NEWS FROM PRESCHOOL

Happy Spring!

Preschoolers have started a new study about pets and it is keeping them very busy! I think it is their favorite topic this year. We have been focusing on the characteristics of pets, where pets live, and how to take care of pets. The new veterinarian and grooming tools in the dramatic play area have given our little learners the chance to role play and experience first hand how to take care of pretend pets in our classroom! Future Veterinarians of America! As we study pets, we will learn concepts and skills in the areas of literacy, mathematics, science, social studies, and the arts. We will also develop thinking skills as we observe, investigate, ask questions, solve problems, make predictions, and test our ideas. Sharing stories and pictures of their own pets has been so much fun! Thank you for help and support at home!

-Mrs. Bradley

PRESCHOOL GROSS MOTOR

The preschoolers are so excited to get back outside and get some fresh air during gross motor class. We try to get outside everyday and practice all the skills we have been learning. As the weather becomes nicer, we will start riding on scooters, tricycles and low riding bicycles. The students will learn all the skills in order to pedal and navigate corners and

obstacles. They will also learn the importance of safety while riding, including wearing helmets, looking both ways and all riding in the same direction. We can't wait to get back outside!

FOURTH GRADE NEWS

Fourth Grade News - Hi, I am a fourth grader at Stillwater School. I have Math with Mrs.Celentano in the morning and it is so fun. We are learning how to add and subtract fractions and mixed numbers. In ELA, we are writing narratives with Mrs.Maeurer, and it is so amazing. My narrative is about a girl who has a fear of toes. I love that I am able to be creative with my ideas. In Social Studies, we are learning about our economy and finishing up our novel, *City of Ember*. Our last period of the day is science which is my personal favorite because we do a lot of experiments. We used a sugar cube to show how rocks are weathered and then eroded.

FIFTH GRADE NEWS:

5th Grade

In ELA, we have started our Nonfiction Unit. We looked at types of nonfiction, structures of nonfiction, how to read a nonfiction text and unlocking meaning in unfamiliar vocabulary. Students will read a variety of nonfiction texts and determine the author's purpose, main idea, and summarize information learned. We will be extending our learning about nonfiction texts to our writing unit where students will create a book about a topic in google slides.

Reminder: Our second "Coffee Hour" book report will be due on Thursday, March 31st!

In math, students are working on dividing fractions. They will be learning how to interpret a fraction as division of the numerator by the denominator and show quotients as fractions and mixed numbers. They will solve real-world problems involving division of unit fractions by non-zero whole numbers and division of whole numbers by unit fractions. A fraction with a numerator of 1 is a unit fraction. Continued practice with multiplication and division facts will help students when working with fractions. Students can always log in to Freckle and work on fact practice at any time!

FAMILY MATH NIGHT

Third grade families enjoyed another night of Family Math! Parents and children worked together doing Rainbow Logic and Calculator Paths. Congratulations to Dean Schneider who won the estimation jar of pretzels. Our last class will be held Thursday, March 27th. 3rd grade Family Math graduation will occur!

YEARBOOK NEWS

Attention 6th Grade Students and Families!

We are in the final stages of preparing the yearbook for submission. There are still quite a few students that have either not submitted a baby picture or are still missing their yearbook biography submissions. We will be reaching out to the homerooms this week to remind students to submit their picture and biography!
