Subject: Upcoming Change to Bus Stop at Carson and Los Coyotes

Hello,

We are writing to inform you about an update to the bus service in your area that will be effective starting **Sunday, August 25, 2024**. Earlier this year, students from McBride High School addressed Long Beach City Council regarding safety concerns at a bus stop serving the campus. Currently, students must navigate across two crosswalks to reach LBT's bus stop located at the northwest corner of Carson and Los Coyotes Diagonal (bus stop #1274). This has led to instances of student tardiness and increased safety risks associated with crossing multiple intersections.

In response to these concerns and to better accommodate students at McBride High School, Long Beach Transit **will be relocating the bus stop to the northeast corner of Carson and Los Coyotes Diagonal**

(please refer to the map). This relocation aims to provide a safer and more efficient commute for students using LBT's Route 101 to travel to and from campus. Furthermore, it is expected to reduce traffic delays caused by students crossing unsafely between the campus and the bus stop.

We appreciate your understanding as we implement this improvement to enhance the safety and convenience of our service. Please do not hesitate to contact me directly with any questions or comments you may have.

Sincerely,

Jocelin Padilla-Razo
