

COMPREHENSIVE SCHOOL SAFETY PLAN - EXECUTIVE SUMMARY

SCHOOL	Hillside High School
SCHOOL YEAR	2024/2025
PRINCIPAL	Chris Beeson

In compliance with State law and Board policy, stake-holders at our school engaged in a systematic planning process for the purpose of reviewing and updating our comprehensive school safety plan. This process included gathering and analyzing crime and safety data in order to develop reasonable safety goals relevant to the needs and resources of our campus. This Executive Summary details the two data-driven safety goals that resulted from our planning process. The entire plan can be viewed by making an appointment with the Principal.

GOAL-1

Hillside High School will reduce student referrals and suspensions to no more than 3.9% overall for the 2023-2024 school year. This will be done by increasing student connectivity and engagement to the campus as evidenced by a 10% growth in the student School Climate Survey for the 2023-2024 school year.

GOAL-2

Purchase install school Marquee to provide updates and calendar items to students and families. Update PBIS Signage to reflect updates in schoolwide expectations. Upgrade/repair school farm.

SECTION ONE

This section details our systematic planning process, procedures for complying with safety laws, and safety goals for the upcoming school year.

COMPREHENSIVE SCHOOL SAFETY PLAN

ABOUT THIS TEMPLATE "Safety" is a Process!"

The Law

California Ed Codes 32280-32289.5, require every school in a district with more than 2501 average daily attendance to develop and maintain plans designed to address campus risks. The law also requires designated stakeholders at each school, along with local law enforcement, fire department, and other first responder agencies, to annually engage in a systematic planning process for the purpose of developing strategies to prevent and respond potential incidents involving crimes and violence on campus.

Ed Code 32280
A "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

The Template

This template was created by the Campus Safety Group on behalf of the Los Angeles County Office of Education, the California Department of Education, and the California Department of Justice.

Planning Due Dates

There are two mandatory due dates in Education Code:

- March 1 - The School must have "adopted" their school safety plan by March 1, and have forwarded it to the District for "approval."
- October 15 - The District must approve the school's plan by October 15. The District is required to report to COE any individual schools that do not have approved plans by October 15. Non-compliance must be indicated on that schools' SARC.

Planning timeline

Schools should create a timeline to ensure compliance with the March 1, adoption date. An example of a compliance timeline:

- September/October
 - Step 1 - Identify Collaborative Comprehensive Safe School Planning Committee.
 - Step 2 - Create a vision of school as a safe place to learn.
 - Step 3 - Gather and assess school related crime and safety data.
- November/December
 - Step 4 - Identify data driven areas for desired change.
 - Step 5 - Select and implement strategies for safe and orderly environment.
- January/February
 - Step 6 - Share and then adopt the plan. Forward the adopted plan to the District.
- March through June
 - Step 7 - Implement the plan by achieving your data driven safety goals.

COMPREHENSIVE SCHOOL SAFETY PLAN

School Name	Hillside High School
Principal	Chris Beeson
School year Plan is for the upcoming school year	2024/2025

Our school engaged in the systematic planning process recommended in the law:

- Step One** We Identified our safety committee
- Step Two** We created a vision of a school as a safe place to learn.
- Our Mission Statement and existing safety practices.
- Step Three** We gathered and assessed school related crime and safety data.
- Specific data known to have an impact on campus safety.
- Step Four** We Identified areas of desired change.
- Data driven analysis towards improvement.
- Step Five** We developed strategies to maintain a safe and orderly environment.
- Two data driven safety goals that are meaningful to our unique campus circumstances and achievable through existing resources.
- Step Six** We shared and adopted the plan.
- A public meeting was held with invitations extended to campus and community stakeholders.
- Step Seven** We will continue to evaluate and revise the plan
- Stakeholders at our school will continue to monitor progress towards achieving our goals and revise strategies as necessary.

COMPREHENSIVE SCHOOL SAFETY PLAN

Step 1 - Identify the committee

Ed Codes 32280 & 32281 "In cooperation with local law enforcement, fire department, and other first responder agencies." "The schoolsite council... shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school."

COMPREHENSIVE SCHOOL SAFETY PLAN

Step Two- Our schools vision of a safe place to learn

School Mission Statement

The mission of Hillside High School is to provide a safe environment where students can re-establish their academic, personal, and career goals necessary for success in a global society.

About our school, a safe place to learn

A brief description of our school's existing safety related programs, drills, staff, and partnership etc.

Hillside High School employs one proctor who roams the grounds during the day to monitor students. We are a closed campus which uses one entry and one exit gate located at the front of the school. Hillside HS has a working surveillance system with 18 cameras housed throughout the campus. These cameras are used to monitor student activity and investigate incidents on campus. We use an intercom system as well as handheld radios to communicate with staff, students and faculty. In addition, we have the capability to communicate with parents and inform them of arising issues via personal phone calls, Parentsquare communication and/or school wide email.

The Hillside staff makes themselves readily available at all times to the student body, who are greeted by their teachers as they enter the classroom. Through being visible students have developed a relationship with us and report concerns when they arise. 95% of Hillside students feel very safe at school. Besides the staff at HHS, we are lucky to have two SROs; Officer Jacso and Officer Noguerra who appear frequently on our campus as needed.

UUSD has implemented an Attendance matrix that is followed across the district to improve our overall attendance. Currently, we contact parents daily to inform them of attendance issues. We hold Pre-SART meetings on campus with parents, student, Principal, Counselor, Support Services Staff, and a Probation Officer. This is our attempt to get them back on track and explain the importance of coming to school and how it affects their education. At the Pre-SART meeting, parents and students sign a contract and are responsible to adhere to its guidelines. If they violate this contract they are referred to SARB at the Upland Unified School District Office

COMPREHENSIVE SCHOOL SAFETY PLAN

Step Three - Gather & assess school crime and safety data

3.1 - Safety Policies and Procedures

Ed Code 32282 establishes a list of required and recommended safety policies and procedures that must be included in the safety planning process. Check "included" indicating that you have attached a current PDF version of applicable policies and procedures to this plan. Remember, you can include other safety practices in your planning process that may not be mentioned in the law.

3.3 Assessment of Campus Crime

This assessment to be completed by the school principal or designee.

Assessment performed by <small>The listed name must be the person who does the assessment.</small>	Date
Chris Beeson	10/31/23

The purpose of this assessment to assure the school is aware of criminal behavior or dangerous trends occurring on campus or at school related functions. Consult with local law enforcement to be certain all relevant information is gathered.

Number of crimes reported on campus or at school related events. These numbers are from the previous school year and will come from your local law enforcement agency as well as crimes that might not have been reported to the police such as significant vandalism or reported thefts. Internal data sources include work orders and insurance claims.

Type of crime
Avoid using code sections. For example, enter vandalism instead of 594 PC.

Type	Number	Type	Number
CHILD ABUSE	1		
5150	1		
Carry Loaded Firearm	1		

What are we doing well? Where can we improve?

A brief statement to highlight assets and/or area(s) of desired change regarding this assessment

	<p>What are we doing well: Our families and students report that Hillside High School is a welcoming, caring and safe environment. Students make connections with their teachers and as a result gain the self-confidence and drive necessary to reach their graduation goals.</p> <p>What can we improve: We are refining our PBiS Schoolwide Expectations, including phone usage during instructional time. We are reviewing integration of Social Emotional Learning into our lessons and daily routine.</p>

COMPREHENSIVE SCHOOL SAFETY PLAN

3.4 – Tactical Response Plan

This assessment to be completed by the school principal or designee.

Related procedures must contain specific accommodations for staff, students, or visitors with access and functional needs.

Assessment performed by The listed name must be the person who does the assessment.	Date
Chris Beeson	10/30/23

The purpose of this assessment to assure that the campus has a "Tactical Response Plan" for dangerous criminal incidents occurring on campus, including incidents involving firearms, and that those plans support first responder efforts.

<p>Does your local law enforcement agency have a "tactical response" plan for your school? Most modern first responder agencies do have tactical response plans in place for schools within their jurisdiction. If you do not know, it is your job to make sure.</p>	Yes
<p>Does your school have a plan for responding to dangerous criminal events on campus, including events involving firearms? Generally, such plans involve preparing for, initiating, maintaining, ending, and recovering from a lock-down or rapid evacuation. If you do not have this plan, skip the next question and add "Develop a Tactical Response Plan" as a suggested action plan.</p>	No
<p>Is your school plan coordinated with the law enforcement plan? The purpose of this assessment is to facilitate continual communications between the school and local first responder agencies. DON'T accept a District level "we're working with local law enforcement" statement. It's your job insure the school's efforts are coordinated with responder efforts.</p>	No

What are we doing well? Where can we improve?

A brief statement to highlight assets and/or area(s) of desired change regarding this assessment

<p>What we are doing well: We have written procedures that are up to date and shared with staff. We have coordinated with UPD to review "Threats to Campus."</p> <p>What can we improve?: We need additional practice to ensure that all staff/students understand and can follow the emergency procedures. We will create and train staff on a plan for responding on campus. The will be coordinated with law enforcement.</p>

COMPREHENSIVE SCHOOL SAFETY PLAN

3.5 – Lockdown Plan

This assessment to be completed by the school principal or designee.

Related procedures must contain specific accommodations for staff, students, or visitors with access and functional needs.

Assessment performed by The listed name must be the person who does the assessment.	Date
Robert Martinez	10/19/23

The purpose of this assessment to assure the school is taking all reasonable steps to be prepared for a lock-down scenario.

<p>Does the school have a lockdown procedure? If no, add create procedure as a suggested action plan. If yes, review the procedure and proceed to the next questions.</p>	Yes
<p>Does the procedure include redundant announcements? Redundant announcements refer to multiple ways of signaling a lockdown, such as bells, PA systems, flashing lights and any other means of campus mass communications. If the answer is no, suggest adding redundant announcements as an action plan.</p>	Yes
<p>Does the procedure include documentation and reviews of the drills? Dates/times of drills must be documented. A drill review would include information from staff visitors, and when age-appropriate, from students and include information related on how effective the drill was. If the answer is no, suggest adding an after-drill review.</p>	Yes--

What are we doing well? Where can we improve?

All related procedures must contain specific accommodations for staff, students, or visitors with access and functional needs.

Assessment performed by The listed name must be the person who does the assessment.	Date
Maria Hernandez	08/28/23

The purpose of this assessment to assure the school aware of, and taking all reasonable steps to be prepared for, a Hazardous Materials (HAZMAT) incident.

<p>Is there a potential pesticide or harmful material concern within ¼ mile of the school? This information should be provided by the local fire department. Response procedures generally follow evacuation plans or shelter in place plans.</p>	--NO
<p>Does the school have a shelter in place procedure? Shelter-in-place is similar to, but different to a lockdown. You/ can read ab011t shelter in place here. If you do not have a shelter-in-place procedure, include creating one as a suggested action plan item. If you do have a procedure, answer the following questions.</p>	--Yes
<p>Are staff aware of shelter in place and evacuation plans? This requires a simple survey of staff asking if they are aware of the plan?</p>	--Yes

What are we doing well? Where can we improve?

A brief statement to highlight assets and/or area(s) of desired change regarding this assessment

<p>What we are doing well: All staff have access to the procedures and they are posted in the classrooms.</p> <p>What can we improve?: We need more practice drills to ensure all staff and students are able to follow the procedures.</p>

Section 3.16 - Plan for Safe Ingress and Egress

Related procedures must contain specific accommodations for staff, students, or visitors with access and functional needs.

Assessment performed by	Date
The listed name must be the person who does the assessment. This can be a group project.	
Chris Beeson	08/28/23

An ingress/egress plan is generally a map of the school, created in cooperation with law enforcement, fire department, and neighbors, designating "routine" arrival and departure points as well as emergency departure paths (showing both building evacuation paths, campus evacuation paths, as well as assembly areas.) Although it is not always possible, the ideal arrival plan limits points of access to only those areas that can be monitored by staff and/or cameras that are monitored by staff. An emergency egress plan must take into consideration how locked gates might be opened during an emergency.

Does the school have a written ingress/egress plan? If no, add "Create ingress/egress plan" to the suggested action plans.	--Yes
Does the school have a plan to assure exterior gates and doors are locked during school hours? The plan should go beyond requiring gates doors to be locked to include some sort of daily check.	-- Yes
Is there a plan to assure designated gates can be unlocked to facilitate emergency egress? Check for redundancy in opening locked gates. What if the primary "key holder" was not available?	-- Yes
Is there sufficient signage directing visitors? If no, add "consider exterior/interior signage" to suggested action plans.	-- Yes

What are we doing well? Where can we improve?

A brief statement to highlight assets and/or area(s) of desired change regarding this assessment

	What we are doing well: New signage for front office location, single entrance/exit for the parking lot and school.
	What can we improve?: Ensuring staff has access to unlock the gates in an Emergency or evacuation.

COMPREHENSIVE SCHOOL SAFETY PLAN

Section 3.20 - Existing Resources

Assessment performed by The listed name must be the person who does the assessment. This can be a group project.	Date
Chris Beeson	10/31/23

The law requires safety goals that are specific to the "needs and resources" of that school. This form helps stakeholders accomplish this expectation by establishing a realistic understanding of resources before goals are developed.

Keep in mind "resources" include, but are not limited to funding, volunteerism, and technical support. One of your goals may be to ask parent groups and other partners to set aside funds to accomplish goals. Another goal might be to establish a list of volunteers, including volunteers with specific skill sets, and partners that might be able to furnish the supplies or non-monetary resources. Use a second or third form if needed.

In the "Type" column, "funding" means the group can provide money. "Time" means the group/person can provide time that might be needed for safety projects/programs. An example of "Time" would be parent or other volunteers who agree to walk the exterior of the school from time to time to assure gates and exterior doors are shut and locked.

COMPREHENSIVE SCHOOL SAFETY PLAN

Step Five - Select and implement strategies for a safe and orderly environment.

Prioritizing the information gathered in Step Four, our team has developed the following goals designed to enhance our efforts at maintaining a safe and orderly environment

Section 5.1 - Component 1 Goal - "People."

The social climate, people and programs..

Ed Code 32281(b)(1) "Relevant to the needs and resources of that particular school."

Hillside High School will reduce student referrals and suspensions to no more than 3.9% overall for the 2023-2024 school year. This will be done by increasing student connectivity and engagement to the campus as evidenced by a 10% growth in the student School Climate Survey for the 2023-2024 school year.

This goal pertains to the school's social climate, considering assets and challenges. Based on our assessment, achieving this goal should assist in improving the overall safety of students, staff, and visitors on our campus.

Sections 1.1 - Action Plans for "People" Goal

Task	Person	Due Date
Update Climate & Culture Manual	Chris Beeson	10/09/23
Update Expectations By Location	Angie Barragan	10/09/23
Update Events Calendar	Megan Cazares	10/13/23

COMPREHENSIVE SCHOOL SAFETY PLAN

Section 5.2 - Component 2 Goal - "Place." the physical environment.

Ed Code 32281(b)(1) "Relevant to the needs and resources of that particular school."

Purchase install school Marquee to provide updates and calendar items to students and families. Update PBiS Signage to reflect updates in schoolwide expectations. Upgrade/repair school farm.

This goal pertains to the physical school grounds, considering assets and challenges. Based on our assessment, achieving this goal should assist in improving the overall safety of students, staff, and visitors on our campus.

Section 5.2.1 Action Plans for "Place" Goal

Task	Person	Due Date
Research/purchase school marquee	Becky Wells	12/01/23
Order updated signage	Angie Barragan	12/01/23
Updat/Repair school farm	Chris Beeson	06/01/24

COMPREHENSIVE SCHOOL SAFETY PLAN

Step Six - Share & adopt the plan

Section 6.1 - Public Meeting

Ed Code 32288 (2) (b) (1) - Before adopting its comprehensive school safety plan, the schoolsite council or school safety planning committee shall hold a public meeting at the schoolsite in order to allow members of the public the opportunity to express an opinion about the school safety plan.

On the indicated date, we shared our plan at a public meeting. The notice of the meeting as well as a list of required invitees is attached to this plan.	Date
	10/31/23

Section 6.2 - Adoption of School Safety Plan

Ed Code 32286(a) Each school shall adopt its comprehensive school safety plan by March 1, 2000, and shall review and update its plan by March 1, every year thereafter.

On the indicated date our Committee met and voted to adopt our school safety plan. The minutes from this meeting are attached to this plan. The plan was then forwarded to the District Officer for approval.	Date
	10/31/23

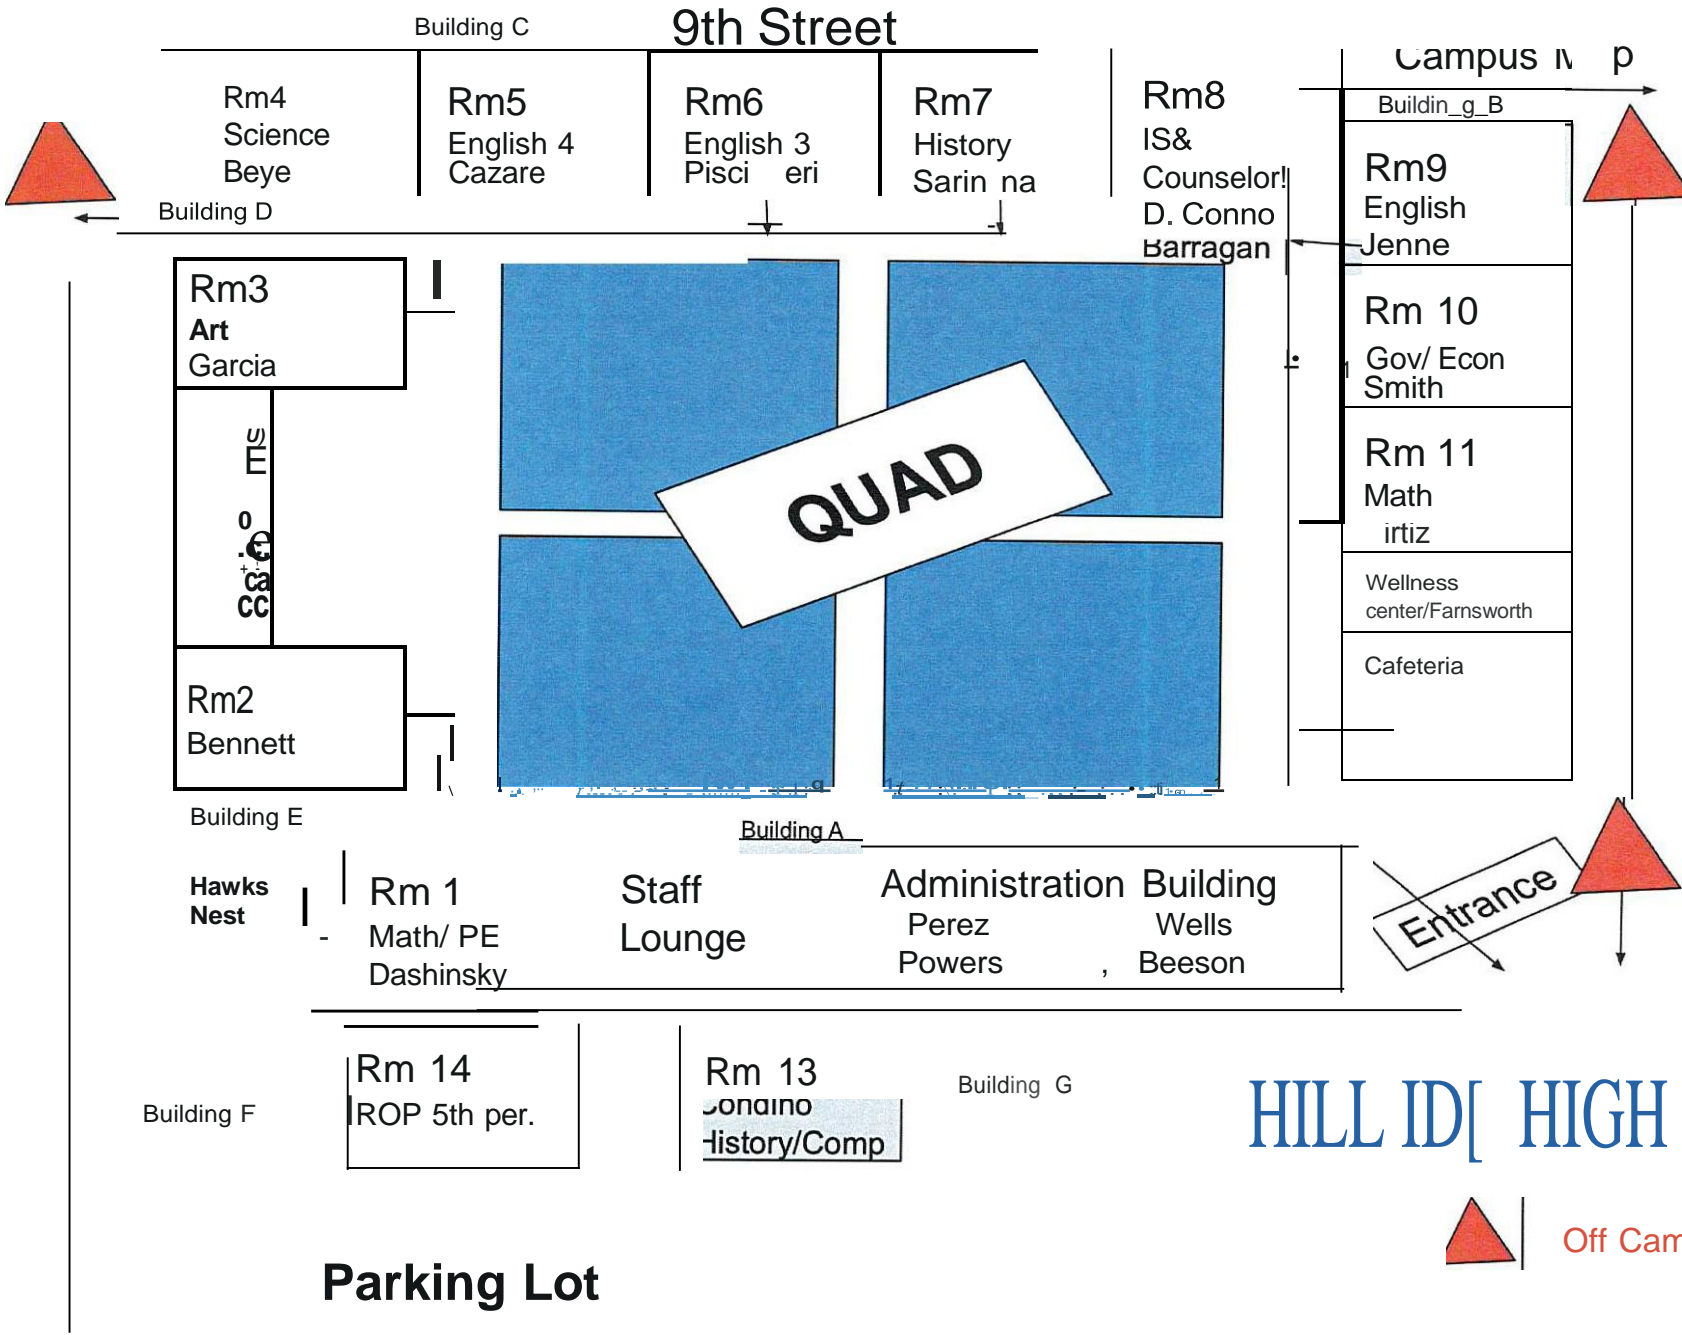

Step Seven - Revise and evaluate

This plan represents a continual safety process. Stakeholders at our school will continue to evaluate the progress and impact of the listed goals while, at the same time, starting the systematic planning process over again at the beginning of the next school year.

Safety is a process!!
