[2022 Stillwater Schoolyard Garden - Volunteers ...](#)

Any questions, please contact Elaine Makarevich at elaine.makarevich@stillwaterschool.net
Thank you!

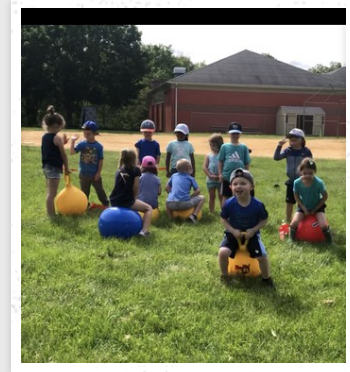

PRESCHOOL NEWS:

Preschool Field Day was a huge success thanks to the creativity and hard work of Mrs. Green. Mrs. Green came up with four fun-filled centers that kept the preschoolers fully entertained and moving! Some of the favorite activities were the water balloon toss, wet sponge toss, hoppity hop race, and sack races. The bubble machine was loved by all. The culminating activity for the preschoolers involved water balloons on a parachute. According to many preschoolers, "It was the best day ever!" Thank you, Mrs. Green!

There is more fun in store for the preschool classes. They are excited about their upcoming trip to Space Farms Zoo and Museum which takes place on June 2nd with a rain date of June 3rd.

Preschool Graduation takes place on June 8th. Mrs. Pierson and Mrs. Gryzeski's classes are at 10:30 and Mrs. Bradley and Mrs. Oatley's classes are at 1:30. Students and families are invited to join us immediately after graduation for an ice cream social. Please bring a blanket or towel to sit on!

We are looking forward to an enjoyable end to this school year! Happy Summer!

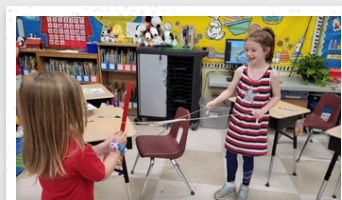

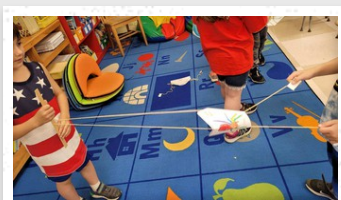

KINDERGARTEN NEWS:

The kindergarten classes have been having fun exploring and learning about ponds, insects, farm animals, and sea creatures. We have made so much progress with our writing and reading skills since September! Remember - it is extremely important to read with your children in the summer. Children that do not read lose 2-3 months of reading skills - it's called the "summer slide." So, please keep up with everything we have learned this year - especially reading. Have a safe, healthy summer and we will be ready for you in September!

FIRST GRADE NEWS:

The first-grade students got "caught" having fun in science! The students explored the huge variety of spiders that exist in the world. Each student made a spider and attached its "silk" (string) to the spider. Together, with a partner, the students made each spider climb a web. They had fun "hanging" with their friends.
