Live Instruction Participation

Daily Assignment Participation

Non-Participation

Sustained Participation

- Engaging content provided by teachers
- Student support services
- Supported access has enabled the sustained levels of participation
  - As of September 30, 2020 we have checked out 651 hotspots impacting 1,174 students
  - We receive approximately 15 requests daily and hotspots are delivered to the schools the following day
- We have received all hotspots ordered with funds provided by the county

BOY Reading and Math Diagnostic Assessments

- RtA Legislation requires BOY, MOY, and EOY benchmark assessments be administered to all K-3 students
- For EVAAS purposes, the state will use MOY to EOY data for K-2 growth for the 2020-2021 school year
- Benchmark assessment window for BOY is the first 20 instructional days in September
- i-Ready is the approved formative/diagnostic assessment for MCS
- Administrators and teachers facilitated positive, effective communication with parents and students regarding the assessment
- Some students were assessed in the school buildings utilizing CDC protocols
