July 15, 2024

The Thompson Falls High School Staff and I welcome you to the 2024-25 academic year. We are looking forward to partnering with you to establish a safe, engaging, and rewarding school year. The success and well-being of all students is our number one priority.

Partnering with families makes a difference in a child's education. We recognize for students to find success in school, they need support from both home and school. You are encouraged to stay connected and informed by following our school website for important updates and information regarding our high school. The TFHS Bulletin is posted to the high school webpage daily. It can be accessed at www.thompsonfalls.net. The school district also hosts FaceBook and Instagram accounts to share information through social media.

Attending school regularly is important for students to be on-track to promote and graduate. As partners, we share the responsibility for our students' success and want to reassure you that we will do our best to meet our responsibilities. We ask that you guide your child's learning by ensuring he/she:

- Attends school daily and arrives on time
- Arrives to school ready to learn
- Completes all homework assigned by teachers
- Asks for additional support in any area or subject if needed
- Shares experiences with you so you are aware of school life
- Understands your expectations to succeed in school

The 2024-25 TFHS Handbook will be posted to the school website in August so you and your student have the opportunity to review it together before school starts. If you have any questions about expectations and school policies, please feel free to contact me at 406.827.3561 or at jmorgan@tfalls.org. It is important that you and your student understand expectations related to the high school so we can have a safe and productive school year.

TFHS is pleased to welcome Mr. Chris Hart (Special Education) to our staff. We are excited to have him working with our students.

Our dedicated staff and I feel privileged to be a part of a community where parents, teachers, and students care for one another and strive to build positive relationships. We thank you for your support and look forward to working with you and your child. Once again, welcome! Let's make it a great year together at Thompson Falls High School!

Respectfully,

Jodi M. Morgan, M.Ed.
High School Principal
