MCHS

Occupational Course of Study

PREPARING STUDENTS FOR THE WORKPLACE

What is OCS?

- **OCS is the Occupational Course of Study**
- **OCS is an optional pathway that leads to a high school diploma.**
- **The program is intended to meet the educational and career development needs of a small group of students with disabilities who require a variety of substantial instructional supports and accommodations throughout the school day to access and make progress towards grade-level standards.**
- **For the 2021-22 school year, MCHS has 22 students in the program**

How does the OCS program compare to the Future Ready Course of Study?

- **OCS students are required to earn the same number of academic credits in English, Math, Science, and Social Studies as those in the Future Ready Course of Study general curriculum.**
- **Academics are provided in a small group setting through the North Carolina Virtual Public Schools through online courses. These online courses are co-taught by a certified general education teacher (online) and the F2F classroom teacher.**
- **OCS courses through NCVPS are adapted to meet academic needs of each student. They include lessons based on the standard course of study in the general education program.**

How is the OCS program different from the FRCS in the general curriculum?

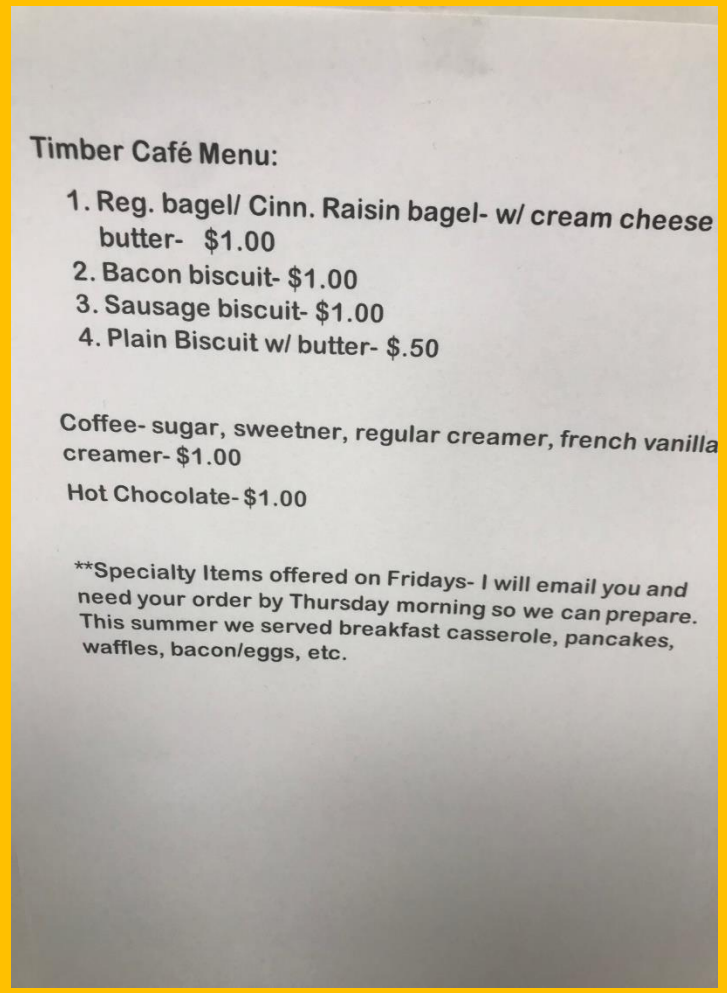

- **OCS students earn their high school diploma through a combination of academics, career technical courses, and hands-on vocational training.**
- **OCS students must meet all academic requirements, pass a minimum of 4 career technical education classes (modified), and earn 600 work hours. These hours are earned in the school-based enterprise program, community-based program, and paid employment.**
- **OCS students must also complete and present (senior year) a career portfolio that showcases their high school achievements. This includes all documented work hours earned, employment evaluations, and summaries of experience gained through vocational training opportunities.**

How do OCS students earn work-based hours?

MCHS TIMBER CAFÉ-School Based Enterprise

- **The OCS school-based enterprise at MCHS is the Timber Café. The café offers daily breakfast items, such as bacon and sausage biscuits/ bagels, coffee, and hot chocolate.**
- **Friday specials include waffles, pancakes, homemade donuts, breakfast plates (bacon &eggs), breakfast casserole, cappuccinos, and other seasonal menu items.**
- **OCS students earn school-based hours by operating the Timber Café daily Monday-Friday. This includes preparing food and beverage items and delivery to teachers/staff throughout the school and CTE building.**

OCS Students and the Timber Cafe

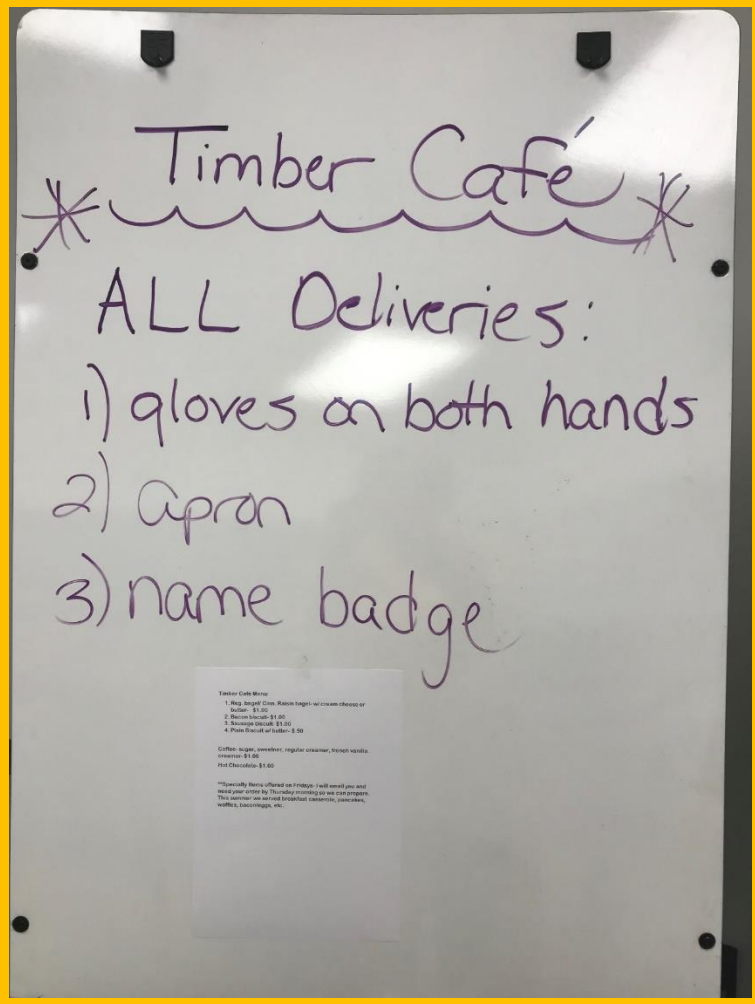

Timber Café Menu:

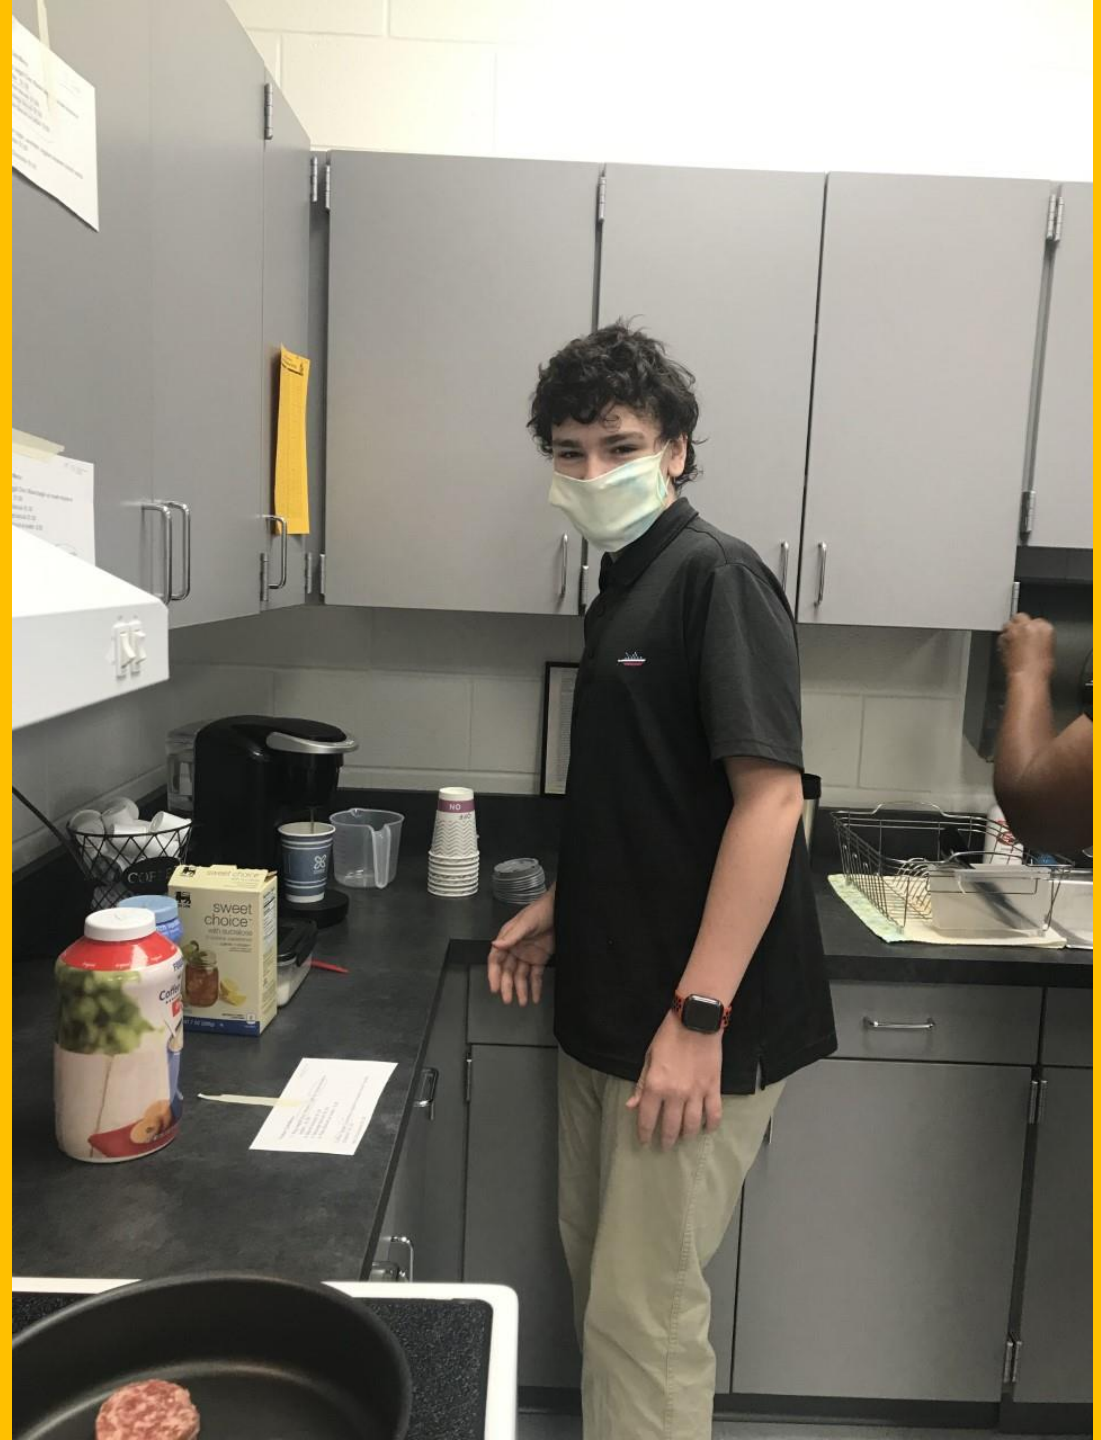

1. Reg. bagel/ Cinn. Raisin bagel- w/ cream cheese butter- $1.00
