

# STILLWATER TOWNSHIP

# NEWSLETTER

SEPTEMBER 30, 2022

## IMPORTANT DATES TO REMEMBER:

Board of Education Meeting: October 17, 2022 at 7:00 PM.

Title 1/ESEA/IDEA Parent Meeting 10/14/22 at 10:00 AM in CST Office (any questions please contact Marissa Cramer)

Week Of Respect 2022 10/3/22 to 10/7/22

## PRESCHOOL NEWS:

The preschoolers have been so busy in gross motor! They are learning our class routine which includes stretching, dancing and other fun activities. The classes are focused on learning various locomotor skills and spatial awareness in the beginning months of school. Walking, hopping, galloping and tiptoeing are just some examples that they have been working on. Please remember that the children have gross motor everyday, so sneakers should be worn.

## THIRD GRADE NEWS:

Third grade is working at demonstrating Stillwater School Cougar Qualities and earning Cub Bucks. Students can exchange their Cub Bucks for rewards.

### SCIENCE:

In science we are wrapping up our unit on Introduction to Science. Students are learning all about what science is, different types of scientists, science tools, science safety, and how scientists conduct experiments! To practice the scientific method we experimented with cookies in milk to test buoyancy.

### MATH:

In math, we have reviewed place value and we are practicing adding and subtracting multi-digit numbers. Students completed mystery picture pixel art among other center games to put their skills to the test.

## FOURTH GRADE NEWS:

In ELA, we have been doing a lot of reading and writing. We start our day with "Do Now" work every morning at the start of class. We complete spelling, vocabulary, reading and writing during class. I am reading a book called A Dog Like Daisy. I enjoy reading that book. In math, we are learning about the break apart strategy to help us mentally add multi-digit numbers. We have learned about comparing numbers, place value and more. We practice typing during Activity Period. In a few days we are going on a field trip to Kittatinny High School for swimming lessons. In science, we are doing a lot of presentations such as the All About Me bag and our animal structures animal study presentation. In social studies, we do our sunshine work and read magazines sometimes. We read our books, too. Fourth grade is off to a Great Start - submitted by Brian Cassera.
