**ANNOUNCEMENTS**

Chemics, it is never too early to talk about homecoming. This year's MHS Homecoming celebrations will take place during the week of September 23 to the 28th. This year's homecoming theme is Cities of the World. All Chemics are invited to participate in homecoming week by helping to prepare the class banners that will be walked in the homecoming parade on September 27th. Each class has chosen the following city: Seniors - Paris, Juniors - London, Sophomores, New York, and Freshmen Rome. Stay tuned to the announcements to learn more about ways that YOU can get involved in homecoming week.

Juniors, you are invited to a banner planning meeting on Tuesday, August 27th, in room 337 during both lunches. Please bring your lunch, bring your friends, and bring your creative mind so we can plan the winning banner that will represent New York city and the Class of 2026!

Attention students. Today is the last day to request a schedule change. Please use the QR code outside the counseling office to submit your schedule change.

Want to shine on stage, rock the spotlight, get creative with set design, style awesome costumes, or master the art of sound and lighting? There's a spot for you in the Midland High School Drama Club. Join us and be part of the magic behind the scenes! Join us for a meet & greet and stick around for a screening of the off-Broadway show *Puffs: Seven Increasingly Eventful Years at a Certain School of Magic and Magic*. It's a relaxed evening of fun and theater on Tuesday, August 27th from 4:30-7 in the Little Theater.

Looking to soak up the last of the good weather? Itching for a competitive outlet? Come and join pickleball club on Monday, August 26 in Ms. Bank's (room 356) room right after your 6th hour! We will be taking a vote on which nights work best to get on the courts-- if you want your voice heard, be there! Don't hesitate to reach out to Brigid O'Malley or the Chemic Pickleball page for more information.

Do you have a passion for fashion? Do you have an itch for organizing that needs scratching? Do you want to find a way to get more involved at MHS? Do you like to help people look and feel their best for Homecoming and Prom? If you answered "yes" to any of these questions, being a part of the Chemic Chapter of Becca's Closet might be the very thing you've been looking for! Curious? Come to one of our organizational meetings in room 116 on Friday, August 23 at 7:10 am, 1st or 2nd lunch, 2:30 or 3:30. Questions? Talk to Izzy Christiansen, Rylee Marshall, or e-mail Madame Rankin.

**POSITIVE THINKING**

**Listen:** When you listen more than you speak, you can begin to understand people at a deeper level. People today communicate quickly and, with cell phones and other devices, often it's on screens. This can make it difficult to empathize and connect with your friends. Make a space for longer conversations. Ask questions to gain understanding. Listen for the sake of listening. This is how friendships are made.
