

Aledo Growth Committee
Meeting Minutes
April 2, 2024

Aledo Growth Committee (AGC) Co-Chairs Dan Reilley and Kelli Stumbo welcomed the AGC members and began the meeting at 6:02 p.m. Mr. Reilley reviewed the agenda for the evening.

Chief Facilities and Construction Officer Chris Campbell reviewed the progress on the 2023 Bond Construction projects as well as an update on the overall expenditures for the bond program to date..

- Lynn McKinney Elementary School
 - This project is planned to be open in August of 2024. The water line is installed and water is available to the site. The roofing work is completed and a large portion of the exterior walls and storm shelter vertical walls are complete.
- Aledo High School Addition and Renovation project.
 - The Construction Manager at Risk (CMAR) for the project has been hired and construction is scheduled for the Spring of 2024.

[Presentation](#)

Dr. Bohn discussed recent enrollment projections that the AGC reviewed at the January 22, 2024 meeting in comparison to the 2022 demographic projections that were used to construct the AGC's Long Range Plan. Dr. Bohn discussed the group work for the evening and the AGC members broke into small groups and collaborated on what their long range facility plan may look like if they were creating it based on the most recent demographic data.
