PROGRAMS & HIGHLIGHTS

• **International Baccalaureate** program highlights our commitment to equity and global citizenship.

• **Dual Immersion** program allows students to develop academic knowledge and communication skills in both English and Spanish.

• **Green Engineering** incorporates integrated academic and career technical education, business partnerships, mentoring, and internships.

• **Project Lead the Way** empowers our students to adopt a design-thinking mindset through compelling activities, projects, and problems that help students relate to the world around them.

• **Mental Health & Wellness** builds students social emotional skills and provides a safe space for all. We are establishing wellness centers at all school sites, providing tiered counseling support, and offering Teen Mental Health First Aid (TMHFA) training at our comprehensive high schools.

• **Leader in Me** teaches 21st century leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader.
