ARTICLE I
INTRODUCTION

The Board of Education, Argo Community High School District 217 (hereinafter collectively “the District” or “the Board”), recognizes Local 73, Service Employee International Union, CTW, CLC (hereinafter “the Union”), to be the representative of the custodial and maintenance employees, excluding all supervisory, managerial, professional, and administrative employees under the Illinois Educational Labor Relations Act, 315 ILCS 5/1 *et seq.* The Board will comply with its bargaining obligations under the Illinois Educational Labor Relations Act prior to making any changes in mandatory subjects of bargaining during the term of this Agreement. The Board will provide the Union with reasonable notice of any proposed changes in such mandatory subjects of bargaining.

Section 1. **Line of Supervision**

All employees are in the direct employ of the Board. The Board, through the Superintendent of Schools, assigns responsibility for all employees. The Director of Buildings and Grounds is charged with the responsibility and administration of all buildings and grounds, including the custodial and maintenance employees. All employment, advancement, and termination must be approved by staff in these positions and recommended to the Superintendent of Schools who in turn recommends to the Board.

Supervisors, as defined under the Act and any other non-bargaining unit personnel, except temporary employees, shall not normally perform the work of bargaining unit employees expect work (1) for the purposes of instructing or training employees; (2) of an experimental nature; (3) involving the review of new, altered or repaired equipment; (4) in emergency situations (i.e., safety of students, staff).

Section 2. **Non-Discrimination**

In accordance with applicable law, neither the District nor the Union shall discriminate against any employee covered by this Agreement because of race, sex, age, religion, creed, color, national origin, disability, sexual orientation, Union membership or non-membership.

Section 3. **Job Description**

Duties of each job shall be set forth by the Director of Buildings and Grounds and shall be on a fair and equitable basis. For informational purposes only, the District will update the job descriptions and attach hereto as Addendum #1.

Section 4. **School Code**

Any provision in this Agreement not in conformity with the Illinois School Code or any other State statutes governing public schools shall be null and void, and this Agreement shall be rewritten in order to bring it into conformity with law.

Section 5. **Labor-Management Meetings**

Representatives of the Board and Union shall meet biannually to discuss areas of mutual interest involving this Agreement and so constitute a Labor-Management Committee.

ARTICLE II
EMPLOYEE'S JOB WITH THE SCHOOL

Section 1. **Hours and Days of Work**

The regular workweek for the first and second shifts shall consist of five (5) days of eight (8) hours each, Monday through Friday, with one half (1/2) hour unpaid time allowed for lunch, which is not included in the eight (8) hour day. If an employee leaves the premises for lunch, he/she must punch out upon leaving and punch in upon his/her return. No employee may start his/her work shift earlier than scheduled unless he/she receives approval from the Director of Buildings and Grounds or his/her designee.

The regular workweek shall consist of forty (40) hours from Monday through Friday for the first and second shifts. The third shift shall begin at 10:30 p.m. on Sunday and end at 7:00 a.m. on Friday, or from 10:30 p.m. on Monday until 7:00 a.m. on Saturday. One-half (1/2) hour of each shift time shall be unpaid lunchtime, which is not included in the eight (8) hour day.

Notwithstanding any other provision of this Agreement, during the period of August 15 through June 1 of each school year, the District reserves the right to assign skilled Grounds Person employees to a regular work week of Tuesday through Saturday, when their respective skill level is needed for student activities. Such workweek shall consist of five (5) days of eight (8) hours each, Tuesday through Saturday, for a total of forty (40) hours. One half (1/2) hour of each shift time shall be unpaid lunch time, which is not included in the eight (8) hour day. The Union recognizes that such employees may be assigned work not related to student activities. The Board and Union agree that references in the Agreement to a workweek of Monday through Friday shall be construed to mean Tuesday through Saturday with respect to skilled Grounds Person employees assigned to an alternate workweek in accordance with this section (See e.g., Article II, Section 2.).

Assignment of working hours shall be on the basis of needs for the school. Hours may be scheduled as needed provided forty-eight (48) hours prior notice is given in writing of shift assignment change to the employees involved. Shift changes will not include overtime unless more than eight hours work is done.

Section 2. **Overtime**

Overtime work will be paid at a rate of one and one-half times the basic rate. Lunch taken during overtime is not paid. Overtime shall be assigned in a fair and equitable manner--with the exception of emergency situations. If an employee refuses overtime, that time will be recorded as a refusal for equalization purposes only.

Management will post overtime assignments for a minimum of 48 hours on four-hour shifts per skill level required. Overtime assignments shall be offered to employees based upon seniority within a job classification. An overtime list will be created for each job classification and posted with the most senior employee of that classification listed first. Overtime assignments will be offered by seniority rotation based on that specific classification list, when needed. If all employees on that specific list refuse, the least senior employee may be forced to work in that classification. If all employees refuse in that classification, the Employer may select another employee from another classification if he/she has the ability and skill for the overtime job assignment based on seniority rotation.

A working week is to be made up of five (5) consecutive workdays of eight (8) hours each from and including Monday to Friday, and shall be a forty-hour week. Time and one-half will be paid after eight (8) hours per workday and any hour(s) /day(s) worked that are in addition to the employee's 40-hour workweek.

When an employee must visit a doctor or dentist and provides proof of such visit to the Director of Buildings and Grounds, or his designee, such excused absence will constitute part of the 40-hour workweek and will be charged to the employee's sick leave. Proof of such visit will be returned to the Director of Buildings and Grounds, or his designee.

In case of cancellation of activities due to weather or other factors, workers called in to do work involved in these activities will be expected to work in their usual areas for one-half day or four (4) hours. The worker has the option, in the above situation, to choose not to work one-half day if he/she so prefers, and if he/she so chooses, will not be paid for one-half day's work.

The Director of Buildings and Grounds must approve all overtime in advance.

Section 3. **Emergency Call Back**

A call back in the event of an emergency will entitle the employee so called to a minimum of four hours overtime allowance. In the event the work exceeds four hours in duration, actual time worked will be paid on a time and one-half basis. The Director of Buildings and Grounds or designee must approve emergency callbacks.

Section 4. **Time Clock**

The custodial and maintenance staff will observe regular working hours and will clock in no earlier than ten (10) minutes prior to their shift. All employees must have changed to his/her work uniform and be clocked in by his/her regular starting time. All employees must be ready to work at the beginning of their scheduled shift.

All employees must comply with this rule without exception. No employee shall clock in for any other employee.

Employees will be allowed to take five (5) minutes of shift time at the end of his/her shift for wash-up time.

Clocked in time shall be the basis upon which pay will be computed. Employees who violate the District's time clock procedures are subject to discipline up to and including discharge.

Section 5. **Uniforms**

All employees are required to wear the current District provided uniforms when performing work covered by this Agreement. The District shall provide, at no cost to the employees, five (5) uniforms (ten (10) components) for custodians and eight (8) uniforms (sixteen (16) components) for maintenance personnel. Employees will receive new uniforms upon their submission of an old, worn uniform at any time during their employment with the District in order to present a professional appearance while at work. Employees who fail to comply with the District's uniforms policy are subject to discipline up to and including discharge. If the District decides to change the uniform and/or color of uniforms, the Employer will provide another full complement of uniforms to the employees at no cost. During summer months, employees will be allowed to wear Argo T-shirts with sleeves and blue jeans or shorts. Employees will receive five (5) Argo T-shirts each summer and may request a new T-shirt by turning in an old, worn T-shirt at any time. Employees performing snow removal duties will be provided coats, boots and gloves for such work. Employees may receive replacement coats, boots and gloves by turning in old, worn items at any time.

Section 6. **Uniform Policy**

The District furnishes custodial and maintenance employees uniforms. Currently approved uniforms are to be worn when on duty, either regular or overtime. Uniforms are not to be worn off duty. Employees are required to change into uniforms before work.

Section 7. **Reduction in Force**

In the event of a layoff, the least senior employee(s) within a job classification shall be laid off first, provided the remaining employees in the classification are qualified to perform the work. Any employee so displaced from his job classification shall be permitted to displace the least senior employee in a lower job classification provided he is senior to the employee in the lower job classification, and, provided further, he is qualified to perform the work. Employees shall be recalled from layoff in order of seniority provided they are qualified to perform the work required in the position open. The term qualified to perform the work as used in this Section shall mean that the employee has the skill, ability, and physical capacity to satisfactorily perform the duties assigned. The District shall provide the affected employee and the Union with notice of the proposed lay-off at least thirty (30) days prior to the anticipated effective date of the layoff.

Section 8. **Recall from Layoff**

If the District has any vacancies for the following school term or within one calendar year from the beginning of the following school term after the effective date of a layoff under Section 7, the positions thereby becoming available within a specific classification shall be offered to the employees laid off under Section 7 from that classification, so far as they are qualified to hold such positions, in the reverse order of **total bargaining unit** seniority.

Section 9. **Certification**

An employee shall be eligible for a one-time bonus of \$250 for the successful completion of a course approved by the District, provided the employee obtains prior approval for the course from the Director of Buildings and Grounds or designee; the course is designed to improve the skills of the employee that are directly related to his/her duties; and the employee submits a certificate of successful completion of the course outside of regular work hours. The cost of the training, test, and renewal certification fee, if applicable, will be paid by the District.

In cases where the Employer requires an employee to attend off-site training, the Employer will pay for the actual classroom hours and IRS mileage for the total miles driven to/from the training site; provided, however, that the employee requesting the mileage reimbursement must have driven his/her personal vehicle.

ARTICLE III
HOLIDAYS AND VACATIONS

Section 1. *Holidays with Pay*

All employees will observe the following days as paid holidays:

- | | |
|---------------------------------------------|-----------------------------------|
| 1. New Year's Day | 9 Veterans Day |
| 2. Lincoln's Birthday or Presidents' Day | 10. Thanksgiving Day |
| 3. Good Friday | 11. Friday after Thanksgiving |
| 4. Memorial Day | |
| 5. Juneteenth | 12. Christmas Eve Day |
| 6. Independence Day | 13. Christmas Day |
| 7. Labor Day | 14. New Year's Eve Day |
| 8. Columbus Day | |

Martin Luther King and Casimir Pulaski days will be workdays, as these days are considered as necessary to the operation and maintenance of the school facilities. They will be paid at straight time rate.

Any holiday falling on a Saturday shall be observed on the preceding Friday. Any holiday falling on a Sunday shall be observed on the following Monday, unless otherwise designated by the Director of Buildings and Grounds or designee for necessary operations of the facility.

In the event school is in session on any of the above holidays, employees shall work their regular work schedule, and a day will be added to their vacation time or at a time mutually agreed upon with the Director of Buildings and Grounds, but in no case shall more than three (3) holidays be allowed to accumulate toward an employee's vacation time.

Should an employee be serving on jury duty during a holiday, said employee will receive pay for such a holiday but will not be granted another day in addition to the paid day.

Should a holiday occur during an employee's vacation, an extra paid day will be added to the employee's vacation time.

No other holiday with pay will be allowed except for a national emergency duly authorized by state and local school boards.

The holiday will be paid for on the basis of the day observed as such holiday.

Holidays with pay are considered part of the forty (40) – hour work week. Any hours over forty (40) hours are to be paid at time and ½ the employee's hourly rate. If the employee submits for

sick, personal or vacation time, then the overtime only applies to time worked more than eight (8) hours worked on a shift during that week's schedule.

Section 2. *Vacation With Pay*

Beginning with the effective date of this contract, vacation days shall be calculated using July 1 as the eligibility date. Vacation days accrued by employees based on the anniversary of hire date shall not be lost or given up because of this change.

Regular employees shall be granted vacations with pay as follows:

1 year but less than 6 years	80 hours (2 weeks)
6 years but less than 9 years	120 hours (3 weeks)
10 years and above	160 hours (4 weeks)

Each 12-month employee who has 20 years of uninterrupted service as of July 1, 2014 shall be granted 200 hours (5 weeks) of vacation time. Employees who will not accrue 20 years of uninterrupted service until after July 1, 2014 shall only be eligible for 160 hours (4 weeks) of paid vacation, regardless of additional years of service.

Vacation days are calculated and generated on July 1 of each year. First year employees who are employed before November of each year will receive 80 hours (2 weeks) of vacation as of the next July 1. Those initially employed after November 1 but before February 1 will receive 40 hours (1 week) of vacation as of the next July 1. Those employed after February 1 will not be eligible for vacation benefits until the second July 1 after the hire date. Those hired after November 1 must completed a full year of uninterrupted employment to advance on the established vacation allotment schedule. For example, it would be on the employee's 7th July 1 that he/she would advance to 120 hours (3 weeks) of vacation. Vacation time shall not exceed two (2) weeks of continuous time without the approval of the Director of Buildings and Grounds. The Director of Buildings and Grounds must approve all vacation requests in advance. Vacation time must be used in either full or half-day increments. The needs of the District shall be the first consideration if vacation is requested and denied. Vacation time is earned for the preceding year of service.

Vacations shall be scheduled and approved at a time mutually agreed upon by the Director of Buildings and Grounds or such other designated Supervisor.

Second and third shift employees may take one week's vacation during the school year with the following restrictions:

1. Selection of the one (1) week during the school year shall be limited to one (1) employee per shift per week or day.
2. Vacation requests will be granted in the order in which they are received; conflicts shall be resolved by seniority.
3. Approval of such vacation requests shall be based on the operational needs of the District, provided, however, such approval shall not be withheld arbitrarily, capriciously, unreasonably, or inequitably.
4. Two weeks' vacation during the school year for second and third shift employees may be approved provided that the second week is taken in a block during winter or spring break.

Vacation time earned must be used one week prior to the next July 1. No carryover in vacation time will be permitted unless the District has denied the employees vacation requests and the employee is unable to utilize the days before the end of the work year.

A vacation week consists of seven consecutive calendar days, including Saturday and Sunday. See Article III, Section 4 eligibility of Holiday pay.

No pay in lieu of vacation will be granted except upon retirement.

If a payday falls while an employee is scheduled on vacation and the employee wishes to receive his check before he leaves on vacation, fifteen (15) working days advance notice must be given to guarantee payment prior to the employee beginning his/her vacation.

If an employee is terminated, vacation pay will be paid on a prorated basis from the preceding year.

Section 3. **Jury Duty**

If required to serve on jury duty, employees will receive the difference between jury duty pay and regular daily pay. Rather than take a deduction (which affects Pension), the jury pay can be remitted to the Business Office, and full pay on salary continues.

Section 4. **Absence Before and/or After a Holiday**

Employees must be on the job the last regularly scheduled workday preceding each holiday and the first regularly scheduled workday following the holiday in order to be eligible for holiday pay. However, if an employee is on sick leave (as certified by a physician), vacation, personal or jury duty, he will be paid for the holiday.

Section 5. **Military Leave**

Military leave shall be granted and administered in accordance with applicable state and federal law.

ARTICLE IV
SALARY AND COMPUTATION AND PAY PERIODS

Section 1. **Pay Dates and Salary Computation**

General salary ranges are in effect for all maintenance and custodial employees. These ranges are reviewed by the Board annually, and appropriate adjustments made. The ranges now in effect are shown on the Schedule. Salary is calculated as follows:

52 weeks times 40 hours equals 2,080 hours in working year.

Annual salary divided by 26 equals bi-weekly salary.

Bi-weekly salary divided by 10 equals daily salary rate.

Annual salary divided by 2,080 hours equals hourly basis.

All salaries are subject to withholding as provided by law plus other deductions requested by the employee (Credit Union, Insurance, etc.) in accordance with law, provided the plans are in effect at the school.

Pay dates are calculated based on the fiscal year from July 1 through June 30. Employees will be paid every two weeks for time worked during the two (2) week period. Pay dates will be on the employee's last regularly scheduled workday every two (2) weeks.

Exceptions to the regular pay dates may be caused by winter and spring breaks. Early pay dates will not include overtime and shift pay. These will be paid the on the next regular pay date. All employees are required to utilize direct deposit for the payment of their wages.

Section 2. **Overtime Pay**

Overtime pay earned from the previous two (2) week pay period will be paid on the following two (2) week pay period with the exception of Christmas and spring breaks.

ARTICLE V
EMPLOYEE BENEFITS

Section 1. **Pension or Retirement Fund**

All full-time classified employees are automatically members of the Illinois Municipal Retirement Fund. Monthly contributions are withheld from salaries in a fixed and predetermined amount. Each employee received notice of any change in deduction at the time the amounts are determined by the Fund.

Further information is available from the Business Office as to the exact operation of the Plan.

Section 2. Health Insurance

A. Health Insurance

All employees and their families are eligible for coverage in the group health insurance plans currently in effect for the school district. Choice of carrier will be decided by the Board of Education.

Included in the insurance program is a life insurance policy of \$100,000 through the effective date of this agreement, with an accelerated benefit for each employee; all premiums paid by the Board.

Employees shall have the option to elect coverage under the following plans:

1. Health Maintenance Organization (HMO). The Board shall provide HMO single and family coverage at no cost to the employee.
2. Preferred Provider Organization (PPO) Conversion to Blue Choice Options (BCO). The existing PPO shall be dissolved and transition to the BCO program will be no sooner than July 1, 2021 and no later than January 1, 2022. The Board shall provide individual and family PPO coverage under the BCO program at the following contribution percentages:
 - Employee only coverage with premiums shared at 80% Board paid and 20% employee paid
 - Employee + spouse coverage with premiums shared at 80% Board paid and 20% employee paid
 - Employee + children coverage with premiums shared at 80% Board paid and 20% employee paid
 - Family coverage with premiums shared at 75% Board paid and 25% employee paid
3. Health Savings Account (HSA) with High Deductible PPO plan. The Board shall provide HSA individual and family coverage at the following participant contribution percentages with the Board paying 80% and the employee paying 20% for employee only, employee + spouse, employee + children and family coverages. The Board shall provide seven hundred dollars (\$700) annually to fund the HSA for the employee-only option, one thousand four hundred dollars (\$1,400) annually for the employee + spouse and employee + children options, and two thousand dollars (\$2,000) annually for the family option. Such contributions shall be made to the

teacher's HSA no later than January 1 of each plan year.

An employee who elects individual coverage under the HSA with High Deductible PPO shall receive an annual Board funded contribution to his/her HSA of six hundred dollars (\$600.00). An employee who elects family coverage under the HSA with high deductible PPO shall receive an annual Board funded contribution to his/her HSA of one thousand two hundred dollars (\$1,200.00). Such contributions shall be made to the employee's HSA on January 1. New employees who elect the HSA with High Deductible PPO coverage shall receive one-half (1/2) of the contribution amounts upon their employment with the District. For example, new employees who elect individual coverage under the HSA with High Deductible PPO shall receive a three hundred dollar (\$300.00) contribution on July 1 of their first year of employment, and a six hundred dollar (\$600.00) contribution the following January 1.

Additionally, the parties have agreed to explore changing plan year to Jan-December rather than Sept-Aug to facilitate introduction of HSA, as well as explore the option of a Board contribution to teacher HSA accounts for teachers choosing that plan option. Also, the parties have agreed to change the flex plan year to Jan-Dec.

B. Flexible Benefit Plan

The District will provide a flexible benefit plan which will allow each employee to allocate monies into tax-sheltered accounts for healthcare and child care purposes, in compliance with the Internal Revenue Code.

C. Payment in Lieu of Insurance

In the event an employee elects not to participate in the District's health insurance plan, the Board shall contribute a maximum of four thousand five hundred dollars (\$4,500) into the employee's 403(b) plan account with a vendor approved for use under the District's 403(b) plan. The District will make these payments in installments payable on the District's regular payroll schedule. An employee must be employed by the District at the time of the particular installment payment in order to receive it, and the District will provide a pro-rated payment amount based on the number of days worked to employees that begin or separate their employment between payroll dates. The District will provide the Union with a list of approved vendors for the 403(b) account.

D. Dental Insurance

The Board shall pay eighty percent (80%) toward the premium for a dental plan, which plan is to provide for a maximum coverage of two thousand dollars (\$2,000) on an 80-20 basis and a deductible of \$100.

E. Vision Insurance

The Board shall maintain a plan to provide vision insurance which the employee may access annually during the open enrollment period and at their own expense.

F. Termination Date:

The effective date of termination for insurance benefits for those who separate from employment or otherwise become ineligible for insurance coverage is the last day of the calendar month in which such person terminates employment or ceases to become eligible. Any pre-paid insurance payments will be fully refunded.

Retirees shall be covered until the end of the fiscal year upon retirement. Any pre-paid insurance payments will be fully refunded.

Starting with the 2014-2015 school year, an Insurance Committee will be formed to identify and evaluate potential plan changes designed to control insurance premium costs. The committee shall consist of two (2) representatives from each bargaining unit, one (1) representative from the confidential secretary group, and two (2) administrators. The Board of Education shall have the final authority to approve any plan recommended by the insurance committee.

The District in its discretion and after written notification to the Union, sixty (60) work days prior to any implementation, may during the life of this Agreement make such changes in the plans of the carrier and/or the carrier as it deems appropriate so long as those changes are equivalent or better and applicable to all other employees of the District. If at any time during the life of this Agreement the premium decreases, the bargaining unit employee(s) shall also have their insurance premium decreased at the effected time accordingly.

COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985) is a federal law, enforced by the U.S. Department of Labor, Employee Benefits Security Administration. The District will follow the COBRA regulations in effect at the time of this contract.

Section 3. Sick Leave

Sick leave days are calculated and generated on July 1 of each year. Sick leave benefit allocation for probationary employees will be prorated from actual hire date through June 30 upon completion of the established probationary period outlined in this agreement. Personal leave for probationary employees will not be subject to proration. Proration shall be defined as follows: if hire date is the first (1st) to the fifteenth (15th), count as a full month. If hire date is after the fifteenth (15th), the proration shall be one-half (1/2) of the month. Effective July 1, each employee shall receive a full annual allocation of sick and personal leave time. Sick leave shall be defined to mean personal illness or disability, serious illness in the immediate family or household, or quarantine at home.

Sick leave is applicable to all regular, full-time employees. Sick leave of thirteen (13) days per year with unused leave cumulative to 260 days is granted to all regular, full-time employees. Said leave is to be at full pay.

Unused sick leave shall accumulate up to a limit of 260 days, provided that the employees who would have accumulated additional sick leave days but for the 260-day maximum shall be permitted to use such days if the maximum number of allowable accumulated sick leave days creditable toward retirement for I.M.R.F. purposes would otherwise be adversely affected.

Each employee shall be notified on July 1 of the accumulated sick leave days.

Sick leave may be taken for personal illness, quarantine at home, or serious illness in the immediate family or household. After three (3) consecutive days absence a physician's certificate will be required as a basis of pay in accordance with the provisions of the Illinois School Code. The certificate must be turned in before an employee will be allowed to return to work.

An employee who is absent due to illness on the workday before or after a vacation period will be required to submit a physician's statement identifying the illness.

Three (3) personal leave days will be granted to each full-time employee each year. These days are not cumulative, but unused personal leave will be credited to the cumulative sick days until maximum sick days are reached. An employee shall give 24 hours' notice before using a personal day. As bereavement time is necessary, two paid personal days will be first used and then sick days may be used if necessary.

If an employee takes repeated individual days (3 or more) in a month as sick days, a doctor's note may be required.

The employee may use the yearly sick leave at any time before it is actually earned. In the event of termination of employment an adjustment will be made in the last paycheck if the employee has been paid more sick leave than earned. In the event of a work-related injury, workers compensation will be paid to the injured employee. In addition, at the employee's option, the Board will pay the employee the difference of workers compensation and the employee's regular pay to the extent that accumulated sick leave will permit such payment. The days to be charged to the employee's sick leave will be rounded to the next nearest full day or half day. After sick days are exhausted, vacation days may be used on the same basis. This decision must be made when it is evident that a payment is forthcoming from workers compensation.

Section 4. **Family Medical Leave Act**

Refer to Board Policy regarding Family Medical Leave Act.

Section 5. **Bereavement Leave**

Employees will be granted up to 3 days per occurrence in the event of the death of an immediate family member. "Immediate family member" includes spouses, children, parents, grandparents, siblings, and stepsiblings, stepparents, and stepchildren. Sick days may also be

accessed for bereavement purposes and in the event of the death of a non-immediate family member.

Section 6. Credit Union

Credit Union membership is available to all employees through the New Century Federal Credit Union. Payroll deductions are available if requested.

Section 7. Reporting Injuries at Work

Upon employment, each employee shall receive a seniority date which shall be the date the Board approved his/her employment or their first day of actual work, whichever is earlier. If two or more employees have the same seniority date, the District shall conduct a drawing of lots witnessed by the affected employees and authorized Steward or Union Representative.

Classification seniority applies to these distinctive classifications: Custodian, Grounds Worker 1 and 2, Grounds Person 3, and Maintenance Person 1, Maintenance Person 2 and Maintenance Person 3. Classification seniority shall be defined as the date the employee begins to work in a classification. Classification seniority shall apply to layoffs and recall rights in accordance with Article II, Section 7 and 8, choice of vacation period, lateral transfer, and overtime.

Section 2. Probationary Period

Each new employee is considered to be on probation for a period of sixty (60) calendar days after starting employment. The Director of Buildings and Grounds will review performance records with probationary employees at the end of the first month and prior to the end of the sixty (60) calendar day probationary period. At the end of this period each employee is placed on the regular

staff with full-vested rights in all programs, or terminated.

Following satisfactory completion of the probationary period, the employee will be eligible to participate in the Union, insurance programs, and eligible to participate in the Illinois Municipal Retirement Fund.

All personnel moving from one classification to a higher classification shall be on probation for sixty calendar (60) days. During the probationary period the pay will be granted at the rate of the step on which he is working. Refer to Salary Schedule.

Section 3. **Continuous Service**

Continuous service is broken only for the following:

- a) Resignation or retirement;
- b) Discharge for just cause;
- c) An employee's transfer out of the bargaining unit;
- d) An employee's failure to return to work within three (3) days after written notice of recall has been sent via certified mail, return receipt requested to the address appearing on the employee's records, it being the employee's obligation to keep the District informed on the current address;
- e) An employee has been laid off and his/her recall rights have expired.

Continuous service shall not be broken and shall continue to accumulate during an approved leave of absence, lay-off, or disability within the limits provided for.

Section 4. **Seniority - Promotion**

It is the policy to promote from within the present staff to give each employee the opportunity to use his ability and interest in his work to better his position.

In considering candidates, the District will review their qualifications, including skill, ability, completion of any required certification tests with a passing mark, attendance, and work record. If candidate qualifications are relatively equal, seniority will prevail. The principal criteria will be to obtain the best possible employee for the job.

All job openings will be posted at the clock station for ten (10) working days. Employees who see a posting that looks interesting are invited to submit their bids to the Director of Buildings and Grounds. The Director of Buildings and Grounds and/or the Business Manager will screen all applicants. Final recommendations are made to the Superintendent of Schools for approval. Notification will be given at once when a decision by the Board has been made.

Section 5. Lateral Transfer

A lateral transfer is movement to another position in the same classification. If a vacancy occurs or there is a newly created position(s), an employee may submit their bid to the Director of Buildings and Grounds at the time of posting in accordance with Section 1. The position will then be filled with the employee with the most seniority. If the employee decides to return to their previous shift or if the District has just cause to return the employee to their previous shift, this will be conducted no less than 10 workdays from the move. If there are no employees that have placed a bid for a lateral transfer, the position will be filled in accordance with Article VIII, Section 1.

Section 6. Separation

If it becomes necessary to resign, employees should advise the Director of Buildings and Grounds at least two (2) weeks in advance to permit replacement. This notice will entitle the employee to accumulate vacation pay, if any, to date of resignation.

Section 7. Retirement

The retirement policy of the District follows the School Code. Each employee retiring must make application for separation benefits from Social Security. The Business Office will complete all necessary papers and forms for the I.M.R.F. for those qualified for retirement income. Payment starts soon after application has been completed.

Any employee covered by this Agreement may elect to receive only one of the following two retirement benefits:

- (1) A post-retirement annuity payment equal to the number of years of service times two-hundred fifty dollars (\$250). For example, an employee with thirty (30) years of service would receive a post-retirement annuity in the amount of seven thousand five hundred dollars (\$7,500); OR
- (2) Co-payment by the Board of post-retirement single insurance coverage, based on the employee's plan prior to retirement, at a rate of 50% of the insurance premium cost for employees with 20-24 years of employment with the District, and 75% of total premium cost for employees with 25 or more years of employment with the District, from the time of retirement until the employee is eligible for Medicare.

To be eligible for one of the benefits listed above, an employee must sign an irrevocable letter submitting his/her request to retire one year prior to the date of retirement. For example, if an employee wishes to retire June 30, 2015, he/she must submit their signed letter no later than June 30, 2014.

Section 8. **Workload**

The Board declares that it is the policy of the District not to arbitrarily increase employees' workload when a wage increase is granted.

When work assignments are changed, any employee who feels that he/she is being unjustly treated has recourse through the grievance procedures.

Section 9. **Subcontracting**

The District and the Union recognize that staffing has a bearing on the quality of the custodial/maintenance program. The parties agree that staffing should be maintained at levels commensurate with the quality of the work the District deems necessary. The District agrees that during the term of this Agreement it will not subcontract custodial or maintenance work traditionally performed by this bargaining unit to an outside agency or janitorial contracting firm, where such subcontracting would result in the layoff of any employee in the bargaining unit.
