COMPREHENSIVE NEEDS ASSESSMENT (school level)

Section 1114(b)(6)

- A comprehensive needs assessment of the entire school has been conducted.
- The needs assessment includes analysis of the achievement of students in relation to the Missouri Learning Standards.

Date of Needs Assessment

NEEDS ASSESSMENT: SCHOOL PROFILE

Student Demographics

The following data regarding **student demographics** has been collected, retained, and analyzed:

- Enrollment (Required)
- Grade level (Required)
- Ethnicity (Required)
- Attendance (Required)
- Mobility (Required)

- Socioeconomic status (Required)
- Discipline (Required)
- Limited English Proficiency (Required)

Summarize the analysis of data regarding **student demographics**:

Strengths:

Our demographic data lines up with our student discipline data- for example, we have 42% of our population is white students, and they make up 45% of our student discipline records. We have 19% of students who are Hispanic and they make up 12% of the EduClimbers. Black students makes up 22% of the population and 27% of the referrals. This demonstrates that we are not seeing inequities with office referrals in regard to proportions with race. 17% of our students qualify for ELL services, and over 20 languages are spoken by these students. This diversity is really special and helps to bring our students together and learn from one another.

Weaknesses:

-Our average daily attendance percentage was 92.75%. The district's goal is to be at 95%. Our MSIP Attendance Total Weighted Score Percentile was 80.32%. The district's goal for this measure is to be at 90%. Over the past 5 years, our mobility rate has varied between 24-31%. This is a high number of students that either do not begin or end the year at Gracemor. It is important for us to create systems to welcome students in to our community throughout the year.

Indicate needs related to strengths and weaknesses:

We will continue our work in Positive Behavior Support, Equity & Inclusion, BIST practices, Conscious Discipline, and Restorative Practices through PD and partnering with our families next year. We will partner with the BIST Consultant to support our systems to support all students socially and behaviorally. We will also utilize our Behavioral Specialist to help support individual students, partner with families, and provide professional development to our staff. Our School Community Resource Specialist is also instrumental in connecting families with resources and supporting students' mental health needs. We will have a committee of teachers to collaborate on a plan to increase overall attendance and create specialized plans for students whose attendance is below 90%. Students will receive incentives for reaching the 90% goal quarterly. We will need to purchase additional program resources for our Behavior Specialist and Counselors to use when teaching students emotional regulation and other SEL skills.

Student Achievement

The following data regarding **student achievement** has been collected, retained, and analyzed:

- MAP results by content area and grade level, including multi-year trends (required)
- MAP results by ESEA Annual Measurable Objective: comparative data showing performance of disadvantaged students against all other meaningful categories of students in the school; comparison of performances of students in various subgroups (required)
- Completion rates: promotion/graduation rate, retention rates (if applicable)
- Post-Secondary trends: students attending and/or completing post-secondary schools, students accepted in the armed forces (if applicable)
- Other performance indicators used in analysis:

2022-2023 MAP Data

ELA:

-3rd Grade: 45% proficient or advanced

-4th Grade: 33% proficient or advanced

-5th Grade: 36% proficient or advanced

Math:

-3rd Grade: 44% proficient or advanced

-4th Grade: 33% proficient or advanced

-5th Grade: 34% proficient or advanced

Science

-5th Grade: 28% proficient or advanced

Summarize the analysis of data regarding **student achievement**:

Strengths:

Our ELL students Student Group scores were all On Track for ELA, Math, and Science. Our Direct Certification Student Group was On Track. Our Hispanic Student Group was On Track for ELA and Math. Our 3rd Grade Math was on Target. Our Student Group score for ELA was On Track. Our ELA Growth was Above Average.

Weaknesses:

Our IEP Student Group for Math was below average. We were Approaching for All Students in the subjects- ELA, Math, and Science.

Indicate needs related to strengths and weaknesses:

-There is a need for multiple, full-time certified reading support teachers at Gracemor to ensure students who need Tier 3 interventions can get this support from the most highly qualified staff.

-There is also a need for an additional Teaching and Learning Coach in order to provide coaching, feedback, support, and professional development to all of our staff on all academic areas, including ELA, Math, and Science. The coaches will also provide optional PD before school where teachers can get paid for attending the PD to expand their practices.

-There is also a need for additional SEL support through counselors, Behavior Interventionist, School-Community Resource Specialists, and therapists, in order to support our students with learning strategies that they can use to process big emotions and past traumas.

-There is also a need for continued professional development on culturally responsive teaching to help us close the achievement gap.

-There is also a need to further engage families and provide support to them with strategies for how to support their child's academic, social, and emotional needs, including ensuring that attendance in school is a priority.

-There is a need for before school Math and Reading tutoring that also serves ELL students who utilize Imagine Learning.

-There is also a need for Math Professional Development through Jeanine Haistings in order to grow our teachers' skillset with math instruction.

-There is also a need for Reading Professional Development through Sunday Cummins in order to grow our teacher's skillset with reading instruction.

-There is also a need for Science Professional Development in order to grow our teacher's skillset with science instruction.

-There is also a need for leadership coaching for the principal and admin team to develop best practices for creating significant growth in a building.

Curriculum and Instruction

Data has been collected, retained, and analyzed regarding each of the following factors of **curriculum and instruction** at the school:

- Learning expectations
- Instructional program
- Instructional materials
- Instructional technology
- Support personnel

Summarize the analysis of data regarding **curriculum and instruction**:

Strengths:

Walkthrough data indicates strong alignment with district instructional structures and expectations for readers and writers workshop, as well as evidence of the district supported Guided Reading structures (Jan Richardson/Sunday Cummins) and district math workshop model. Teachers are following the district curriculum, which is aligned with MO Learning Standards. Many of our teachers report Guided Reading as an area of growth from this year, due to our PD in Guided Reading with Sunday Cummins. We will continue to provide PD with Sunday Cummins this school year.

Weaknesses:

-Continued teacher development in content knowledge regarding how to scaffold and differentiate during conferring/small group work.
 -Consistent standard-driven math instruction.

Indicate needs related to strengths and weaknesses:

-Continued response to intervention for areas of weakness with curriculum and instruction.
-Continued walkthroughs, targeted professional development- both during the school day by providing substitutes and before school opportunities, coaching cycles, and accessibility to high quality instructional resources.
-PD and PLT work surrounding standards-driven instruction. PD Plan aligned to literacy building goals (guided reading and reader's workshop). The Teaching and Learning coaches will be integral in our PLT work and our PD plan.
-The support of certified reading interventionists would help us better serve students, as well as build capacity with staff abilities in the area of small group reading instruction.
-Continued need to purchase additional instructional materials and classroom library books to better engage students and best meet their individual needs.

High Quality Professional Staff

Data has been collected, retained, and analyzed regarding each of the following factors of a **high quality professional staff**:

- Staff preparation
- Core courses taught by appropriately certified teachers
- Staff specialists and other support staff
- Staff demographics
- School administrators

Summarize the analysis of data regarding **high quality professional staff**:

Strengths:

100% appropriately certified staff

Weaknesses:

None

Indicate needs related to strengths and weaknesses:

The Teaching and Learning Coaches work in tandem with administration to provide coaching, feedback, and support to all staff, but especially our new teachers.

Family and Community Engagement

Data has been collected, retained, and analyzed regarding each of the following factors of **family and community engagement** at the school:

- Parental involvement
- Communication with parents
- Policy Involvement
- Parent education
- Support for special needs and underserved
- Health services

Summarize the analysis of data regarding **family and community engagement**:

Strengths:

-Strong community support and involvement from the Gracemor community.
-Welcoming environment where all students and families feel welcome.
-Stronger involvement with our PTA this school year, with a variety of new families attending meetings and events.
-Good attendance at family involvement nights.
-Class Dojo provides a 1 stop place for parents to receive communication from all staff members.

Weaknesses:

-We see our highest attendance at music programs and seasonal parties. We are seeking opportunities to provide education, communication, and training to families at these events in order to capitalize on a captive audience.

Indicate needs related to strengths and weaknesses:

We need a family involvement budget that would help us ensure that we can provide families with materials aligned to their children's learning, as well as snacks for families. We would like to give out literacy supplies and math supplies, and/or contract with a consultant or authors to visit for these events. We will also have an SEL component at each of our family nights in order to support our students' social emotional needs at home. We would like to pay staff for developing and planning for family involvement nights to better engage our families.

School Context and Organization

Data has been collected, retained, and analyzed regarding each of the following factors of **school context and organization** at the school:

- School mission/vision
- Average class size
- School climate
- Management and governance
- Student discipline policy

Summarize the analysis of data regarding **school context and organization**:

Strengths:

Our Building Leadership Team rewrote our vision and mission statement this year and we were intentional to reflect back on action steps to fulfill our vision and mission throughout the year. We also had all of our students state the vision statement every morning on the announcements together. Our school has a Building Leadership Team, Positive Behavior Support teams, well-functioning Professional Learning Teams, has developed consistency with our PBS expectations/common language, recently earning Gold level recognition by the state of Missouri for our implementation of Tier 1, 2 and 3 Positive Behavior Supports. Our staff has participated in Equity and Inclusion training and continues to do our own work through continued PD. Class sizes are a strength at Gracemor, as our average class size for the 23-24 year was 19.8 students.

Weaknesses:

Continued focus on implementing Second Steps for Tier 1 SEL with fidelity. There is a need to continue to refine our responses to student discipline, to ensure that we use consistency.

Indicate needs related to strengths and weaknesses:

Next year, we will continue to use our PLT times to focus on essential standards by writing proficiency statements for those standards, in addition to using pre-assessment, formative assessment, and post-assessment data to differentiate and meet students' unique needs. We will continue to refine our implementation of MTSS and PBS by integrating systems to support academics with systems to support behavior. We need continued PD in PBS, Conscious Discipline, Restorative Practices, BIST, and Trauma Informed Care in order to best meet the needs of our students through a well-rounded approach.

NEEDS ASSESSMENT: IDENTIFYING PRIORITIES

"In most schools, conducting a comprehensive needs assessment will result in the identification of a large number of issues that could be addressed to improve the achievement of students. However, no school should attempt to address every identified need in a single year. Most planning experts suggest that schools prioritize their major issues and address no more than three of the most important..." (Designing Schoolwide Programs Non-Regulatory Guidance, March 2006)

List and number, in order of priority, the critical needs identified in the school profile.

Prioritized needs

1	Professional Learning Teams (PLTs) development- continue to build the capacity of all staff in analyzing data and taking action in reading, math, and science in order to improve student learning outcomes.
2	Reading support- increased reading support with certified staff, building capacity in Guided Reading consistency/capacity for all staff.
3	Refine Tier 1, 2, and 3 behavior support practices so all staff are clear on processes as we collaborate with our Tier 2/3 teams to support classroom teachers and all students.
