MGES Girls As Pearls

G.A.P

Swing Phi Swing SGA

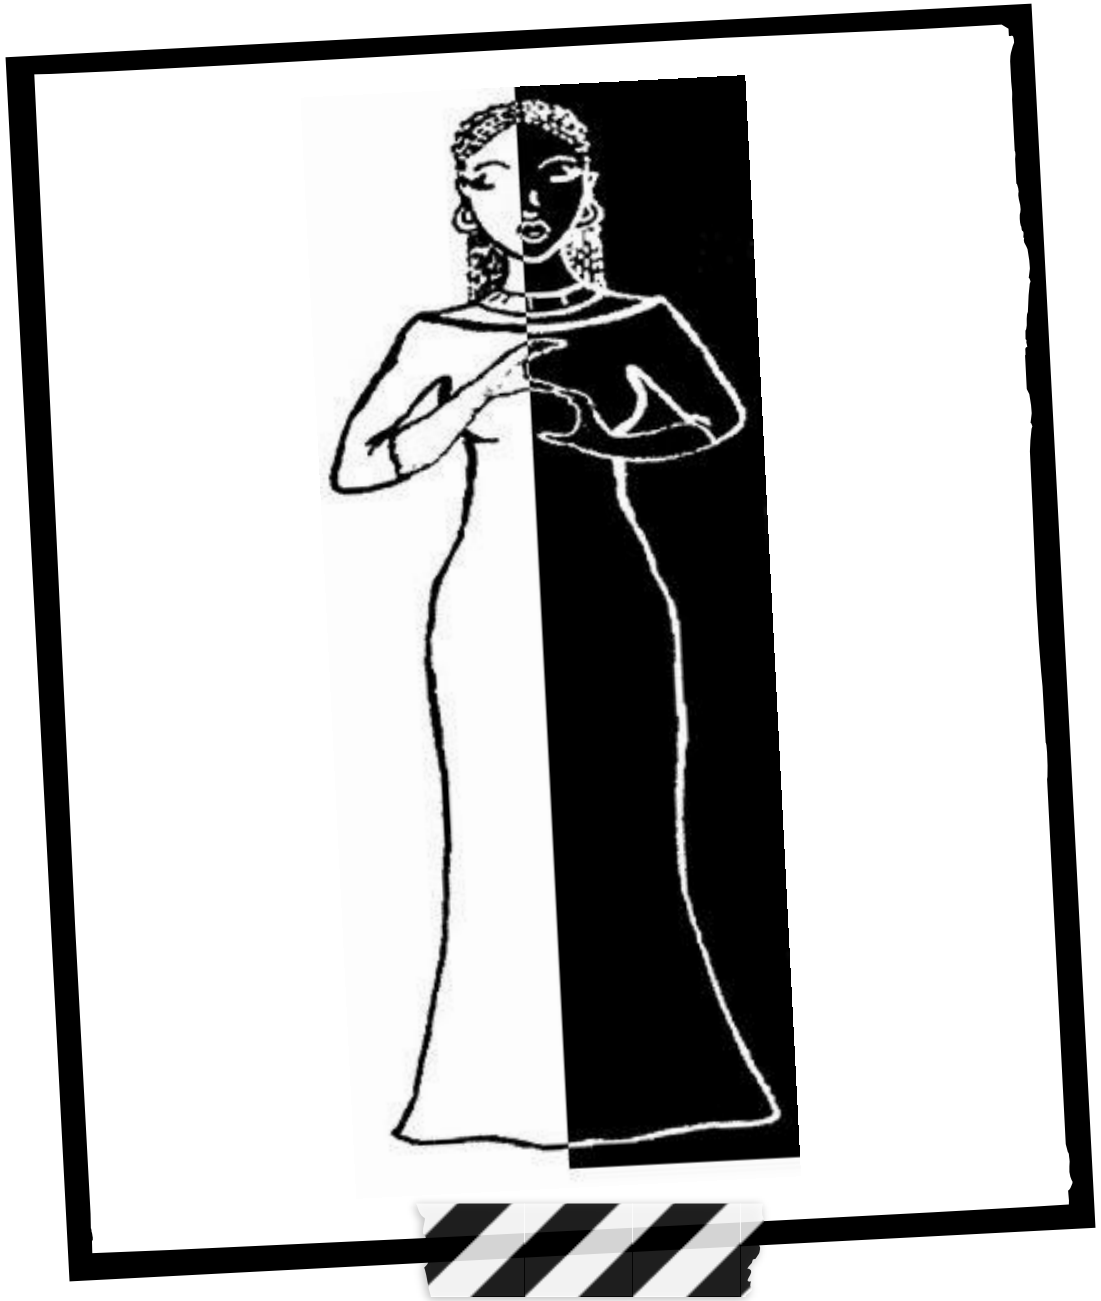

- The purpose of Girls As Pearls (GAP) is to establish mentoring relationships with students in grades 4-5 at Mt. Gilead Elementary School.
- The GAP program is the mentoring arm of the SWING PHI SWING, Inc Social Fellowship which is the acronym for Sisters With Interest Never Gone, Promoting Higher Intelligence, Supporting Women In Need Of Growth.

- The aim is to encourage and lead students toward becoming familiar with and advocates for issues and topics that affect young girls today at home, in school, and in their communities.
- We are starting out small with a max of 8 young ladies and will grow each year.
- We will meet 1-2 times a month.

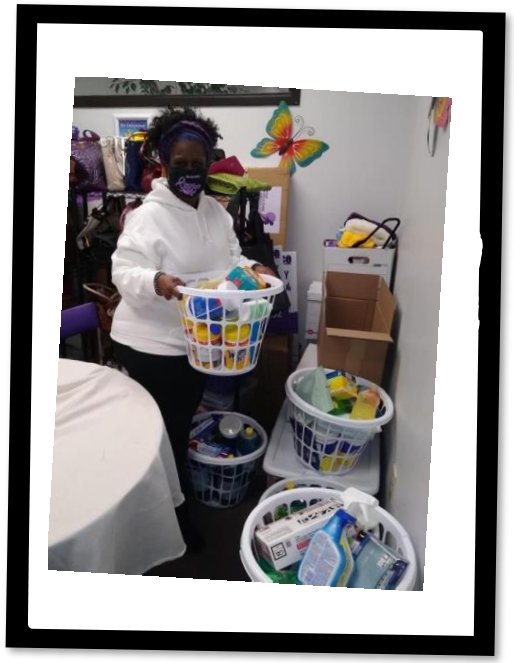

- Our group focuses on building self-esteem through supportive group meetings, enrichment activities, etiquette workshops, and community service projects.

- We these young ladies to respect themselves and others. The need for them to be successful academically is reinforced on a consistent basis. We help students develop the strengths they already have and identify new ones.
- The girls will also have assignments to complete when we are not meeting.

- **We will participate yearly in volunteer work, such as collecting socks for the Soles For the Feet project.**
- **Our sister organization has made pillowcase dresses for orphanages in Africa and made pillows for area nursing homes and rest homes. We will strive to prioritize projects that are suitable for the needs of our school and community.**

Thank you!!!

- If you have any ideas on community or school projects that need help or attention, please let us know.
