Starting School

Assignment of Students to Schools and Classes

WSD offers a variety of educational options for students. The school district is responsible for identifying students who qualify for specific district programs. Programs and qualifications will be explained at the Welcome Center. School and class assignments may be made based on parent selected program offerings. The selection of students shall comply with federal and state laws and reflect the program goals. [Board Policy JECD](#), [JECC](#)

Parents may request a transfer of their student to another school in the district in the event the school the student is attending is identified as persistently dangerous; the student has been a victim of a violent criminal offense in or on the grounds of the school the student attends. The transfer must be to a safe school. Additionally, requests to transfer to another school in the district for other reasons or to a school outside the district may be approved in certain circumstances. Contact a building administrator or a counselor for additional information.

Central Enrollment and Registration Information

To enroll, students or their parent/guardian are asked to complete enrollment forms and provide proof of age, parent/legal guardian names, addresses, proof of immunization or exemption; and emergency contact information. [Board Policy JEC](#)

The district may deny regular school admission to a student who has become a resident student and who is under expulsion from another school district for reasons other than a weapons policy violation. [Board Policy JECA](#), [JECB](#)

Grade Classification, Reduction/Credit Denial

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student's disability, or an excused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons. [Board Policy IKAD](#)

Promotion and retention of students is an individualized decision and will not be taken lightly. Referrals for promotion or retention will be made to the building principal. After the 9th grade, students are classified by grade level according to the number of credits earned toward graduation. The grade equivalents are: (see General Policies for more on Graduation) [Board Policy IKE](#)

- Freshman 0-6 credits
- Sophomore 7-12 credits
- Junior 13-18 credits
- Senior 19-24 credits

Immunizations

A student must be fully immunized against certain diseases or must present a certificate or statement that, for religious, philosophical beliefs and/or medical exemption, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as they have met immunization requirements. The student's parent or guardian will be notified of the reason for this exclusion. A hearing will be afforded upon request. [Board Policy JHCA/JHCB](#)

Kindergarten Enrollment

WSD offers free full-day kindergarten at all of its elementary schools. To enroll, please bring the items outlined in General Enrollment Information above to the Welcome Center in the Woodburn School District office. Children attending kindergarten for the first time must be 5 years of age on or before September 1 of the school year for which they are registering. Families seeking early entry to Kindergarten are asked to contact the Welcome Center.

[Board Policy JEBA](#)

School Meals

The district believes that all children need healthy meals to help them learn. The Woodburn School District Nutrition Services offers students delicious, healthy, nutrient-rich meals every school day for both breakfast and lunch at no charge to students. The district participates in the National School Lunch program and several federal school meal programs (including Oregon Fresh Fruit and Vegetable Program, Oregon Farm to School Program, after-school meals and snacks, and Summer Food Service Program). [Board Policy EFAA](#)

Woodburn is now a Community Eligibility Provision (CEP) district. All **first** meals at breakfast and lunch for all students will be available at **NO CHARGE**. Federal regulations do not allow a second meal at no charge. Meal prices for the second meal are as follows:

Breakfast \$1.50; Lunch \$2.00
Milk/Juice (a la carte) - \$0.40

As part of the Local Wellness Program, students may be encouraged or required to participate in physical activity or receive instruction on nutrition or maintaining healthy lifestyles. [Board Policy EFA](#)

School Schedules

The school district calendar is designed to meet the instructional hour requirements set by the Oregon legislature. Calendars are reviewed and approved by the school board. Emergency make up days are built into the schedule in the event of missed days due to weather or other closures. [Calendars](#) for the current school year are available on the district website.

School Supplies

For the 2024-25 school year, school supplies will be provided to each student.

Student Fees

Woodburn schools recognize the need for student fees to fund certain school activities which are not funded by local, state or federal resources. It also recognizes that some students may not be able to pay these fees. No student will be denied an education because of their inability to pay supplementary charges. However, no student is exempt from charges for lost or damaged books, locks, materials, supplies and equipment.

Materials that are part of the basic educational program are provided without charge to a student. A student may be required to pay certain other fees or deposits, including:

1. Club dues;
2. Security deposits;
3. Materials for a class project the student will keep in excess of minimum course requirements and at the option of the student;
4. Personal physical education and athletic equipment and apparel;
5. Voluntary purchases of pictures, publications, class rings, graduation announcements, etc.;
6. Student accident insurance and insurance on school-owned instruments;
7. Instrument rental and uniform maintenance;
8. Fees for damaged library books;
9. Lock or locker deposits/fees;
10. Field trips considered optional to the District's regular school program;
11. Admission fees for certain extracurricular activities.

A written notice will be provided to the student and their parent(s) of the district's intent to collect fees, fines, and damages owed. Notice will include the reason the student owes money to the district; an itemization of the fees, fines, or damages owed; and the right of the parent to request a hearing. Students will not be permitted to participate in end of the year activities, including graduation, until all fees and/or repayment agreement is made with the building administrator. [Board Policy JN](#)

Students Navigating Homelessness

The district provides full and equal opportunity to students in homeless situations as required by law, including immediate enrollment. School records, medical records, proof of residence or other documents will not be required as a condition for admission. A student who is homeless will be admitted, in accordance with the student's best interest, to the student's school of origin or will be enrolled in a district school in the attendance area in which the student who is unhoused is actually living, unless contrary to the request of the parent or unaccompanied student. Transportation to the student's school of origin will be provided in accordance with the McKinney-Vento Homeless Assistance Act.

For additional information concerning the rights of students and parents of students in homeless situations or assistance in accessing transportation services, contact Maricela Fernandez, the district's liaison for students who are unhoused at the Welcome Center 503-982-4291. [Board Policy JECBD](#)

Below, you'll find a highlights of each topic

1. Directory information

Woodburn School District may disclose appropriately designated directory information unless you notify the district in writing.

Directory information allows Woodburn School District to include certain types of information

School Health and Safety

Asbestos

The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance. [Board Policy EB](#)

The management plan is available for public inspection in the district office.

The Safety and Operations Director serves as the district's asbestos program manager and may be reached at the district office for additional information.

Building Security and Visitors

To ensure that the school building remains a safe and secure place for your student to learn, the following procedures will be enforced. Your cooperation and understanding are greatly appreciated.

1. All visitors must check in with the office. Visitor tags will be issued and must be worn to allow students and staff to recognize authorized visitors.
2. High school students and middle school students are required to wear their ID badge while on Middle School or any Woodburn High School Campus.
3. Unknown persons on school property may be questioned by staff if they do not have a visitor's tag
4. Visitors, including parents, may be denied access to school property if their conduct, in the judgment of the Superintendent, building principal or designee, is disruptive and interferes with the educational process.

We recognize that these procedures may cause some inconvenience, but the safety of the students is our main concern. [Board Policy KK](#).

Closed Campus

All school campuses are closed and students are expected to remain on school grounds from their arrival time to dismissal at the end of the school day. [Board Policy JEFA](#)

Communicable Diseases

Parents of a student with a communicable or contagious disease are asked to telephone the school office so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the physician, physician assistant, nurse practitioner, local health department nurse, or school nurse that the disease is no longer communicable to others in the school setting. See this ["Too Sick for School" Guidance](#) from the Oregon Department of Education.

The following restriction may be removed by a school nurse: chicken pox, cholera, diphtheria, measles, meningitis, mumps, whooping cough, plague, rubella, scabies, staph infections, strep infections, tuberculosis, and pandemic flu.

Parents with questions should contact the school office. [Board Policy EBBA. WSD Exposure Control Plan.](#)

Counseling

A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol, or tobacco dependency. The counselor may also make available information about community resources to address personal concerns.

Drug-, Alcohol-, and Tobacco-Free Environment and Prevention Program

The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products, and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location, and while being transported on district-provided transportation. Students in violation of the district's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct. [Board Policy JFCG/JFCH/JFCI](#)

Since drug, alcohol, and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol, and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol, and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol, and tobacco prevention curriculum will be taught annually to all students. [Board Policy IGAEB](#)

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically, and/or legally as a result of illegal drug, alcohol, and tobacco use.

Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need. [Board Policy IGAEB](#)

Emergency Medical Treatment

A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms submitted by parents. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form.

School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment. [Board Policy EBBA](#)

Emergency Procedures

Instruction on fire, earthquake, safety threats, and drills for students and staff is conducted for at least 30 minutes each school month. At least one fire drill, which includes routes and methods of exiting the school building, will be conducted each month for students in grades K-12. The first emergency evacuation drill will be conducted within the first 10 days of the school year.

At least two drills on earthquakes and two drills for school safety threats will be conducted each year for students in grades K-12. Drills and instruction on safety threats shall include procedures related to lockdown, lockout, shelter in place, evacuation, and other actions to take when there is a threat to safety. [Board Policy EBCB](#)

Our district uses the following procedures:

Fire Drills

Always evacuate when the fire alarm sounds, unless under a Shelter in Place;

1. If smoke or fire is present, activate nearest fire alarm;
2. Evacuate building immediately, turning off all lights and closing all doors;
3. Decisions for re-entry or re-location will be given by administration.

A map/diagram of the fire escape route to be followed is posted near all classroom doorways and reviewed with students. When the fire alarm is sounded, students must follow the direction of staff quickly, quietly and in an orderly fashion.

Earthquake Drills

If Indoors:

1. Take cover under tables, desks or against weight-bearing walls;
2. Cover head with hands and face away from all windows;
3. Wait for 60 seconds after tremors cease;
4. Evacuate building immediately following fire evacuation map;
5. Decision for re-entry or re-location will be given by administration.

If Outdoors:

1. Move away from buildings, trees or overhead wires;
2. Stay in place for 60 seconds after tremors cease;
3. Report to designated evacuation site, if safe to do so;
4. Decision for re-entry or re-location will be given by administration.

Standard Operating Procedure (Formally Referred to as 'Lockdowns')

In an ongoing effort to provide a safe and secure learning environment for all students, staff, volunteers and visitors the school district has implemented a Standard Operating Procedure that includes the following actions based on situations that may arise at school or within the community:

- **Hold** is followed by the Directive: "In Your Room or Area" and is the protocol used when hallways need to be kept clear of occupants.
- **Lockout** is followed by the Directive: "Secure the Perimeter" and is the protocol used to safeguard students and staff within the building.
- **Lockdown** is followed by "Locks, Lights, Out of Sight" and is the protocol used to secure individual rooms and keep students quiet and in place.
- **Evacuate** is always followed by a location, and is used to move students and staff from one location to a different location in or out of the building.
- **Shelter** is always followed by a type and a method and is the protocol for group and self-protection.

Throughout the school year each school will conduct a variety of practice drills so that students and staff have an opportunity to learn and practice the correct protocols during an emergency situation. Depending on the nature of the practice drill or the actual emergency situation parents, guardians and visitors may have limited access to the school building during the drill and/or emergency. <http://iloveguys.org> (Visit the website for more information).

If you have questions or concerns about safety drills or practices, please contact your student's school principal.

Health Screenings

The Woodburn School District will follow the requirements of the law to provide the following health services and screenings. [Board Policy JHCA/JHCB](#)

Services Available

Fluoride: Elementary schools offer a daily fluoride supplement program. Parents can choose to have their students participate.

Dental Sealants: Screenings are offered for families that choose to participate for dental health and sealants for grades K,1,2,6.

Children's Program: Any student without dental insurance can get dental care through the Children's Program. This is especially useful for students with dental pain. Usually students

in pain are seen quickly, within days. Preventive dental care may take a few weeks to get scheduled.

Tooth Taxi: The Tooth Taxi comes to the High School campus and occasionally the middle schools. This is not an annual program. It is offered on a less consistent basis.

Annual Screenings

Vision Screens: For Pre-K, 1,3 and 6th graders. Students with glasses should wear them for the screen. Children with glasses need an annual eye exam with the eye doctor. You will get a letter if follow-up is needed.

Hearing Screens: For K,1,2 and 7th graders. Parents will be informed of screens that need follow-up with a letter from the school office.

Insurance

All students who participate in interscholastic athletics in the District must either purchase the student accident insurance or have some other medical insurance plan through the home.

At the beginning of the school year, the District will make available to students and parents a student accident insurance program. Parents are responsible for paying premiums (if coverage is desired) and for submitting claims through the District office. The District shall not be responsible for costs of treating injuries or assume liability for any other costs associated with an injury.

In lieu of this insurance, a waiver furnished by the school and signed by parents stating that the student is covered by family insurance must be on file at the student's school.

Medicine at School

The district recognizes that administering a medication to a student and/or permitting a student to administer their own medication, may be necessary when the failure to take such medication during school hours would prevent the student from attending school, and recognizes a need to ensure the health and well-being of a student who requires regular doses or injections of a medication as a result of experiencing a life-threatening allergic reaction or adrenal crisis, or a need to manage hypoglycemia, asthma, or diabetes.

Students may be permitted to take prescription or nonprescription medication at school or at school-sponsored activities on a temporary or regular basis when necessary in accordance with Board policy, administrative regulations, and the following. [Board Policy JHCD/JHCDA](#)

District Administered Medication

Requests for the District to administer medication shall be made by the parent in writing. Written instructions of the physician are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, route, frequency of administration and any special instructions. A prescription label meets the requirement for written instruction from the physician, if the information above is included.

Written instructions of the parent which includes the information above are required for all requests to administer nonprescription medication. Manufacturer's dosing needs to be followed on Non-prescribed medication.

All medication to be administered by the District is to be brought to school by the parent in its original container. Medication not picked up by the parent within five school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the District. It is the parent's responsibility to ensure that an adequate amount of medication is on hand at the school for the duration of the student's need to take medication. It is also the parent's responsibility to provide doctors written directions to ensure that the school is informed in writing of any changes in medication instructions.

In the event a student refuses medication, the parent will be notified immediately.

Any error in administration of medication will be reported to the parent immediately and documentation made on the District's Student Medication Incident Report form.

Medication shall not be administered or self-medication allowed until the necessary permission form and written instructions have been submitted as required by the District.

In situations when a licensed health care professional is not immediately available, trained personnel, designated by the district may administer epinephrine, glucagon, or other medications to a student as prescribed and/or allowed by Oregon law.

Self-Medication

Grades K-12: Self-medication of prescription and nonprescription medication may be allowed subject to the following.

A parent/guardian permission form must be submitted for self-medication of all prescription medications. In the case of prescription medications, permission from the prescriber or RN is also required. Such permission may be indicated on the prescription label. Building principal permission is required for all self-medication requests.

Students who are developmentally and/or behaviorally unable to self-medicate will be provided assistance by designated school staff. A permission form and written instructions will be required.

All prescription and nonprescription medication must be kept in its appropriately labeled, original container.

Prescription labels must specify the name of the student, name of the medication, dosage, route and frequency or time of administration and any other special instructions including student permission to self-medicate. Nonprescription medication must have the student's name affixed to the original container.

The student may have in his/her possession only the amount of medication needed for that school day. Sharing and/or borrowing of medication with another student is strictly prohibited.

Permission to self-medicate may be revoked if the student violates the Board's policy governing Administering Non-Injectable Medicines to Students and/or these regulations. Additionally, students may be subject to discipline, up to and including expulsion, as appropriate.

Release of Students from School

Students are to remain under the supervision of school staff during regular school hours. A student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The teacher will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the approval of their parent or as otherwise provided by law. [Board Policy JEDB](#)

Restraint or Seclusion

The district has developed a policy and administrative regulation to define the circumstances that must exist and the requirements that must be met prior to, during, and after the use of restraint or seclusion as an intervention with district students.

If restraint or seclusion continues for more than 30 minutes, school staff will attempt to immediately notify parents or guardians verbally or electronically. [Board Policy JGAB](#)

Instruction

Alternative Education Programs

Alternative education program options have been established and approved by the Board to meet the individual needs of students. Students, after consultation with a parent or guardian, may be placed in an alternative education program if the district determines that the placement serves the student's educational needs and interests, and assists the student in achieving district and state academic content standards. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will also consider and propose alternative education programs for students prior to expulsion or leaving school as required by law. [Board Policy IGBHA](#)

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent/guardian receives an exemption on a semi-annual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student and/or parent/guardian, there is no obligation to propose or fund a second program.

Dual Language Immersion

The Woodburn School District mission and vision are central to the implementation of the Dual Language programs in WSD as the District uses multilingualism to provide both opportunities for academic advancement and viable second language learning opportunities to all students in the WSD community. Dual Language is an umbrella term for educational programs in two languages. At WSD, our Dual Language system includes a Two-Way Bilingual Immersion program in Spanish, a Russian Language Heritage Program, and an English Plus program.

The WSD multi-site Two-Way Bilingual Immersion programs (English/Spanish) and the Russian Language Heritage Program nurture a vibrant Pre-K-12 learning community in which students from diverse backgrounds speak, read and write in Spanish, Russian and English while participating in multicultural studies and experiences as part of their education.

The program's goals for students are:

- Bilingualism and biliteracy
- High academic achievement in two languages
- Cross-cultural understanding & development of prosocial skills

In the English Plus program, students receive the majority of their instruction in English with opportunities to learn Spanish or Russian as a second language where teachers and resources are available. In addition to core instruction in English, students receive regular FLES (Foreign Language of English Speakers) instruction for the purpose of preparing to enter the World Languages pathway in middle and high school, providing a pathway to bilingualism.

All classrooms, regardless of language of instruction, use instructional practices that develop students' academic skills and academic language. Teachers understand and use instructional strategies that teach for biliteracy. Classrooms, regardless of language instruction, provide ample opportunity for student practice using academic language in the language of instruction. All students have access to dual language instruction through the Two-Way Immersion, the Russian Language Heritage program, or the English Plus program.

Emergent bilingual students who qualify for English learner services also have access to English Language Development (ELD) in all dual language programs. The goal of ELD is to grow students' proficiency in English and to provide meaningful access to grade

level-content. Students will learn the language they need not only for academics, but also for productive classroom participation and for real-life interactions.

A student or family with questions about these programs should contact the building administrator or their school's Language Program Coordinator (LPC). [Board Policy IGBI](#)

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;

Parents of a minor, or eligible student (if 18 years of age or older), may inspect and review the student's education records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If, after such hearing is held as described above, the parents are not satisfied with the recommended action, the parents may appeal to the Board where the action of the hearings panel may be reviewed and affirmed, reversed, or modified. Procedure for appeal beyond the local Board follows the prescribed actions as set forth in federal regulations. The parent or eligible student may file a complaint with the Federal Family Compliance Office, United States Department of Education regarding an alleged violation of the Family Educational Rights and Privacy Act. The district shall transfer originals of all requested student education records, including any Education Service District (ESD) records, relating to a particular student to the new educational agency when a request to transfer such records is made to the district. The transfer shall be made no later than 10 days after receipt of the request. The district shall retain a copy of the education records that are to be transferred in accordance with applicable Oregon Administrative Rules.

Student Searches

District officials may search the student, their personal property, and property assigned by the district for the student's use at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion based upon specific and articulated facts to believe that the student personally poses or is in possession of some item that poses an immediate risk or serious harm to the student, school officials and/or others at the school.

Searches shall be "reasonable in scope", that is, the measures used are reasonably related to the objectives of the search, the unique features of the official's responsibilities, and the area(s) which could contain the item(s) sought and will not be excessively intrusive in light of the age, sex, maturity of the student, and nature of the infraction. Strip searches are prohibited by the district.

District officials may seize any item which is evidence of a violation of law, Board policy, administrative regulation, or school rule, or which the possession or use of is prohibited by such law, policy, regulation, or rule.

District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as lockers, and desks, may be routinely inspected at any time. Students have no expectation of privacy regarding these items/areas. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety, and to reclaim overdue library books, texts, or other instructional materials, property, or equipment belonging to the district. The student will generally be permitted to be present during the inspection.

Items found which are evidence of a violation of law, policy, regulation, school rule, or Student/Parent Handbook may be seized and turned over to law enforcement or returned to the rightful owner, as appropriate. [Board Policy JFG](#)

Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment.

Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening.

Conduct on District Transportation

See Transportation of Students section for additional conduct on district transportation.

Discipline/Due Process

A student who violates the Student Code of Conduct shall be subject to disciplinary action. A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that uses approaches that are shown through research to be effective.

Disciplinary measures are applied depending on the nature of the offense and without bias. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug, or drug paraphernalia, alcohol-and/or tobacco-related offenses, or any other criminal act, they may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement. [Board Policy JG](#)

Detention

A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged. [Board Policy JGB](#)

Discipline of Students with Disabilities

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior, the time, and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year, for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious

behavior” is defined as behavior that is substantially likely to result in injury to the student or to others. [Board Policy JGDA/JGEA](#)

Expulsion

Students may be expelled for any of the following circumstances: when a student’s conduct poses a threat to the health or safety of students or employees; when other strategies to change the student’s behavior have been ineffective, except that expulsion may not be used to address truancy; or when required by law.

The district shall consider the age of the student and the student’s past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

- Nonaccidental conduct causing serious physical harm to a student or employee;
- When a school administrator determines, based on the administration’s observation or upon a report from an employee, the student’s conduct poses a threat to the health or safety of students or employees; or
- When the expulsion is required by law.

No student may be expelled without a hearing unless the student’s parent or the student, if 18 years of age, waives the right to a hearing, either in writing, or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year. The district will provide appropriate expulsion notification including expulsion hearing procedures, student, and parent rights and alternative education provisions as required by law as part of the expulsion process. [Board Policy JGE](#)

Suspension

A student whose conduct or condition is seriously detrimental to the school’s best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: willful violation of Board policies, administrative regulations, or school rules; willful conduct which materially and substantially disrupts the rights of others to an education; willful conduct which endangers the student, other students, or staff members; or willful conduct which damages or injures district property.

The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission, and an opportunity to appeal the decision. Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

School work missed by a student while on suspension may be made up upon the student’s return to school if the work missed reflects achievement over a greater period of time than

the length of the suspension. For example, a student will be allowed to make up final, mid-term, and unit examinations without an academic penalty. [Board Policy JGD](#)

Dress and Grooming

The Woodburn School District recognizes the right to free expression and the value of diversity, including the diversity in dress and general appearance. Students have the right to a nondisruptive, safe, and healthy educational environment at school.

Unacceptable clothing includes, but is not limited to any clothing that promotes products or activities that are considered inappropriate in the school setting; becomes a safety hazard; is unsanitary or conflicts with health considerations.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards and may be denied the opportunity to participate if those standards are not met. Failure to follow the above guidelines may result in corrective action which may include being sent home to change. [Board Policy JFCA](#)

Gangs/Secret Societies

The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities, and a student's ability to meet curriculum and attendance requirements.

A "gang" is defined as any group that identifies itself through the use of a name, unique appearance, or language, including hand signs, the claiming of geographical territory, or the espousing of a distinctive belief system that frequently results in criminal activity.

In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations, and athletics; to discuss with staff and district officials the negative consequences of gang involvement; to seek the assistance of counselors for additional guidance and district; and to access community resources that offer support to students and alternatives to gang involvement.

No student on or about district property or at any district activity shall wear, possess, use, distribute, display, or sell any clothing, jewelry, emblem, badge, or any other such symbol evidencing gang membership or affiliation. No student shall use any speech, either verbal or nonverbal (i.e., gestures, handshakes, etc.) signifying gang membership or affiliation.

No student shall solicit other students for membership in any gangs nor commit any other illegal act or other violation of district policies. Students in violation of the district's gang policy will be subject to discipline in accordance with the district's Student Code of Conduct. [Board Policy JFCEA, JFCM](#)

Reports to Student and Parent/Guardian

The district feels it is important that teachers have as much accurate knowledge of student achievement as possible to assess students' needs and growth; thus, a sharing of information among parent, teacher and student is essential. Written reports of student grades and progress reports shall be issued to parents at least annually, informing parents of their student's progress toward achieving the academic content standards. Parents will receive reports on their student's absences. Grades and progress reports will be based on many factors including assignments, both oral and written, class participation, special assignments, research activities, and other identified criteria.

Parents will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration. [Board Policy IK, IKA](#)
