Pick Up Time	Drop Off Time	OUT Run #	BUS #	STOP LOCATION	District

Salem-Keizer Transportation 503-399-3100

Other District:

Regarding your request for transportation, we are requesting that you share any safety issues that would warrant a bus support/safety plan. Consider the length of the bus ride, the limited visibility for a driver and the stimulation of the unstructured time. Information about acute mental health crisis, concerning boundaries, sexual behavior or notable aggression is critical in providing a safe transportation experience. As you consider safety plan needs, consider dynamics between clients in your program who are riding the same bus, including romantic interest or relationships and the vulnerability of other students due to cognitive, developmental, or emotional functioning. If safety needs evolve over time, please reach out to the Salem Keizer School District Transportation contact and update the need for a safety plan. We appreciate your partnership in providing a safe transportation experience.
