

# Acetaminophen / Ibuprofen Consent

Today's Date \_\_\_\_\_

The Wausau School District will supply generic ibuprofen and generic acetaminophen for students in the middle schools and high schools. (WSD elementary schools will not provide stock medications.)

Written permission is required for administration of ibuprofen or acetaminophen.

Wausau School District personnel will only administer the recommended therapeutic dose of the non-prescription medication (see reverse side). For the safety of the student, a written request from the parent/guardian and licensed medical practitioner is required if the dose is other than the recommended therapeutic dose found on the package label.

Stock medications will not be given in combination with other non-prescription medications, e.g. cold medicines, as they may have also contain Tylenol or ibuprofen.

Only one dose of medication may be administered during the school day.

Stock medications will not be administered for more than three days in a row or eight days per month without documentation from a medical practitioner.

All stock medications are available in tablet form only.

Medication will be administered by staff designated by the school nurse and principal.

This request is in place for the current school year only.
