

Texas Instructional Leadership is a program through which we provide training and support to campus and district leaders on their ability to build the capacity of educators that they manage. TIL trainings are aligned with many of the best practices described in the Effective Schools Framework.

Training will foster continuous improvement by assisting campus & district administrators in growing concrete instructional leadership skills in the following areas:

- *Schoolwide Culture Routines* • *Observation and Feedback* • *Data-driven Instruction*
- *Material Internalization Alignment* • *Lesson Alignment & Formative Assessment*
