

Career and technical education, or CTE, is education that directly prepares students for high-wage, high-demand careers. CTE encompasses many different types of education, from classroom learning to certification programs to work-based learning opportunities outside the classroom. CTE Month is a public awareness campaign that takes place each February to celebrate the value of CTE and the achievements and accomplishments of CTE programs across the country. Tonight we would like to recognize the CTE teachers at MCS and MCC that help prepare our students for post secondary opportunities.
