

# STILLWATER SCHOOL NEWSLETTER

APRIL 8, 2022

## IMPORTANT DATES AND REMINDERS:

Board of Education Meeting: 4/25 at 7 pm. Check the school website, under the Board Office Tab and Stillwater School Announcements, for more information.

## BREAKFAST AND LUNCH MENUS:

<https://stillwaterschool.nutrislice.com/menu/>

## FAMILY MATH NEWS:

The last class of 3rd grade Family Math was held Tuesday night. Activities enjoyed by all were the Balloon Ride, Save Twenty, NIM, and Build the Highest Tower. The estimation jar was won by Alex Zwahl. We look forward to another Family Math class next year!

Miss Johnson and Mrs. Knapp

## SECOND GRADE NEWS:

Second graders have been learning about various ways that the earth changes. We have learned about weathering, erosion, and fast and slow changes that occur on earth such as floods and earthquakes. Second graders have also recently participated in science stations to

see how models of volcanoes, erosion, and landslides change the earth. Lastly, we have learned about the effects that people have on our planet, and how human behaviors can also change the earth we live in.

## **THIRD GRADE NEWS:**

Third graders recently finished learning about area and perimeter. At the beginning of the unit, students participated in a hands-on activity using Cheez-Its to create a shape. Then they counted the Cheez-Its in their shape to find the area, and counted around the outside of their shape to find the perimeter! They also enjoyed learning a song to help them remember that  $\text{Area} = \text{Length} \times \text{Width}$ . On Thursday, students began the next unit on fractions!

## **FIFTH GRADE NEWS:**

The fifth graders have been busy learning all there is to know about fractions. Not only can these amazing students add and subtract fractions with unlike denominators, but these students can also now multiply and divide fractions as well. Fractions include working with mixed numbers and these students have spent several weeks mastering all these different skills! The students are also proficient at finding equivalent fractions as well as converting improper fractions to mixed numbers and mixed numbers to improper fractions. A very important higher-level skill these students have worked on is simplifying fractions. They learned that their "final answer" should always be in the simplest form!

The fifth graders are finishing their unit on the structure and properties of matter. The students have enjoyed making observations to identify materials based on their properties. Students know that matter is made of particles that are too small to be seen and that matter can go through physical or chemical changes.

## **6TH GRADE MATH NEWS:**

Sixth graders are working to complete a unit in math about geometry. This unit is a little different from the units we have previously explored this year, as it examines the relationships between points, lines, shapes, and the space they take up. The students began the unit by exploring how a parallelogram is related to a rectangle. They decomposed parallelograms and composed a rectangle by creating a triangle and moving it to the other side. They then developed the formula for the area of a parallelogram to be the base times the height. We extended this formula to develop the formula for a triangle which is half of a parallelogram. Once students were comfortable finding the area of parallelograms and triangles, they used these formulas to find the area of irregular shapes by "taking them apart" to find the area and then "putting them back together" to find the total area. They then learned how to find the surface area of prisms and pyramids. We will use these skills and apply them to find the volume of rectangular prisms with fractional units and then we will explore "statistical analysis." This concept will be new to most students. They will learn how to find the center and variability of a data set and use that information to solve problems and make decisions.

## MUSIC NEWS:

Students have been preparing for this year's Spring Concert: Music is a Treat! The concert will be held on Tuesday, May 3rd at 7:00 pm at Stillwater School. The following groups will be performing that evening: Third Grade, Fifth Grade, Beginning Band, and Advanced Band. Please make arrangements to ensure your child's attendance and participation in this event. Every part is important! We hope you join us for a night full of singing and instruments featuring some of our favorite snacks and treats.

Performers are asked to dress nicely, trying to avoid jeans and sneakers. Beginning Band students will report at 6:15 to the cafeteria and Advanced Band students should report to the music room at 6:15. Third and fifth graders should arrive at 6:30 to their homeroom class. If you have any questions, please contact Ms. Franck. We are looking forward to this year's Spring Concert.

## STILLWATER STUDENT COUNCIL HAS DECIDED TO HOLD A READ-A-THON!

Read-a-thons actually get your reader excited about reading and it gives friends and family the opportunity to encourage your child to read even more.

Our Read-a-thon starts Monday April 4, 2022.

We will send home instructions on how to activate your reader's personal page. This is where you will be able to view and record their progress.

We encourage you to activate your reader's account today by clicking on <https://www.read-a-thon.com/readers/r/FKSJWV/1> and following the simple instructions.

We've chosen Read-a-thon because it will not take much of your time, gives your child a reason to read and helps in the development of stronger reading skills.

We hope EVERYONE participates.

Thanks so much,

Stillwater Township Student Council

## NJSLA TESTING- SPRING 2022:

Grades 3-6 will begin NJSLA testing on Monday, May 9th. English Language Arts units are on Monday, Tuesday, and Wednesday for all grades. Wednesday's ELA unit is a NJSLA field test unit. Mathematics units are on Thursday, Friday, and Monday, 5/16, for all grades. Science

(Grade 5 ONLY) will be given on Tuesday, May 17, and Wednesday, May 18. All Makeup testing will begin on May 19. If you have any questions about testing, please contact Mrs. Roberts.

Do Your Best on the Test!!

- Get plenty of rest and be on time for school
- Have a good, nutritious breakfast
- Leave electronic devices at home
- Wear comfortable clothing (Remember...no hoodies)
- Relax and take a deep breath
- Pace yourself
- Stay positive!

## SIXTH GRADE YEARBOOK NEWS:

The 6th-grade students have all received a biography form to fill out via Google Docs. Many students have already turned them in! Please remind your child to complete it ASAP and share it with Mrs. Riva. We are also asking all 6th-grade students to submit a baby photo for the yearbook. The picture can be brought in and given to Miss Radimer or Mrs. Riva. An adult can also email the picture to [maureen.riva@stillwaterschool.net](mailto:maureen.riva@stillwaterschool.net) or [meghan.earley@stillwaterschool.net](mailto:meghan.earley@stillwaterschool.net)!

**PARENTS- IF YOUR CHILD HAS LOST A JACKET, PLEASE HAVE THEM CHECK THE LOST AND FOUND BY THE STAGE IN THE CAFETERIA.**

## NURSE NEWS:

SPRING IS IN THE AIR..... And so is POLLEN!!!!

\*\*\*Please remember, if you have 2 or more symptoms, you still need to get a COVID test or a note from a healthcare provider that clears the child to return to school\*\*\*
