The responsibility of your school counselor in preparing the "Secondary School Report" or letter of recommendation for colleges and universities is to provide a summary of your achievements beyond your academic record. Conveying your unique qualities and potential for growth is not an easy task. Therefore, the counseling department would appreciate your giving an honest estimation of yourself in regard to what you have done and what you have left to do, both in and outside of school.

This form should be typed or printed neatly in the space provided. Please attach additional sheets if needed. Please return the completed form to your school counselor by September 15th.
