each assigned building.

The Related Professional Activities Form provides a record of the teacher's participation in activities which should be brought to the principal's attention. Examples of these may include college and university courses, conferences, committees, special in-school assignments, assemblies, shows, clubs, and other extracurricular activities.

The principal will make the Related Professional Activities Form available to teachers. The principal will specify a date when the form will be submitted annually by the teacher. Forms must be submitted prior to each evaluation conference to be attached to the teacher's evaluation form.

PROFESSIONAL IMPROVEMENT PLAN

Staff development is an integral part of the evaluation process. It is suggested that assistance and support will be provided to a struggling teacher as soon as the need is identified. A Professional Improvement Plan (PIP) is designed as a guide for helping the teachers grow professionally. The PIP must be developed with a teacher whose evaluation is determined to be *Needs Improvement*, *Ineffective or* following two or more observations that indicate a need for support. **After consultation with the Executive Director**, the PIP will be developed collaboratively with the teacher and principal, instructional coordinator, assistant principal, program facilitator, program coordinator, manager, or another designated administrator. A date and time for the development of the plan shall be established by the administrator(s), allowing the teacher at least 24 hours to prepare for the development of the plan. The unit member may arrange to have Association representation present at that meeting. The teacher shall be provided with an opportunity to review the plan, reflect on its content, and ask for clarification prior to the plan being finalized. The administrator(s) shall establish the date to finalize the plan. In the event that the collaborating parties are unable to reach consensus on the contents of the Plan, the building administrator will make the final determination.

The Professional Improvement Plan shall contain:

DOMAIN - Performance Area(s) COMPONENT - Goal(s) and Objective(s) including timeline for completion RESOURCES, ACTIVITIES, AND STRATEGIES REVISED/ADDITIONAL RESOURCES, ACTIVITIES, STRATEGIES - Followup/Modification(s)

DOMAIN-Performance Area(s)

This may be an entire domain or individual components from the observation/evaluation rubrics.

COMPONENT-Goal(s) and **Objective**(s)

- 1. Will be collaboratively developed by teacher and principal and may also include other appropriate administrators.
- 2. Will specify timeline or projected date for meeting goal, which may include time of next observation and meeting.

RESOURCES, ACTIVITIES, STRATEGIES, DOCUMENTATION, PERSON(S) RESPONSIBLE, TIMELINES

- 1. Will be collaboratively developed by teacher and principal and may also include other appropriate administrators.
- 2. Will specify the activities/materials to be used, and the role and the responsibilities of each person: teacher, administrator, instructional coordinator, program coordinator, manager, or program facilitator.
- 3. Will identify the documentation that will substantiate the completion of the activity.
- 4. Will state the professional assistance and direction to be provided for teacher.
- 5. Will list the resources, strategies, and activities to be used.
- 6. Will indicate the timeline for initiating and completing activities.

REVISED/ADDITIONAL RESOURCES, ACTIVITIES, STRATEGIES - Follow-up/Modification(s)

- 1. PIP's should be reviewed by the teacher and principal in the time frame agreed to at the development of the PIP.
- 2. Signatures of all participants in the review conference(s) should be obtained for each revision and a copy of the revised document(s) provided to the teacher.
- 3. The results of the improvement plan should be included in the next evaluation.

- 4. If a rating of Ineffective occurs in a subsequent observation or evaluation within a year, then a Professional Improvement Plan will be developed, or the present one will be modified or continued.
- 5. All individuals identified in the Professional Improvement Plan will document their participation and will be held accountable for the implementation of the plan.

APPEAL OF AN EVALUATION

In the event of an overall rating of *Ineffective*, the school system shall, at a minimum, provide individuals with a meaningful appeal in accordance with Education Article, Section 4-205(c)(4), Annotated Code of Maryland.

If an observation report is a component of an *Ineffective* evaluation, the observation report may be appealed along with the *Ineffective* evaluation.

The burden of proof is on the teacher appealing an overall rating of *Ineffective*.

CLASSROOM TEACHER

1. Focuses lesson on curriculum outcomes/indicators

The teacher selects learning outcomes for each day's lessons that align with county and state curriculum guidance and are appropriate for the current learning needs of the students.

Highly Effective	Effective	Needs Improvement	Ineffective
 Objective is aligned to the grade level curriculum or IEP goals and represents learning in the given and related disciplines. The sequence of learning objectives is evident within given and related disciplines. The objective is assessable as written. 	 Objective is aligned to the grade level curriculum or IEP goals. The sequence of learning objectives is evident across multiple lessons within the disciplines. The objective is assessable as written. 	 There is an objective, but it is not aligned to the grade level/content curriculum or IEP goals. The sequence of learning is not evident across multiple lessons. The objective is not accessible. Today's lesson does not meet contractual criteria. Art. VI.16 	 The objective is not relevant to the grade level curriculum. Objective is not assessable. There is no objective listed for the lesson – or the objective is simply an activity. There is a pattern or repeated incidences of not meeting contractual criteria. Art. VI.16
By contract: Plans specify outcomes, activities, and assessment criteria for this day, the previous day, and following day. Art. VI.16	By contract: Plans specify outcomes, activities, and assessment criteria for this day, the previous day, and following day. Art. VI.16		

CLASSROOM TEACHER

2. Utilizes student assessments congruent with learning outcomes

The teacher has clear assessment criteria identified to evaluate student achievement of the intended outcomes.

These assessments, both formal and informal, help the teacher monitor student learning through the course of instruction and at various checkpoints, such as at the end of the lesson, week, or unit.

Highly Effective	Effective	Needs Improvement	Ineffective
 Assessment results are used and adapted for individualized instruction. All assessments are aligned with instructional outcomes in both process and content. Assessment criteria and standards are clear and include student use of assessment information, as well as teacher's use. 	 Assessment results are used effectively to plan for future instruction. Most assessments are aligned with outcomes in both process and content. Assessment criteria and standards are clear. 	 Use of assessment results is rudimentary. Some assessments are aligned with outcomes in process or content. Assessment criteria and standards have been developed but are not clear. Today's lesson does not meet contractual criteria. Art. VI-16 	 Assessment results are not used. No assessments are aligned with outcomes in either process or content. There are no criteria or standards for assessments. There is a pattern or repeated incidence of not meeting contractual criteria. Art VI-16
By contract: Plans specify outcomes, activities, and assessment criteria for this day, the previous day and following day. Art. VI.16	By contract: Plans specify outcomes, activities, and assessment criteria for this day, the previous day and following day. Art. VI.16		

3. Designs coherent instruction with appropriate pace and sequence of the lesson

The teacher has selected and sequenced lesson activities to utilize the available time effectively. The structure of the lesson allows for students to move through levels of complexity and depth of knowledge toward acquisition of the lesson's outcomes.

Highly Effective	Effective	Needs Improvement	Ineffective
 The lesson's or unit's structure is clear and allows for different pathways according to diverse student needs. The progression of activities is highly coherent. The teacher coordinates knowledge of content and of resources to design learning activities aligned to instructional outcomes, differentiated where appropriate. 	 The lesson or unit has a clearly defined structure around which activities are organized. Activities progress sequentially with reasonable time allocations. The teacher designs learning activities and selects resources suitable and aligned to instructional outcomes. By contract: Plans will show evidence of long range planning and shall be available for previous day, this day, and next day's lessons. Art. VI 16	 The lesson or unit has a recognizable structure, although the structure is not uniformly maintained throughout. The progression of activities is uneven, with most time allocations reasonable. The connection between the learning activities and the instructional outcome/ indicators is limited and/or the resources do not support learning. 	 The lesson or unit has no clearly defined structure, or the structure is chaotic. Activities do not follow an organized progression, and time allocations are unrealistic. The experiences and resources are suitable for only some students.

CLASSROOM TEACHER

4. Demonstrates understanding of student interests, background, and needs

The teacher demonstrates an understanding of the unique learning needs, styles, interests, and prior knowledge of the students in the class in order to plan effective instruction. This is demonstrated in selecting materials, designing activities, and adjusting strategies to meet differentiated needs of the students.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher displays accurate understanding of the typical developmental characteristics of the age group and exceptions to the general patterns, and the knowledge of the extent to which individual students follow the general patterns. Teacher displays extensive and subtle understanding of how students learn and applies this knowledge to individual students. Teacher displays understanding of individual students' skills, knowledge, and language proficiency, and has a strategy for maintaining such information. 	 Teacher displays accurate understanding of the typical developmental characteristics of the age group as well as exceptions to the general patterns. Teacher's knowledge of how students learn is accurate and current. Teacher applies this knowledge to the class as a whole and to groups of students. Teacher recognizes the value of understanding students' skills, knowledge, and language proficiency and displays this knowledge for groups of students. Teacher recognizes the value of understanding students' interests and cultural heritage and displays this knowledge for groups of students. 	 Teacher displays partial understanding of the developmental characteristics of the age group. Teacher recognizes the value of knowing how students learn, but this knowledge is limited, outdated, or not utilized. Teacher recognizes the value of understanding students' skills, knowledge, and language proficiency but displays this knowledge only for the class as a whole. Teacher recognizes the value of understanding students' interests and cultural heritage but displays this knowledge only for the class as a whole. 	 Teacher displays little or no understanding of the developmental characteristics of the age group. Teacher sees no value in understanding how students learn and does not seek such information. Teacher displays little or no knowledge of students' skills, knowledge, and language proficiency, and does not indicate that such knowledge is valuable. Teacher displays little or no knowledge of students' interests or cultural heritage and does not indicate that such knowledge is valuable.

 Teacher recognizes the value of understanding students' interests and cultural heritage and displays this knowledge for individual students. Teacher is aware of information about each student's learning and medical needs. This information is used to create instruction tailored to meet individual needs. 	• Teacher is aware of students' special learning and medical needs. This information is used to create instruction tailored to meet the needs of a group of students.	• Teacher displays awareness of the importance of knowing students' special learning or medical needs, but such knowledge may be incomplete or inaccurate. This knowledge is used in an attempt to meet student needs but is unsuccessful at addressing the need.	• Teacher displays little or no understanding of students' special learning or medical needs or why such knowledge is important. The teacher does not attempt to meet the specific needs of students.

CLASSROOM TEACHER

5. Demonstrates knowledge of content to plan appropriate instruction

The teacher has a thorough command of a subject's content, principles, and methods of inquiry to guide students through ascending levels of understanding and mastery. The students' prior knowledge of enabling content, the demands of subsequent content, and authentic application of the knowledge guide the teacher's lesson design.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher displays extensive knowledge of the important concepts in the discipline and how these relate both to one another and to other disciplines. Teacher's plans and preparation reflect understanding of prerequisite relationships among topics and concepts and a link to necessary cognitive structures by students to ensure understanding. Teacher's plans and preparation reflect familiarity with a wide range of effective pedagogical approaches in the discipline, anticipating student misconceptions. 	 Teacher displays solid knowledge of the important concepts in the discipline and how these relate to one another. Teacher's plans and preparation reflect accurate understanding of prerequisite relationships among topics and concepts. Teacher's plans and preparation reflect familiarity with a wide range of effective pedagogical approaches in the discipline. 	 Teacher is familiar with the important concepts in the discipline but may display lack of awareness of how these concepts relate to one another. Teacher's plans and preparation indicate some awareness of prerequisite relationships, although such knowledge may be inaccurate or incomplete. Teacher's plans and preparation reflect a limited range of pedagogical approaches that are not suitable to the discipline or to the students. 	 In planning and preparation, teacher makes content errors or is not prepared to address existing misunderstandings by students. Teacher's plans and preparation display little or no understanding of prerequisite relationships important to student learning of the content. Teacher displays little or no understanding of predagogical approaches suitable to student learning of the content.

1. Engages students in learning activities*

The teacher selects learning experiences designed to get students actively, intellectually involved with the content or active construction of understanding. This engagement can be enhanced with appropriate materials, purposeful grouping of students, and the use of interactive lesson structures.

Highly Effective	Effective	Needs Improvement	Ineffective
 All students are cognitively engaged in exploring content. Instructional grouping is productive and appropriate to the students and enhances student learning and the instructional purposes for the lesson. Students self-monitor the productivity of the group and initiate adjustments as needed. Peer interaction occurred appropriately and successfully. Student interaction reflects a collaborative effort towards understanding the outcome. The lesson's activities have a highly coherent structure, is appropriately paced, and allows for student reflection. 	 Most students are cognitively engaged in exploring content Instructional grouping is productive and appropriate to the students or to the instructional purposes of the lesson's activities. Peer interaction occurred appropriately and successfully. The lesson's activities have a clearly defined structure and the pacing is appropriate. 	 Some students are cognitively engaged in exploring content. Instructional grouping is only partially appropriate to the students or only moderately successful in advancing the instruction outcomes of the lesson's activities. Peer interaction occurred sporadically and/or without appropriate student learning occurring. The lesson's activities has recognizable structure although it is not uniformly maintained and the pacing is inconsistent. 	 Very few/no students are cognitively engaged in exploring content. Instructional grouping is inappropriate for the students or for the instructional outcomes. No opportunities were provided for peer interaction. The lesson's activities have no structure and are poorly paced.

	Consideration for Blended	d Virtual Program Instruction	
• All students are cognitively engaged in exploring content through the use of digital resources (i.e. breakout groups, discussion boards, chats, polls, quiz tools, productivity Google Suite, etc.).	• Most students are cognitively engaged in exploring content through the use of digital resources (i.e. breakout groups, discussion boards, chats, polls, quiz tools, Google Suite, etc.).	• Some students are cognitively engaged in exploring content. The teacher makes limited use of digital resources (i.e. breakout groups, discussion boards, chats, polls, quiz tools, Google Suite, etc.)	• Very few/no students are cognitively engaged in exploring content. The teacher makes no use of digital resources (i.e. breakout groups, discussion boards, chats, polls, quiz tools, Google Suite, etc.).

2. Uses effective questioning and discussion techniques

The teacher poses high level questions forcing students to make connections, draw conclusions, and form hypotheses about the content of the lesson. Discussion prompts allow for critical thinking and participation by students exchanging ideas and questions in an analysis of the lesson topics.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher's questions are scaffolded to a high level of thinking and are culturally and developmentally appropriate leading to meaningful dialogue. Through effective questioning/discussion techniques all students are engaged. Adequate time is provided for students to reflect and respond to teacher and classmates' prompts and comments. 	 Teacher's questions call for a high level of thinking and are culturally and developmentally appropriate, and invite a thoughtful response. Through effective questioning/discussion techniques most students are engaged. Adequate time is provided for students to respond to teacher prompts. 	 Teacher's questions are mostly low and some high level of thinking which are asked in rapid succession, and do not promote dialogue. Through inconsistently effective questioning/ discussion techniques, some students are engaged. Questions are asked in rapid succession with insufficient wait time. 	 Teacher's questions are mostly low level of thinking with low cognitive challenge and single correct responses. Through ineffective questioning/discussion techniques, few students are engaged. No wait time is given for students to respond.

3. Monitors student learning throughout lesson

The teacher understands what the students know before, during, and after instruction for the purposes of adjusting instruction in the current lesson and planning subsequent lessons through formative assessments such as pre testing or end of lesson assessments, the teacher gathers valuable information to guide the pace and direction of the lesson or unit.

Highly Effective	Effective	Needs Improvement	Ineffective
 Students are fully aware of the criteria and learning goals by which their work will be evaluated, and the expectation/criteria has been modeled. Teacher actively and systematically elicits diagnostic information from individual student's formative and/or summative assessments regarding their understanding. Teacher's feedback to student is timely and of consistently high quality and provides students with methods with which to use feedback. Students not only frequently assess and monitor the quality of their own work against the assessment criteria and performance standards but also make active use of that information in their learning. 	 Students are fully aware of the criteria and learning goals by which their work will be evaluated. Teacher monitors the progress of groups of students through formative and/or summative assessments, making limited use of diagnostic information. Teacher's feedback to students is timely and of consistently high quality. Students frequently assess and monitor the quality of their own work against the assessment criteria and performance standards. 	 Students know some of the criteria and learning goals by which their work will be evaluated. Teacher monitors the progress of the class as a whole but elicits no diagnostic information. Teacher's feedback to students is uneven, and its timeliness is inconsistent. Students occasionally assess the quality or their own work against the assessment criteria and performance standards. 	 Students are not aware of the criteria and learning goals by which their work will be evaluated. Teacher does not monitor student learning. Teacher's feedback to students is of poor quality and not provided in a timely manner. Students do not engage in self-assessment or monitoring of progress.

	Consideration for Blended Virtu	al Program Instruction	
Teacher actively and systematically elicits diagnostic information from individual students regarding their understanding through the use of digital monitoring tools (i.e. every pupil responses/virtual reactions, polls, breakout rooms, collaborative documents and resources, camera, microphone, chat, etc.). 4. Demonstrates accurate content knowledge

The teacher demonstrates an accurate understanding of the content required to teach the lesson. This knowledge allows the teacher to make connections to real life applications and/or other contexts where the skill or information can be made clear to the students.

Highly Effective	Effective	Needs Improvement	Ineffective
 The teacher demonstrates command of the subject matter, and explanations are imaginative and connect with students' knowledge and experience. The vocabulary is developmentally appropriate for both content and grade level and provides enhancement opportunities for students. The teacher provides information from a bias-free, multicultural perspective acknowledging differences among cultures. 	 The teacher demonstrates command of the subject matter and explanations are clear and accurate. The vocabulary is developmentally appropriate for both content and grade level. The teacher provides information from a bias-free, multicultural perspective. 	 The teacher demonstrates surface level and uneven knowledge of the subject matter. The vocabulary is appropriate for content but not grade level. The teacher provides information that contains some biases or reflects cultural insensitivities. 	 The teacher's knowledge of the content is unclear, inaccurate, or confusing. Explanations may contain inappropriate language for content/grade level. The vocabulary is not appropriate for both content and grade level. The teacher provides information that is biased and not culturally sensitive.

5. Communicates clearly and accurately with students

Highly Effective	Effective	Needs Improvement	Ineffective
 Learning outcomes are communicated clearly to students at the introduction and conclusion of the lesson. Expectations for learning, directions, procedures, and explanations of content are consistently clear to students. The teacher's use of oral and written language is clear, extends students' vocabularies, is appropriate to students cultures and levels of development, and anticipates possible student misconceptions. The teacher's oral and written language is professional and appropriate to the lesso. 	 Learning outcomes are communicated to students at the introduction of the lesson. Expectations for learning, directions, procedures, and explanations of content are clear to students. The teacher's use of oral and written language is appropriate, relevant, and respectful to students' diverse cultures and levels of development. The teacher's oral and written language is clear and correct. 	 Learning outcomes are not made clear to students. Expectations for learning, directions, procedures, and explanations of content are clarified after confusion. The teacher's use of oral and/or written language may not be completely appropriate, relevant, or respectful to students' diverse cultures or levels of development. The teacher's oral and written language is occasionally inaudible or illegible. 	 Learning outcomes are not made clear to students. Expectations for learning, directions, procedures, and explanations of content are unclear or confusing to students. The teacher's use of language is inconsistent or inappropriate to students' diverse cultures and/or levels of development. The teacher's oral and written language is inaudible or illegible

6. Demonstrates flexibility and responsiveness

The teacher demonstrates responsiveness to students' learning and performance by knowing alternative ways to present information or to practice skills Teachers demonstrate flexibility when they are able to adjust their lesson to adapt to spontaneous learning opportunities that may occur in the course of a lesson.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher persists in seeking effective approaches for students who need help, using an extensive repertoire of strategies and soliciting additional resources from the school. When needed, teacher successfully makes a major adjustment to a lesson. No adjustments were necessary during the lesson. 	 Teacher persists in seeking approaches for students who have difficulty learning, drawing on a broad repertoire of strategies. Teacher successfully accommodates students' questions or interests. Teacher makes a minor adjustment to a lesson, and the adjustment occurs smoothly. 	 Teacher accepts responsibility for the success of all students but has only a limited repertoire of instructional strategies to draw on. Teacher attempts to accommodate students' questions or interests, although the pacing of the lesson is disrupted. Teacher attempts to adjust a lesson when needed, with only partially successful results. 	 When a student has difficulty learning, the teacher does not use alternative approaches to help. Teacher ignores or brushes aside students' questions or interests. Teacher adheres rigidly to an instructional plan, even when a change is clearly needed.

Managing the Classroom/Learning Environment

1. Creates an environment of respect and rapport

The teacher sets the tone of the classroom by treating each student with dignity and communicating a sense of caring and belonging for each student. Positive interactions occur between teacher and students as well as among students, allowing candid class discussions in which students are able to take intellectual risks.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher-student interactions are caring and respectful and appropriate to students' culture and development. Students appear to trust the teacher as seen in taking intellectual risks. Students take responsibility for upholding a positive classroom environment. Students demonstrate genuine caring for one another and monitor one another's treatment of peers, correcting classmates respectfully when needed. 	 Teacher-student interactions are caring and respectful and appropriate to students' culture and development. Teacher encourages polite and respectful student interactions. Student interactions are generally polite and respectful. 	 Teacher-student interactions are generally appropriate and free from conflict, but may indicate inconsistent application of expectations. There may be occasional displays of insensitivity or lack of responsiveness to cultural or developmental differences. Students do not consistently demonstrate respect for one another. 	 Teacher-student interactions are negative, inappropriate and insensitive. Student interactions are characterized by conflict, sarcasm, or insults and the teacher makes no attempt to address.

Managing the Classroom/Learr 2. Establishes culture for lea	-		CLASSROOM TEACHER		
The teacher sets high expectations for the instructional outcomes of the class and conveys confidence in each student's ability to learn and succeed. Students are encouraged to persevere through difficult learning tasks with an appropriate level of scaffolded assistance.					
 Students are encouraged to persevent Highly Effective Expectations are high for student achievement, accompanied by demonstrated belief that students can and will master the information. Students appear to have internalized these expectations by persevering through challenges. Teacher demonstrates interest and excitement in the content, successfully creating curiosity and motivation for learning. The teacher requires students to demonstrate attention to detail and take pride in their work, putting forth obvious effort to revise and improve their work before sharing. 	 Effective Expectations are generally high for students and the teacher makes the information or outcomes accessible to students with additional support. Teacher demonstrates enthusiasm for the lesson content and is able to articulate to students why the information is valuable to subsequent lessons or in real life settings. The teacher encourages students to put forth a genuine strong effort on the assigned tasks, showing pride in the final product. 	 Needs Improvement Expectations are generally low for students, as reflected in low level questioning or limited exploration of the lesson extensions. Teacher communicates a sense of importance of the lesson content, but with little apparent conviction and only minimal or temporary buy in from students. The teacher accepts minimal effort from students and/or work at the substantial level. 	 Ineffective The teacher conveys low expectations for the students' ability or need to learn. The teacher communicates a negative attitude toward the curriculum, suggesting or stating that it is not important, mandated by others, etc. The teacher accepts no effort or attempt on the part of students.

Processes/routines for performing non-instructional duties are well established and occur smoothly with minimal teacher direction or loss of instruction. 	 Independent and small group work is disorganized and teacher does not effectively address or redirect off task behaviors. Transitions require significant teacher direction and may result in loss of instruction time. Routines for handling materials and supplies occur with overt and recurring direction by the teacher. Processes/routines for performing non-instructional duties are not yet fully established and occur with frequent teacher direction and noticeable loss of instruction. 	 Students are non-compliant or minimally engaged while directly working with teacher. Off task behavior is not addressed. Transitions do not occur smoothly and result in significant loss of instruction time. Routines for handling materials and supplies are not defined and require overt, recurring direction by the teacher. Significant instructional time is lost performing non-instructional duties.
	Considerations for Blende	ed Virtual Program Instruction	
• Teacher provides clear expectations for online etiquette with students assuming responsibility for meeting those expectations and monitoring interaction	• Teacher provides clear expectations for online etiquette.	• Teacher provides limited guidance to students for online etiquette.	• Teacher does not provide guidance to students for online etiquette.

Managing the Classroom/Learning Environment

4. Manages student behavior

Based upon the classroom expectations, the teacher has processes in place to reinforce the desired behaviors. When student behaviors disrupt the learning atmosphere, the teacher responds quickly and appropriately to end the disruption and to restore the positive learning climate.

Highly Effective	Effective	Needs Improvement	Ineffective
 Standards of conduct are clear to all students and are modeled by students. Monitoring by teacher is subtle and intended to prevent disruption. Students monitor their own and/or their peers' behavior, correcting one another respectfully. Teacher response to misbehavior is appropriate, successful and sensitive to each student's individual needs. Students' behaviors are entirely appropriate. 	 Standards of conduct are clear to all students. Teacher is attentive to student behavior at all times. Teacher responds to misbehavior appropriately and successfully, and respects the student's dignity. 	 Standards of conduct have not been consistently established and only few students seem to understand them. Teacher is generally aware of student behavior, but may miss the activities of some students. Teacher attempts to respond to student misbehavior, but with inconsistent results. 	 Standards of conduct do not appear to have been established or students are confused as to what the standards are. Student behavior is not monitored, and teacher is unaware of what the students are doing. Teacher does not respond to misbehavior or the response is inconsistent, is overly repressive, or does not respect the student's dignity.

Managing the Classroom/Learning Environment

5. Organizes classroom for safety and instructional effectiveness

The teacher arranges the learning space to allow for safety, efficient movement, and effective instruction. The classroom design supports the student learning activities and interactions the teacher has designed for the lesson. Classroom resources and instructional equipment are accessible for use during the lesson as needed.

Highly Effective	Effective	Needs Improvement	Ineffective
 Teacher and students take responsibility for maintaining the safety of the classroom. Teacher and students themselves ensure that all learning is equally accessible to all students. Both teacher and students use physical resources easily and skillfully and students adjust the furniture to advance their learning. 	 The classroom is safe. Learning is equally accessible to all students. Teacher uses physical resources skillfully and the furniture arrangement is a resource for learning activities. 	 There are minor safety concerns in the classroom that warrant attention. Learning is not accessible to some students. Teacher uses physical resources inefficiently. The arrangement of furniture is inappropriate for the lesson. 	 The classroom is unsafe or identified safety concerns have not been addressed. Learning is not accessible to students. The furniture arrangement hinders the learning activities, or the teacher makes poor use of physical resources.

Teacher makes limited to no use of digital resources.

CLASSROOM TEACHER

1. Maintains accurate and timely records [addressed during summative evaluations]

The teacher assesses student products and provides clear feedback to the learner while posting sufficient grades in the quantity and schedule required by district grading policies. Attendance and other record collection tasks are completed accurately and on established timelines.

Highly Effective	Effective	Needs Improvement	Ineffective
 Grades are recorded within the established timeline of the grading and reporting policy. The teacher includes systemic methods for engaging students in monitoring their own learning and progress. Ample grades are collected from student work from a variety of tasks consistent with unit learning outcomes. No standards of conduct have been established and provider disregards or fails to address negative student behavior. Service provider does not respond to misbehavior, or the response is inconsistent, is overly repressive, or does not respect the student's dignity.

1. Demonstrates professional growth and development [addressed during summative evaluations]

The service provider participates in professional development opportunities provided by the school or district and/or independently pursues additional learning opportunities related to the content or process of their skill area. Together with peers in a professional learning community, the service provider both seeks information and contributes to the knowledge of others.

Highly Effective	Effective	Needs Improvement	Ineffective
 Seeks multiple opportunities to learn new content, embrace new technologies, and attempt new strategies. Shares knowledge with peers, both when working alongside them and in formal in-service learning settings. Demonstrates leadership in forming/maintaining a peer- facilitated, professional learning community. Actively pursues advance certification ahead of required renewal cycles. 	 Participates in optional learning opportunities as well as those assigned by administrator. Upon prompting and assignment, will present and share information of effective practices with peers. Attends and fully participates in peer-facilitated professional learning community sessions. Maintains current certification within timelines required of MSDE/COMAR. 	 Avoids participation in assigned learning opportunities, or minimally attends without personal engagement. Participates in school centered learning efforts only when required and monitored. Does not actively participate in peer-facilitated professional learning community efforts, even when time is provided during the workday. Ongoing certification is at jeopardy in the absence of required coursework or related activities. 	 Does not participate in assigned learning opportunities. Does not participate in any school centered learning efforts. Takes leave during county or school professional development days. Allows certification to lapse.

2. Demonstrates professionalism and integrity [addressed during summative evaluations]

Service providers conduct themselves in the business of the school honestly and ethically. They adhere to principles of confidentiality and make decisions in the best interest of children. Service providers comply with district and school policies and regulations in regard to such items as attendance, punctuality, and the use of school property.

Highly Effective	Effective	Needs Improvement	Ineffective
 Service provider actively pursues professional development opportunities and makes a substantial contribution to the profession through such activities as offering workshops to colleagues. Service provider can be counted on to hold the highest standards of honesty, integrity and confidentiality and to advocate for students. Service provider serves as a model of professional appearance, language, and behavior in and beyond the school day. 	 Service provider seeks out opportunities for professional development based on individual assessment of need. Service provider displays high standards of honesty, integrity, and confidentiality in interactions with colleagues, students, and the public, and advocates for students. Service provider meets established guidelines for professional appearance and displays appropriate language and demeanor in school settings. 	 Service provider participates in limited professional development activities based on convenience or requirement. Service provider is honest in interactions with colleagues, students, and the public, and plans a moderate advocacy role for students not violating the norms of confidentiality. Teacher inconsistently follows guidelines for professional appearance, language, and demeanor in school settings. 	 Service provider does not participate in professional development activities even when such activities are clearly needed for the development of skills. Service provider displays dishonesty in interactions with colleagues, students, and the public, and violates principles of confidentiality. Service provider shows disregard for expectations of proper dress, language, and decorum in the workplace.

3. Communicates with families and/or caregivers [addressed during summative evaluations]

The service provider effectively communicates with families in a variety of mutually agreed upon ways (phone, written notes, communication logs/books, e-mail, progress reports, or meetings/conferences with family members). Phone calls and verbal communication are documented on appropriate forms.

Highly Effective	Effective	Needs Improvement	Ineffective

SCHOOL PSYCHOLOGIST

Planning and Preparation

SCHOOL PSYCHOLOGIST

1. Considers the goals, objectives, content, referral question, and other aspects of the student(s) educational program when designing the activity

School psychologists plan for quality service using a comprehensive approach that combines knowledge of the student's interests, background, and needs.

Highly Effective	Effective	Needs Improvement	Ineffective
 Demonstrates extensive knowledge of student(s) backgrounds, skills, interests, and needs; uses this knowledge to plan for participant learning or growth. Meets effective standards; assessment and consultation feedback provide clear conclusions and recommendations. 	 Demonstrates thorough knowledge of student(s) backgrounds, skills, interests, and needs; uses this knowledge to plan for participant learning or growth. Responds to referrals in a timely manner, is clear and concise; assessment and consultation feedback is provided in a clear manner, without overuse of confusing professional jargon. 	 Demonstrates partial knowledge of student(s) backgrounds, skills, interests, and needs; attempts to use this knowledge to plan for participant learning or growth. Responds to referrals; provides feedback that is related to the referral but is basic in nature and scope. 	 Makes little or no attempt to acquire knowledge of student(s) backgrounds, skills, interests, and needs; does not use information in planning. Is consistently late in responding to referrals; provides feedback in a manner that is difficult for parents and colleagues to understand and/or does not relate to the reason for referral.

SCHOOL PSYCHOLOGIST

2. Has a clear goal/objective of what will be learned/accomplished during the activity.

The school psychologist establishes goals for each activity (assessment, guidance, support) and makes these goals clear to all participants to enlist the collaborative efforts of all.

Highly Effective	Effective	Needs Improvement	Ineffective
• Goals/objectives are specific, clearly stated, understood, aligned with the needs of all participants, and are measurable.	• Goals/objectives are stated, understood by most participants, and aligned.	• Goals/objectives are broad, somewhat clear, and are marginally related to participant(s) needs.	• Goals/objectives are not specific, unclear, and unrelated to the needs of all participants.

Planning and Preparation

SCHOOL PSYCHOLOGIST

3. Includes a variety of activities which contribute to the attainment of the learning objective.

The school psychologist has a wide repertoire of activities and resources to employ in each learning/ assessment scenario. The selection of the most appropriate processes and materials is guided by the unique characteristics of each student.

Highly Effective	Effective	Needs Improvement	Ineffective
• Selects a wide variety of activities, materials, and resources appropriate to the participant's individual factors including current age, ability, culture, and/or behavioral needs. Techniques are creative, highly effective and adapted for individual differences. Participants are responsive and are highly engaged in activities.	• Selects a variety of activities, materials, and resources appropriate to the participant's individual factors including current age, ability, culture, and/or behavioral needs. Techniques are effective and adapted for individual differences. Participants display responsiveness and engagement in activities.	• Selects a limited number of activities and materials during service delivery. Activities are not adapted consistently. Participants display some inconsistent responsiveness and engagement in the activities.	 Selects activities and interventions that are inappropriate. Activities are undifferentiated to participants' needs. Participants appear unresponsive and disengaged from activities.

4. Demonstrates knowledge of applicable policies, procedures, and resources related to the objective.

The school psychologist understands and adheres to county policy, state regulations and best professional practice standards. This mastery of the processes and procedures lends credibility to the observations made and services provided.

Highly Effective	Effective	Needs Improvement	Ineffective
 Meets effective standards; proficiently assists schools to maintain compliance with all mandated regulations and assists those in need of staff development. Is able to articulate and demonstrates exemplary knowledge of community resources. Uses a wide range of psychological and educational instruments to evaluate students. Remains current in the field of psychological evaluation. Effectively integrates data collected and answers the referral question. Assessments are consistently comprehensive in scope to investigate a broad range of concerns. 	 Is knowledgeable of laws, procedures, regulations, policies, and professional best practice standards. Can consistently explain/ articulate the different laws associated to the objective. Is able to articulate where to find information on community resources. Appropriately selects and uses psychological and educational instruments to evaluate students and answer the referral question. Knows the proper situations in which each should be used. Integrates the data collected to answer the referral question and safeguards are faithfully adhered to. 	 Can state some of the regulations (one consistently, but not integrated). Is unable to consistently articulate where to find information on community resources. Selects and uses a limited number of psychological and educational instruments (for the referral question) to evaluate students. Demonstrates limited utilization of assessment instruments and little to no variation or deviation between standard formats. Does not consistently follow established procedures and guidelines. 	 Cannot articulate many (if any) of the state, federal, or CCPS regulations related to the objective. Has little or no knowledge of local resources. Demonstrates minimal knowledge in selecting and using psychological and educational instruments to evaluate students. Selects instruments that are inappropriate to the situation or referral concern. Does not utilize psychological and educational instruments consistent with acceptable practice

Service Delivery

1. Verbal and written communication is clear, concise, and appropriate to the setting and audience.

The school psychologist must use precise, accurate language that provides clear communication to the audience. Findings and observations are explained in a way that is clear to all participants.

Highly Effective	Effective	Needs Improvement	Ineffective
• Uses highly developed communication skills such as active listening, summarizing, paraphrasing, and clarifying. Oral and written communication is consistently accurate. Communication is clear, goal-directed, easily understood, and responsive to the needs of the targeted audience. Possible participant(s) misconceptions are anticipated and addressed.	 Communicates clearly and accurately without overusing confusing professional jargon to participant(s), both orally and in writing. Communication is appropriate to audience's age, ability, culture, and/or needs. Encourages two-way communications and responds to audience questions/input. 	• Is inconsistently responsive to the participant input. Oral and written communication contains few or no errors, but may not be completely appropriate to the age, ability, culture, and/or needs of the audience or may require further explanations to avoid confusion or misrepresentation.	• Does not give the audience feedback and is not attentive to their feelings and perspectives. Oral and written communication contains multiple errors, is unclear or vague, or used incorrectly, leaving audience confused. Communication conveyed may be inappropriate to the age, ability, culture, and/or needs participant(s).

2. Participates in identifying/addressing factors that positively and negatively impact student achievement.

The school psychologist is called upon to be part of the entire school wide instructional effort. These contributions occur in committee meetings as well as individual educational planning team meetings.

Highly Effective	Effective	Needs Improvement	Ineffective
 Meets effective standards; in addition, provides leadership and guidance while actively serving as a collaborative member of the problem-solving meetings (SST/504/IEP Teams). Makes purposeful and productive contributions to the team and volunteers services, as needed. Takes a leadership role by helping to ensure that decisions involve all stakeholders are data-driven, and reflect current research/best practices. 	 Participates actively as a member of the problem-solving meetings (SST/504/IEP Teams). When appropriate, provides guidance to the team. Tailors discussion to the questions raised in the referral and utilizes data-driven decision making. Consistently uses a variety of different academic and behavioral data to make specific recommendations for increased student achievement. 	 Attends problem-solving meetings (SST/504/IEP Teams), but is not an active participant. Defers to others for guidance. Attempts to address questions, or concerns raised in the referral are limited or inconsistent. Inconsistently accesses and/or interprets various types of academic and behavioral data (i.e., standardized/classroom benchmark). 	 Does not attempt to identify/address factors that influence student achievement. Fails to address questions or concerns raised in the referral. Interactions with participants are limited or negative. Makes decisions that are based on self-serving interests, not student needs. Is unable/unwilling to access and/or interpret various types of academic and behavioral data (i.e.; standardized/ classroom benchmark).

3. Collaborates with participants in developing/providing interventions to maximize student success.

As a member of larger teams of professionals, the school psychologist has insights and information to help guide the development of intervention services. The psychologist actively seeks opportunities to assist in the development, monitoring and assessment of these services.

Highly Effective	Effective	Needs Improvement	Ineffective
• Employs techniques, and a leadership role to facilitate the collaborative process. Supportive and active collaboration and mutual respect characterizes relationships with participants. Intervention plans are highly differentiated to meet the needs of a variety of students in different settings.	• Consults frequently with participants; tailors interventions in a methodical manner based on data and identified needs. Intervention plans are differentiated to meet the needs of students.	• Consults on a sporadic basis with participants, makes partially successful attempts to tailor interventions or align interventions with gathered data. Intervention plans have limited variety and differentiation to meet the needs of students.	• Fails to consult with participants and tailor activities, or designs interventions that are improperly matched with data gathered through methodical, empirically based methods. Intervention plans are uniform for all students, regardless of their skills and needs.

4. Conducts and completes the activity in a timely manner and in accordance with professional best practices, as well as, local, state, and federal regulations.

In order to comply with state and federal regulations and to assist the school's placement team in making timely decisions relative to a student's academic program, the psychologist completes assessments and reports within appropriate timeline limits.

Highly Effective	Effective	Needs Improvement	Ineffective
 Meets effective standards; in addition, performs follow-up tasks as necessary and is seen as a leader in team and other professional duties as assigned per their buildings. Can explain/articulate the differences between federal, state, and local laws related to field of school psychology. Proficiently assists schools to maintain compliance with all mandated regulations and directs those in need of staff development to appropriate resources. 	 Consistently completes all parts of the activity on time and in accordance with professional best practices, established laws, regulations, procedures, and guidelines. Can consistently explain/articulate the different laws associated with the field of school psychology. Seeks professional guidance when unclear of current changes. Is knowledgeable of laws, procedures, regulations, policies, and professional best practice standards. 	 Completes only part of the activity in a timely manner and/or does not consistently follow best practice standards or established laws, regulations, procedures, and guidelines. Can state some of the regulations, in some topics in the field of school psychology. Is unable to consistently articulate where to find the information needed (CCPS COMAR, or federal regulations) and is in need of professional development. 	 Conducts the activity beyond the established due date/time, or the activity is contrary to best practices and/or established laws, regulations, procedures, and guidelines. Cannot articulate many, if any, of the federal, state, or CCPS regulations regarding topics related to the field of school psychology. Does not seek out assistance (peer or professional development) to update themselves on these topics and does not assist assigned schools with their compliance.

5. Shows professionalism.

The school psychologist is guided by an established set of professional and ethical expectations. This commitment is seen in relationships with other professional peers and in the manner in which information is discussed, shared or held in confidence.

Highly Effective	Effective	Needs Improvement	Ineffective
 Promotes a culture focused on exemplifying respect for others. Consistently acts ethically, honestly, and with integrity. Is a calming presence when faced with conflict or challenge(s). Serves as a model for restraint and professionalism for other colleagues. 	 Attends and participates in all required meetings. Is able to prioritize and flexibly adjust work demands to meet unexpected situations. Models respect for others when interacting with participant(s). Acts ethically, honestly, and with integrity at all times. Assumes responsibility for maintaining professional composure in the face of conflict or difficult situations. Focuses on the problem or issue, not the person, and seeks resolution that results in mutual gain. 	 Does not regularly attend required meetings and has difficulty managing time. Displays respect for others when interacting with participant(s). Acts ethically and honestly. Attempts to maintain composure in the face of conflict or difficult issues. 	 Does not attend meetings that are required per job assigned duties. Exhibits disrespectful behavior when interacting with participant(s). Displays unethical or dishonest conduct. Loses composure or becomes defensive when faced with a difficult problem. Disregards the needs of others or puts self-interests first when attempting to resolve conflicts.

1. Open communication is encouraged and there is evidence that effective rapport has been established with the participant(s).

School psychologists make contributions to the learning environment, supporting a culture that is conducive to student achievement and wellbeing. This is clearly evident in the way the psychologists communicate with school staff, students, and families.

Highly Effective	Effective	Needs Improvement	Ineffective
 Creates an atmosphere that encourages the participant(s) to participate in the lesson or session. An effective rapport with the participant(s) is obvious. Spontaneously initiates and promotes interactions with CCPS staff, students, parents, and community agency personnel that nurture the welcoming school environment. 	 Creates an atmosphere that encourages the participant(s) to participate in the lesson or session. There appears to be an effective rapport with the participant(s). Spontaneously initiates personal contact with CCPS staff, students, parents, and community agency personnel and follows up as needed. Interactions with others are consistently positive and respectful and foster open lines of communication. 	 Creates an atmosphere that encourages the participant(s) to participate in the lesson or session. There appears to be a developing rapport with the participant(s). Interacts with CCPS staff, students, parents, and community agency personnel when prompted to do so. Quality of interactions is generally acceptable, with some exceptions. 	 The physical environment is in disarray, unsafe, or is inappropriate to the planned activities. Resources for students, faculty, and parents are unavailable and/or inadequate. Creates an atmosphere that discourages participant(s) from participating in the lesson or session. An effective rapport with the participant(s) has not been established. Interactions with CCPS staff, students, parents, and community agency personnel are limited and/or unacceptable.

Managing the Environment

2. Promotes mutual respect among participants and demonstrates culturally competent and effective practices

Accurate psychological/psychoeducational assessments and student growth require an environment that is safe and supportive. The psychologist maintains positive rapport with all participants and is respectful of the differing values and cultural backgrounds.

Highly Effective	Effective	Needs Improvement	Ineffective
 Meets effective standards; in addition, provides instruction to participants on issues of diversity and tolerance. Facilitates awareness and initiates trainings when necessary. Promotes parent and community interactions that nurture the welcoming school environment. 	 Consistently demonstrates acceptance of others' values and viewpoints. Shows concern, respect, and sensitivity for the needs of all participants, including those from diverse cultural and linguistic backgrounds. Provides culturally competent practices in all areas of service delivery. Advocates and works toward creating and maintaining a safe, welcoming school environment. 	 Generally, shows acceptance and appreciation for diverse opinions and populations. Knowledge of individual differences related to diversity factors is incomplete and emerging. Professional practices occasionally consider diversity factors when working with students and their families. 	 Displays indifference, limited awareness, or a lack of respect for diversity among others. Demonstrates a lack of sensitivity to the individual needs of participants. Professional practices do not consider diverse characteristics, cultures and backgrounds.

Managing the Environment

3. Accurately observes the actions and reactions of the participant(s) and makes adjustments whenever necessary.

School psychologists are responsive to the nuances of human interactions and can make accommodations to assure a positive, supportive relationship is maintained.

Highly Effective	Effective	Needs Improvement	Ineffective
• Does an exceptional job of making adjustments during an activity based on the actions and reactions of the participant(s). Strategies are consistently and effectively adapted to meet the needs of the participant(s).	• Does an effective job of making adjustments during an activity based on the actions and reactions of the participant(s). Strategies are not adapted to meet the needs of the participant(s).

1. Demonstrates professional growth and development [addressed during summative evaluations]

The psychologist participates in professional development opportunities provided by the school or district and/or independently pursues additional learning opportunities related to the content or process of their skill area. Together with peers in a professional learning community, the psychologist both seeks information and contributes to the knowledge of others.

Highly Effective	Effective	Needs Improvement	Ineffective
 Seeks multiple opportunities to learn new content, embrace new technologies, and attempt new strategies. Shares knowledge with peers, both when working alongside them and in formal in-service learning settings. Demonstrates leadership in forming/maintaining a peer- facilitated, professional learning community. Actively pursues advance certification ahead of required renewal cycles. 	 Participates in optional learning opportunities as well as those assigned by administrator. Upon prompting and assignment, will present and share information of effective practices with peers. Attends and fully participates in peer-facilitated professional learning community sessions. Maintains current certification within timelines required of MSDE/COMAR. 	 Avoids participation in assigned learning opportunities, or minimally attends without personal engagement. Participates in school centered learning efforts only when required and monitored. Does not actively participate in peer-facilitated professional learning community efforts, even when time is provided during the workday. Ongoing certification is at jeopardy in the absence of required activities. 	 Does not participate in assigned learning opportunities. Does not participate in any school centered learning efforts. Takes leave during county or school professional development days. Allows certification to lapse.

Related Professional Responsibilities

2. Demonstrates professionalism and integrity [addressed during summative evaluations]

School psychologists conduct themselves in the business of the school honestly and ethically. They adhere to principles of confidentiality and make decisions in the best interest of children. Psychologists comply with district and school policies and regulations in regard to such items as attendance, punctuality, and the use of school property.
