### Families Making the Connection

#### School Meals Make a Difference!

All students in Caswell County Schools will receive Breakfast and Lunch at NO COST for the 2024-25 school year, through our participation in the Community Eligibility Provision. Due to continued issues in the food supply chain, food & supply market changes may affect menu item availability. SCHOOL MENU IS SUBJECT TO CHANGE!

Many students and their families depend on school meals. School meals offer a variety of lean proteins, whole grains, fruits, vegetables, low fat or fat free dairy and locally grown ingredients. School meals make a difference!

There are many benefits to school meals:

- Research shows that students who participate in school meal programs consume more whole grains, milk, fruits, and vegetables.
- Students who eat school meals have better attendance, more focus in class, and improved academic performance.
- Participation in School Nutrition Programs supports social emotional learning.
- School meals are a nutritious, convenient choice for families.
- Eating school meals supports local School Nutrition Programs, farmers, and communities
