

DSD LA Adoption Publisher Review

February 2022

Publisher Review Process

Why: Getting a high level overview and learning about each of the vetted and approved programs is an important step in narrowing our selection and determining which three publishers to invite to DSD to present at our March committee meetings.

What:

- Review publisher scoring, video presentations, and EdReports
- Provide feedback on notes organizer
- Rank order publishers in order of preference.

How: Substitute release time or Extra Duty Pay (MS 8 hours, HS 7 hours). Fill out this sheet indicating your preference.

Publisher Review Process

Access the Notes on Publishers to utilize when reviewing each publisher.

- 1 Open the ODE Scorecard and review.** The scorecard will download.
NN = Non-negotiable **AC = Alignment criteria**
- 2 View the Publisher Presentation Video.** The Time Stamped Notes provide details from the Publisher Presentation Video. The Q&A video is optional. Publishers had an opportunity to respond to any area that did not score a “3”. View the Publisher Response to Scoring, if available.
- 3 Review EdReports.** EdReports is a nonprofit organization that does an independent review of curriculum. A team of classroom educators, with a deep understanding of college- and career- ready standards, meet to examine materials, gather evidence, and come to a consensus on scoring recommendations for each curriculum.

Add your notes to the Notes on Publishers document.

ODE Scorecards

Each scorecard has two tabs: **Overall Rating** and **Scoring Summary**. The Overall Rating will show the percentage of Meets for each Non-Negotiable and Alignment Criteria. The Scoring Summary dives into the metrics and any comments from scorers.

Overall Rating tab

EdReports

EdReports is a nonprofit organization that does an independent review of curriculum. A team of classroom educators, with a deep understanding of college- and career- ready standards, meet to examine materials, gather evidence, and come to a consensus on scoring recommendations for each curriculum.

The link on each publisher page takes you to the Summary of Alignment and Usability page. This gives an at-a-glance score in several “gateways.”

If you want to dig deeper into the scores, search for the curriculum and select a grade level to view.
